Tabled.

The following, called out of Health and Welfare Committee by Supervisor Blake for consideration by the Board sitting as a Committee of the Whole, was taken up:

Declaring policy in favor of preservation of the Allyne house and operation thereof as a public museum.

File No. 108-65-2, Resolution No.

Supervisor Blake, seconded by Supervisor Francois, moved adoption.

Deputy City Attorney Bernard J. Ward quoted Charter Section 22, which states in part that "Neither the board of supervisors, nor its committees, nor any of its members shall dictate, suggest or interfere with . . . administrative recommendations or actions of the chief administrative officer, or of department heads under the chief administrative officer, or under the respective boards and commissions." and advised the Board that the legislation under consideration would be in violation of Charter Section 22 since the Allyne house is on land under the exclusive jurisdiction and control of the Recreation and Park Department, which has taken steps to have the house demolished.

In view of the advice of Mr. Ward, the Chair declared the motion to adopt as being out of order.

Request.

Proposed amendment of Charter Section 22.

Supervisor Francois withdrew his second of the motion to adopt and requested that the City Attorney draft a proposed amendment of Charter Section 22, which he will ask the Board to submit to the electorate at the June, 1966, election, permitting the Board of Supervisors to make recommendations to City departments. Supervisor Francois stated that he believes it is unfortunate that the Board of Supervisors is precluded from recommending to City departments what it feels is appropriate action.

Motion to Table.

Supervisor Francois, seconded by Supervisor Casey, moved that the legislation be tabled.

Supervisor Blake opposed the motion, stating that if consideration were postponed one week, he believed the City Attorney could draw up acceptable legislation.

In response to a question by Supervisor Moscone, Deputy City Attorney Bernard Ward advised that rescission by the Board of its former action requiring the destruction of the house would have no effect on its ultimate disposition by the Recreation and Park Department, since the Department would not be bound by such action. The power of the Board of Supervisors lies in its control of funds.

Supervisor Ertola stated for the record that he had visited the Allyne house and had been quite distressed at what appeared to be willful destruction of portions of the interior. Supervisor Ertola continued that it appeared that some amendment of the Charter would be advisable so that the public might express its wishes through the Board of Supervisors.

Motion to table adopted by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, McCarthy, McMahon, Morrison, Tinney—7.

Noes: Supervisors Blake, Francois, Moscone—3.

Absent: Supervisor Tamaras—1.

Communications.

Supervisor Blake offered for the file communications from the Smithsonian Institute and interested persons urging the preservation of the Allyne house.

Motion to Take from the Table.

Supervisor Francois, seconded by Supervisor Blake, moved that the legislation be taken from the table so that he might offer an amendment thereto which would change the form of the legislation to an inquiry which would not be in violation of Charter Section 22.

Supervisor Morrison raised a question of order as to the propriety of the motion.

The Chair ruled out of order the motion to take from the table.

OFF-CALENDAR LEGISLATION.

Adopted.

The following recommendation of his Honor, the Mayor, was presented by the Clerk:

Leave of Absence—Thomas J. Cahill, Chief of Police, January 7-13, 1966, with permission to leave the State.

It is moved that the warrant, assessment and diagram for the improvement of 24th, Michigan, and 25th Streets, including the crossing of 24th and Michigan Streets, be and they are hereby confirmed; and the Director of Public Works be and he is hereby authorized and directed to deliver, or cause to be delivered, said warrant, assessment and diagram to the contractor.

SPECIAL ORDER—2:00 P.M.

Hearing of protests—Improvement of Ripley Street between Peralta Avenue and Alabama Street.

Board of Supervisors to hear protests, if any, of all persons interested in the following described work done or in the warrant, assessment, or diagram for pay of the cost of the same, or in any property affected thereby: Improvement of Ripley Street between Peralta Avenue and Alabama Street by Annuzzi Concrete Service, as described in Declaration of Intention, Order No. 68,257 of the Department of Public Works, dated December 18, 1964.

File No. 512-60.

The Chair inquired if anyone present desired to protest.

Leslie G. McGowan, representing the owners of Lots 10 and 11, Block 5541, and Lot 40, Block 5550, protested the improvement on the grounds that the work does not conform to specifications and that

any benefit is offset by the depreciation in value of the properties by reason that garages are inaccessible and the entrance to a downstairs apartment on one of the properties is ruined.

Mr. McGowan stated that protests were not lodged previously because property owners had not understood from representations by the City Engineer's office that the difference in grade would be so extreme. He requested either that there be no assessment against these properties for the street improvement or that proceedings be reopened so that his clients may seek their rights.

Theodore Vollenweider of the City Engineer's office stated that the improvement had been constructed in accordance with the plans and specifications. This street could not have been improved in any other way.

Mr. J. L. McNeely, 237 Ripley Street, owner of Lot 10, Block 5541, said that he had been told by the City Engineer's representatives that the street level would not be more than four feet above his property level on the high side. He has filed a claim against the City which has been denied on the grounds that he had failed to exercise his opportunity to protest the street improvement.

Upon being advised by Mr. Vollenweider that a meeting is planned between property owners and Department representatives to discuss how garages can be made accessible, Supervisor McCarthy, seconded by Supervisor Morrison, moved that consideration be continued one week.

Motion adopted by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—10.

Noes: Supervisor Blake—1.

Consideration Continued.

Passage for Second Reading.

The following recommendation of Planning and Development Committee, heretofore considered, was taken up:

(Supervisors Boas and McMahon dissenting in Committee.)

Adopting change in property use classification as an amendment to the Zoning Map of certain property on Alemany Boulevard from an R-2 to a C-2 District.

File No. 36-65-8, Ordinance No.

(Lot 1, Block 7151, and Lot 3, Block 7126A, known as 3995 Alemany Boulevard.)

Supervisor Boas explained that he had voted against the rezoning primarily because of the fears expressed by district merchants that such an establishment as that proposed would be harmful to existing business establishments and to the orderly development of commercial activities on commercially zoned property.

Supervisor Morrison urged an "aye" vote, saying that the project design is good, it has the overwhelming acceptance of residents of the area, and there seems to be little likelihood that this parcel will be developed by private interests for housing.

Supervisor Francois urged an "aye" vote because of the advantage that will accrue to the City from the creation of additional jobs and increased revenue from taxes. If the development is not permitted at this location, there seems no doubt that the property owners will look to San Mateo County for a building site.

Thomas F. Stack, attorney at law, attempted to refute alleged misstatements.

The Chair informed Mr. Stack that since the Board was not sitting as a Committee of the Whole, presentations by the public could not be made.

Passed for second reading by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Francois, Morrison, Moscone, Tamaras—7.

Noes: Supervisors Boas, McCarthy, McMahon, Tinney—4.

Consideration Continued.

The following from Governmental Services Committee with recommendation "Do Not Pass" was taken up:

(Supervisor Boas dissenting from Committee recommendation.)

Finding that the public interest and necessity require the construction of a plaza between Market and Eddy Streets west of the proposed extension of Fifth Street.

File No. 286-65-2, Resolution No.

Supervisor Morrison, seconded by Supervisor McCarthy, moved that consideration be continued to February 14, 1966.

Supervisor Morrison said that in his opinion the proposal had come to the Board in the wrong context: the extension of Fifth Street. There will be hearings late in January or early February on the City's application for a Federal grant for extension of rapid transit station mezzanines and development of plazas on Market Street. It would seem that the Board should see the total plan for development of these mezzanines and plazas before making a decision on this measure. A five-week postponement of this measure will not interfere with the extension of Fifth Street across Market Street.

Edward Murphy, Project Manager, Market Street Planning Project, spoke in favor of postponement so that the total development of Market Street can be considered at one time. In response to a question by Supervisor Moscone, he stated that property acquisition for the extension of Fifth Street would probably begin in February, and postponement of subject measure will not hold up that project. In order to receive matching Federal funds for any City funds expended, the City must wait for approval by the Federal Government of its application for funds for station mezzanine extensions and plazas.

Request Granted.

Supervisor Moscone requested that the City Attorney furnish him within five weeks an opinion as to what action the Board might take to insure that the City would maintain some control over the design of any building which might be constructed on the site in question if the area is not used for a plaza.

No objection, and Clerk directed to comply.

Motion to continue consideration to February 14, 1966, *adopted* by the following vote:

Ayes: Supervisors Boas, Ertola, McCarthy, Morrison, Moscone, Tamaras, Tinney—7.

Noes: Supervisors Blake, Casey, Francois, McMahon—4.

File No. 216-65, Ordinance No.

Supervisor McMahon stated that she would vote for the subject measure reluctantly and with the hope that it would not jeopardize discussions now being held looking toward an over-all plan for improvement of retirement benefits. She stated that it was her understanding that the Municipal Conference is in favor of a study and will support a new plan but that the Conference opposes piecemeal legislation.

Supervisor McMahon said that she feels very strongly that City employees are entitled to better benefits than they are now receiving. Since it appears that the electorate will not favor any reform without the support of the Municipal Conference and the large taxpayers, some consideration should be given to the opinion of that group.

Supervisor McMahon stated that in extending this invitation the Board should be fully aware that the last time these conventions were held in San Francisco, the City's contribution was \$400,000. Four years later it is going to be considerably higher. An invitation should not be extended unless the City is prepared to pay the cost.

SPECIAL ORDER—2:00 P.M.

Hearing of protests—Improvement of Ripley Street between Peralta Avenue and Alabama Street.

Board of Supervisors to hear protests, if any, of all persons interested in the following described work done or in the warrant, assessment, or diagram for pay of the cost of the same, or in any property affected thereby: Improvement of Ripley Street between Peralta Avenue and Alabama Street by Annuzzi Concrete Service, as described in Declaration of Intention, Order No. 68,257 of the Department of Public Works, dated December 18, 1964.

File No. 512-60.

Theodore Vollenweider, representing the City Engineer, stated that the street is in proper condition to be accepted and it is the Department's recommendation that the Board confirm the assessments.

In response to a question by Supervisor Ertola, Bernard Ward, Deputy City Attorney, advised the Board that it is the City Attorney's opinion that if the Board finds that one or more parcels were, in fact, not improved by the paving of the street, the Board can direct that the properties not be assessed for the work. However, it was Mr. Ward's understanding that there would have to be a reassessment of the entire project for the purpose of considering the effect upon other parcels of property.

William P. Cassidy, owner of Lot 11, Block 5541, repeated his reasons for protesting, as contained in the file. He requested that the assessment against his property be eliminated entirely.

Theodore Vollenweider stated that the Department disagrees with Mr. Cassidy. The land has been benefited. It would be the province

of a court of law to determine if the improvement on that land has been damaged.

Supervisor Francois asked Mr. Cassidy if he would be willing to agree that the assessment for street improvement be considered as an off-set to any damages which might be awarded him in the event he were to prevail in a court action for inverse condemnation.

Mr. Cassidy stated that he would agree if the property were restored to a proper condition and consideration given to aesthetic loss. He added that if he were to prevail in a court action brought for inverse condemnation of his property, he would be willing to pay the assessment.

Deputy City Attorney Ward said he would like to investigate whether such a set-off agreement could be entered into.

Supervisor Ertola suggested the possibility of protestants' waiving their right to bring a court action for inverse condemnation.

Messrs. J. L. McNeely and J. A. Pareti, owners of Lot 10, Block 5541, and Landis Everson, owner of Lot 40, Block 5550, also indicated their willingness to attempt to work out with the City Attorney a mutually agreeable settlement.

Supervisor Francois, seconded by Supervisor Ertola, moved that the hearing be continued to January 24, 1966, at 2:00 p.m., and that in the meantime, the City Attorney be requested to explore with protestants the alternatives suggested: (1) waiver of protestants' right to bring court action in exchange for the City's assumption of the improvement costs, and (2) application of assessments as off-sets against any judgments awarded in court actions brought for inverse condemnation of the properties.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—10.

Absent: Supervisor Casey—1.

Consideration Continued.

The following from Governmental Services Committee, heretofore considered, was taken up:

Presentation of Guests.

The Chair introduced and welcomed Mr. Carlos Naudon de la Sotta, writer and attorney, from Chile, and his escort and interpreter, Mr. Gonzalo E. Rubiano of the United States Department of State.

Hearing Concluded.

SPECIAL ORDER—2:00 P.M.

Hearing of protests—Improvement of Ripley Street between Peralta Avenue and Alabama Street.

Board of Supervisors to hear protests, if any, of all persons interested in the following described work done or in the warrant, assessment, or diagram for pay of the cost of the same, or in any property affected thereby: Improvement of Ripley Street, between Peralta Avenue and Alabama Street by Annuzzi Concrete Service, as described in Declaration of Intention, Order No. 68,257 of the Department of Public Works, dated December 18, 1964.

File No. 512-60.

Deputy City Attorney Bernard Ward was requested to report on the result of his conferences with protestants.

Mr. Ward stated that Mr. Landis Everson, owner of Lot 40, Block 5550, and Messrs. J. L. McNeely and J. A. Pareti, owners of Lot 10, Block 5541, have agreed to waive their right to bring a court action against the City for damage to the improvements on their property. Mr. and Mrs. William P. Cassidy, owners of Lot 11, Block 5541, have entered into a covenant which would protect the City up to the amount of the assessment in the event sums are awarded in an action brought for inverse condemnation.

The Chair thereupon declared the hearing concluded.

Adopted As Amended.

The following from Governmental Services Committee was taken up:

Motion—Confirming warrant, assessment and diagram for the improvement of Ripley Street between Peralta Avenue and Alabama Street and directing the Director of Public Works to deliver said warrant, assessment and diagram to the contractor.

It is moved that the warrant, assessment and diagram for the improvement of Ripley Street between Peralta Avenue and Alabama Street be and they are hereby confirmed; and the Director of Public Works be and he is hereby authorized and directed to deliver, or cause to be delivered, said warrant, assessment, and diagram to the contractor.

File No. 512-60.

Motion to Amend.

Supervisor Ertola, seconded by Supervisor Tinney, moved that assessments against Lot 40, Block 5550, and Lot 10, Block 5541, be reduced to nil and that the City assume the cost of the assessments against these properties.

Supervisor Francois moved, as an amendment to the motion, that assessments against Lot 40, Block 5550, Lot 10, Block 5541, and Lot 11, Block 5541, be reduced to nil.

Supervisor Tinney objected to the amendment as proposed by Supervisor Francois on the ground that the amendment is foreign to the pending motion.

Supervisor Francois thereupon withdrew his motion to amend, stating that he would move reduction of assessment against Lot 11, Block 5541,

later in the proceedings.

Motion adopted by the following vote:

Ayes: Supervisors Boas, Ertola, Francois, McCarthy, Morrison, Moscone, Tamaras, Tinney—8.

Absent: Supervisors Blake, Casey, McMahon—3.

Motion to Amend.

Supervisor Francois, seconded by Supervisor Moscone, moved that the assessment against Lot 11, Block 5541, be reduced to nil and that the City assume the cost of the assessment against this property.

Supervisors Ertola and Tinney spoke in opposition to the motion stating that the damage to subject property was no worse than that to other properties. They questioned the right of the Board to exact complete releases from the other three property owners in exchange for a cancellation of assessment and then permit this property owner to retain his right to bring a court action.

Supervisors Francois and Moscone spoke in favor of the motion, stating that the property owner will not, in any event, enjoy double recovery. The evidence does not justify a finding by the Board that the properties of the other protestants were damaged but that the subject property was benefited.

Motion adopted by the following vote:

In response to questions by Supervisor Morrison, Mr. Mellon said that it is his intention to present a final report to the Board on February 14, 1966, which report will include a statement of alternatives, with recommendations. He continued by saying that it appears that both traffic arteries will be necessary for the best solution of the traffic problem.

In view of the fact that the Chief Administrative Officer will be making his final report to the Board on February 14 and that public hearings must be held within the two weeks immediately following that presentation, Supervisor Morrison requested that Mr. Mellon make arrangements to reproduce a sufficient number of copies of the report and recommendations so that copies can be distributed promptly to the public. Supervisor Morrison stated that he felt this to be important enough to warrant an additional appropriation of funds, if necessary, to cover the cost.

Refused Adoption.

Motion to Set Date for Board Sitting as a Committee of the Whole.

Supervisor Francois moved that a date be set for an evening the week of February 14 for the Board to sit as a Committee of the Whole for the purpose of receiving Mr. Mellon's report.

Supervisor Ertola stated that he would favor the report to the Board being made on the fourteenth, after which the Board can decide on the time and place for public hearings.

At the request of Supervisor Tinney, Supervisor Francois amended his motion as follows: That the Board set a date sometime during the week of February 14, in the evening, for the Board to sit as a Committee of the Whole for the purpose of holding a public hearing. Supervisor Tinney seconded the motion.

Supervisor Morrison suggested that the public hearing be held on Wednesday, February 23, in order that the community might have a week to ingest the material in the report.

Supervisors Blake, Boas, and Ertola spoke in opposition to the motion that the Board sit as a Committee of the Whole, stating that they felt the committee system serves the citizens well and that public hearings on the subject matter should be conducted by the Streets and Transportation Committee of the Board.

Supervisor Francois explained that he had made his motion because of the limitation of time and because he had assumed that all members

of the Board would have questions to ask and would want to be fully informed.

Supervisor McCarthy suggested that Supervisor Francois amend his motion to provide that hearings would start in the afternoon, to continue until a reasonable hour and that at least two meeting dates be set so that a full hearing can be had.

Motion refused adoption by the following vote:

Ayes: Supervisors Francois, Morrison, Moscone, Tinney—4.

Noes: Supervisors Blake, Boas, Ertola, McCarthy, Tamaras—5.

Absent: Supervisors Casey, McMahon—2.

Consideration of Use of Tunnels.

Supervisor Blake referred to an article in the Municipal News of January, 1966, concerning a proposal that tunnels be constructed under all major United States cities to provide for high-speed transit in peacetime and shelter in the event of a nuclear war, and asked Mr. Mellon if any consideration had been given to such a proposal. Mr. Mellon stated that the study had been confined within the provisions of the resolution directing the study adopted by the Board.

Consideration of Golden Gate Aquatic Freeway Proposal.

Supervisor Francois asked that Mr. Mellon get some clarification from the State as to whether or not public hearings by the State would be necessary if the Board desired to have adopted all or part of the proposed Golden Gate Aquatic Freeway plan.

Mr. Mellon stated that this proposal was being examined but as far as he was aware, only known, conventional methods of construction are being considered.

The President thereupon ruled that public hearings would be held by the Streets and Transportation Committee.

Hearing Held.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

Monday, February 7, 1966—2:00 P.M.

In meeting of the Board of Supervisors, San Francisco, Monday, February 7, 1966—2:00 P.M.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Casey, Ertola, Francois, McCarthy, McMahon, Morrison, Moscone, Tamaras, Tinney—10.

Absent: Supervisor Boas—1.

Quorum present.

President Peter Tamaras presiding.

Approval of Journal.

There being no objection, the Journal of Proceedings for the meetings of Monday, January 17, 1966, and Monday, January 24, 1966, were considered read and approved.

Hearing Held.

SPECIAL ORDER—2:00 P.M.

Hearing of all persons interested in or objecting to the proposed vacation of a portion of San Jose Avenue between Twenty-Sixth and Army Streets; and rescinding Resolution No. 754-65.

File No. 429-65.

Raymond H. Levy, Attorney at Law, representing Mr. and Mrs. Stanley T. Allred, owners of lot on the northwest corner of San Jose Avenue and Army Street, requested that Supervisor Francois disqualify himself from voting on this matter on the grounds that Supervisor Francois has had a lawyer-client relationship with certain persons interested in this matter.

Supervisor Francois stated that he knew of no reason to disqualify himself and declined to do so. Mr. Levy accepted Supervisor Francois' statement.

Mr. Levy read to the Board his letter of February 1, 1966, to the Salvation Army, stating his clients' objections. Mr. Levy continued by saying that his clients had purchased this lot from the City. At the time of purchase they were entitled to full use of both San Jose and Army Streets. If the City desires now to deviate from the terms of the sale, such street vacation would deprive Mr. and Mrs. Allred of the full use of their property, which would reflect upon the value of the property.

Alexis J. Perillat, Attorney at Law, representing the Golden Gate Medical Group, located at 3620 Army Street, objected to the proposal, stating that from 125 to 150 patients visit his clients' building each day. The street vacation would make access extremely difficult. The only really convenient access is via San Jose Avenue between Twenty-Sixth and Army Streets.

Major George Duplain of the Salvation Army spoke in favor of the street vacation. He stated that the purpose of the request was to eliminate and alleviate the traffic hazard which now exists. He stated that the Salvation Army makes a major contribution to the area and that the proposed construction which requires the street vacation would be a major improvement.

All speakers were allowed rebuttal period.

The Chair thereupon declared the hearing concluded.

Referred to Committee.

The following from Governmental Services Committee was taken up:
Ordering the vacation of a portion of San Jose Avenue between Twenty-Sixth and Army Streets.

File No. 429-65-4, Resolution No.

Supervisor Ertola, seconded by Supervisor Francois, moved referral to Committee for further exploration.

No objection; referred to Streets and Transportation Committee.

The following from Legislative and Personnel Committee with Recommendation "do pass after amendment," heretofore considered, was taken up:

Salary Standardization Ordinance, Charter Sections 151 and 151.1, effective July 1, 1966, for miscellaneous employees.

An ordinance fixing and determining schedules of compensation to be paid municipal officers and employees and non-certificated employees of the San Francisco Unified School District whose offices and positions are allocated to classifications specified herein and compensations for which are subject to the provisions of Sections 151 and 151.1 of the Charter, establishing work schedules and conditions of employment, and method of payment for various work schedules; providing that the said schedules of compensation shall be effective beginning July 1, 1966.

File No. 270-65-2, Ordinance No.

STATEMENT BY SUPERVISOR MOSCONE.

Your Legislative and Personnel Committee presents to you today its recommendations in connection with File No. 270-65-2, the Salary Standardization Ordinance of 1966 for Miscellaneous Employees pursuant to Sections 151 and 151.1 of the Charter.

GENERAL CLASSIFICATION SURVEY: Incorporated in the Salary Standardization Ordinance for 1966 are new numerical classification designations for existing alphabetical classifications where no status problems are involved. Where status problems are involved the existing alphabetical-numerical designations have been retained. When those problems have been resolved, it is anticipated that numerical designations solely will be assigned all classes of employments.

ADMINISTRATIVE PROVISIONS: The Civil Service Commission has considered and decided upon numerous and varied requests for amendments to the administrative provisions of the Salary Standardization Ordinance, affecting working conditions of the employees involved.

Culminating its considerations the Commission has forwarded to the Board of Supervisors the administrative provisions as recommended by the Commission. A copy is before each Board member, accompanied by a letter of explanation of the recommended deletions, additions, and revisions.

The Legislative and Personnel Committee studied intensively these administrative provisions, giving careful attention to representations made both verbally and in writing by interested individuals and representatives of organizations. As a result, the Committee recommends that the Board approve and adopt only the amendments to the administrative provisions of the Salary Standardization Ordinance appearing in the copy before you. Any additions or deletions proposed by the members would have to be the subject of an appropriate motion.

Briefly, the changes recommended in the administrative provisions are as follows:

Section II (A). Excepts positions related to classes under Section

151.3 from normal work day of eight hours completed within nine hours and normal work week of a tour of duty on each of five consecutive days a week.

Section III (B). Provides that compensations for part-time services not specifically established by the Salary Standardization Ordinance shall be based and calculated upon the compensation fixed for full time or normal schedules with regard to seniority of service.

Section IV (A). Provides that Morgue Attendants shall be added to the list of persons who receive additional compensation because of continuous direct and personal contact with persons suffering from contagious diseases.

Section V (A). Permits Civil Service Commission to determine whether work in excess of eight hours per day performed within a sixteen hour period following the end of the last preceding work period shall constitute overtime or shall be deemed to be work scheduled on the next work day.

Section V (B). Provides that overtime work for positions related to craft rates under Section 151.3 shall be any work performed beyond normal work schedules for said craft.

Section VI (A). Seventh paragraph. Provides that employees who work in services conducted on a sixteen hour, seven day week basis whose weekly holidays are changed because of shift conditions shall be allowed another day off if a legal holiday falls on one of the days off.

Section VI (A). Deletes language referring to specific legal holidays falling on Saturday for the fiscal year 1966-67.

Section VII (B). Provides that Civil Service Commission may increase salary of an employee who receives less in a promotive class than he would have had he remained in the lower class from which he was promoted to an amount equivalent to the salary for said lower class.

Section IX (A-1). Adds Class 1932, Assistant Storekeeper, and Class 7530, Street Cleaner, to list of classes who shall advance to successive steps upon completion of six months' service in each step.

Section IX (A). Deletes former Paragraph 3 relating to seniority increments for certain persons who occupied permanent positions as of January 30, 1963.

It is the recommendation of your Legislative and Personnel Committee that such proposed amendments to the administrative provisions of the Salary Standardization Ordinance be adopted, and therefore they are included in the comprehensive motion for amendment with which I opened these remarks.

SCHEDULE OF COMPENSATIONS: The Legislative and Personnel Committee presents to the Board its recommendations for amendment of the schedule of compensations. The members of the Committee have made their recommendations with a full awareness of the needs of the community, the services rendered by the employees, the requirement for maintenance of equitable relationships, and the provisions of Charter Sections 151 and 151.1, as well as the property tax base.

Each schedule number represents approximately a 2½% increase above the next lower schedule number and each full schedule (for example, Schedule 21 compared with Schedule 20) represents approximately a 5% increase above the next lower schedule.

The miscellaneous employees of the City and County of San Francisco, those covered by the Salary Standardization Ordinance before you today, number 12,198, divided into 1,162 classifications.

I quote the following tabulation showing, generally and approximately but as accurately as possible, the increases provided for miscellaneous employees in 1965 and those which this year are recommended by the Civil Service Commission and/or Legislative and Personnel Committee:

Classes and Positions Recommended for Increases by Civil Service Commission:

	<i>Classes</i>	<i>Positions</i>	<i>Cost of Increases</i>	<i>Cost of Retirement</i>
1965	1,130**	11,261**	3,366,781	336,678
1966	751*	7,851*	3,248,077	194,886

**All classes and employments recommended for increase.

*411 classes, 4,347 positions not included for increase by Civil Service Commission:

Classes and Positions Recommended for Increases by the Legislative and Personnel Committee Additional to Those Recommended by the Civil Service Commission:

	<i>Classes</i>	<i>Positions</i>	<i>Cost of Increases</i>	<i>Cost of Retirement</i>
1965	179	1,639	313,956	31,395
1966	330	6,150	894,228	53,653
	<i>Classes</i>	<i>Positions</i>	<i>Cost of Increases</i>	<i>Cost of Retirement</i>
Total 1965	1,130	11,261	3,680,737	368,073
Total 1966	969	11,942	4,142,316	248,539

It should be noted that of the total amount of increases granted, the Civil Service Commission estimates that approximately \$200,000 is attributable to new positions created during the period which has elapsed since March, 1965.

Also noteworthy is the total requested amendments, referred by the Board to the Civil Service Commission on February 14, 1966, aggregating \$7,124,599, which was in addition to the \$3,131,500 previously recommended by the Commission on January 28, 1966.

It is to be emphasized that the total costs involved will not necessarily be reflected in the forthcoming fiscal year's budget total. Many of the employees affected have not yet, nor will they in the next succeeding fiscal year or possibly three fiscal years attain the maxima of their respective salary ranges.

The Committee is preparing for Board consideration a resolution urging enactment of State legislation which will provide for a com-

pensating day off for employees when a holiday falls on a Saturday. State action is necessitated by current requirements that county offices remain open on specified week-days.

With an awareness of the Civil Service Commission's sole jurisdiction over classification of positions, your Committee is calling the Commission's attention to the apparent desirability of eliminating the G-3 Real Property Appraiser classification, granting incumbents status rights to the Senior Real Property Appraiser classification, so as to eliminate conflicts between G-3 and 4270 Real Property Appraisers.

Your Legislative and Personnel Committee, Supervisor Roger Boas, Supervisor John A. Ertola, and the writer, has held nine separate sessions of several hours duration each, during daytime, evening, week-end and holiday hours, in order to give mature deliberation to the important matter of salary standardization. It has conducted an exhaustive study of the data submitted by the Civil Service Commission, individual employees, other interested persons, and organizations. The counsel of all members of the Board was cordially invited at any or all of those meetings, and the Committee welcomed that which was offered. It was particularly encouraging to note that most of the other Board members were in attendance at one or more of our meetings.

The Committee members are grateful for the full measure of advice which their Board colleagues so cooperatively offered.

MOTION.

Supervisor Moscone, seconded by Supervisor Boas, as a recommendation of the Legislative and Personnel Committee, and as a substitute for the amendments proposed by the Board of Supervisors on February 14, 1966, to the schedule of compensations submitted by the Civil Service Commission on January 28, 1966, and revised by the Commission on February 21, 1966, moved that the compensations set forth in the Legislative and Personnel Committee recommendations be approved and adopted; that the schedule of compensations so amended be included in File No. 270-65-2, the Salary Standardization Ordinance of 1966 pursuant to Charter Sections 151 and 151.1; and that the amendments to the administrative provisions of said Ordinance, recommended by the Legislative and Personnel Committee and more specifically set forth in Supervisor Moscone's statement concerning the Ordinance, be approved, adopted, and included in said Ordinance.

Supervisor Francois, seconded by Supervisor Morrison, moved that salary for Class 2727 School Custodian, Foreman, be increased from \$488-593A (Schedule 19.5) to \$500-607A (Schedule 20).

Motion adopted by the following vote:

Request.

Supervisor McCarthy stated that he had been advised that comparability has existed in past years between salaries for classes S114 Claims Investigator and 8158 Claims Investigator, on the one hand, and for classes 8142 Public Defender's Investigator and 8146 District Attor-

ney's Investigator, on the other hand. In response to questions by Supervisor McCarthy, the General Manager, Personnel, stated that there have been no changes in duties of any of the positions during the last year; however, the positions do not have the same responsibilities and there is no necessary relationship between salaries.

Supervisor McCarthy requested that the committee take cognizance next year of the fact that salaries for these classifications have been comparable in former years and that there have been no changes in duties to justify comparability not being continued.

Adopted.

Motion.

Communication.

Request for Continuation.

The Clerk presented a statement by Supervisor Blake, reading as follows: "I regret that I am not able to be in attendance at today's meeting to discuss the all-important problem of the Panhandle and Golden Gate freeway.

"Unfortunately, today commences my annual tour of active duty with the United States Navy.

"I vigorously opposed construction of either the Panhandle freeway or the Golden Gate freeway because I believe it would be detrimental to the City and County and would not serve the purpose intended.

"I voted against the resolutions which were prepared in Committee and also against the conditions which were included therein.

"As an elective representative of all the people, I respectfully request that this Board take no action on the matter until I return from my military leave in approximately three weeks."

Motion to Continue Consideration.

Supervisor Moscone, seconded by Supervisor Francois, moved that consideration be continued to March 21, 1966, at which time, hopefully, the full Board membership will be present.

Supervisor Moscone urged an "aye" vote on the motion, saying that March 1 was not an inflexible deadline. Because the question before the Board is of such great importance, the full Board should be present; and, because Supervisor Blake has been the Board's most vociferous opponent of the freeways, he should be present during discussion and the reaching of a decision.

Supervisor Francois concurred in Supervisor Moscone's statement and stated that the Board should have estimates of the cost of construction before making a decision.

Supervisor Morrison spoke against the motion, saying that Super-

visor Blake has announced his opposition very clearly and his presence or absence will not affect the outcome. Because of that fact, and because there is a critical need for some demonstration on the part of the City that it is ready to go ahead, the Board should vote now.

Supervisor McCarthy stated that he would support the motion to continue because the motion is consistent with the Board's action in the past when members have asked for postponement and because, in his opinion, it is important that the Board have some specific cost estimates on design amenities.

Supervisors Casey and Tinney spoke in favor of continuing consideration until Supervisor Blake's return.

Stating that the sentiment of the Board was clear, Supervisor Morrison withdrew his opposition.

Motion to continue consideration to March 21, 1966, adopted by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, Tinney—10.

Request.

Estimate of Cost of Design Embellishments Proposed for Golden Gate and Panhandle Freeways.

Supervisor McCarthy requested that the Chief Administrative Officer

advise the Board what steps should be taken in order that estimates might be prepared on the cost of the design embellishments proposed for the Golden Gate and Panhandle Freeways by the City's urban design consultants.

Chief Administrative Officer Thomas J. Mellon advised that none of the funds appropriated for the freeway studies had been used for this purpose because it was felt that the question of cost of design embellishments was a problem with which the Federal and State governments were concerned. If the Board wishes to have such estimates prepared, an appropriation of funds therefor will be required.

Reference to Committee.

There being no objection, Supervisor Francois presented the following out of order:

Recommending determination of the feasibility of establishing a general relocation office for persons relocated by public improvements and procuring funds therefor.

File No. 169-66, Resolution No.

Referred to Streets and Transportation Committee.

Adopted.

Motions to Amend.

There being no objection, Supervisor Morrison presented Streets and Transportation Committee recommendations for amendment to the following recommendations of that Committee appearing on the calendar under "New Business" and heretofore considered:

File No. 391-65-4, Resolution No.

Accepting report of Chief Administrative Officer and approving recommendations therein regarding the Golden Gate Freeway route, with conditions.

File No. 391-65-5, Resolution No.

Supervisor Morrison, seconded by Supervisor Ertola, moved that the foregoing File Nos. 391-65-3, 391-65-4, and 391-65-5 be amended as follows:

Delete existing condition No. 2 in the first "Resolved" and insert the following:

"2. That prior to the City and County of San Francisco entering into any freeway agreement with the State of California for the closing

of streets necessary for the construction of any freeway in the two corridors in accordance with Section 100.2 of the Streets and Highways Code, the City and County of San Francisco and the State of California must enter into an agreement which will specify the major design elements presently contained in the report of the design consultant or any change in said design that is agreed to by the City and County of San Francisco, including, but not limited to, number of lanes, speed standards, amount of and type of tunneling, either bore or cut and cover, amount of park lands restored and the number and method of restoration of trees. Said agreement shall provide that any violation of the terms thereof shall constitute a material breach thereof and the City and County of San Francisco shall have the option of deeming such breach as grounds for rescission of any freeway agreement relating to the closing of streets in either corridor entered into between the City and County of San Francisco and the State of California."

Motion adopted by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, Tinney—9.

Absent: Supervisors Blake, Moscone—2.

Supervisor Ertola, seconded by Supervisor Morrison, moved that the foregoing File Nos. 391-65-3, 391-65-4, and 391-65-5 be amended as follows:

After paragraph No. 7, add:

"8. That the freeway to be constructed in the Golden Gate corridor be cut and cover tunneling from Laguna Street to its point of surfacing west of the Palace of Fine Arts.

"9. That the alignment of any freeway through the Golden Gate corridor be described as the Embarcadero Alternate."

Motion adopted by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, Tinney—9.

Absent: Supervisors Blake, Moscone—2.

Reference to Committee.

Motion to Amend.

Supervisor Francois moved that the foregoing File Nos. 391-65-3, 391-65-4, and 391-65-5, be amended as follows:

"Add as condition No. 10: If, for any reason, the various conditions imposed by the City are unacceptable to the United States Bureau of Roads, the agreement between the City and the State shall be null and void and of no legal effect."

Motion referred to Streets and Transportation Committee.

There being no one else present desiring to speak in opposition, the Chair called upon those persons who wished to **cross-examine opponents**.

M. Justin Herman, Executive Director of the Redevelopment Agency waived the right to cross-examine opponents.

The Chair recalled that at the hearing of February 21, 1966, Jack Bartalini expressed the desire to question Robert Lilienthal, Chairman, Social Planning Committee, United Community Fund. Mr. Lilienthal now being present, the Chair called upon Jack Bartalini to proceed with his questioning. There was no response.

Mary Hall, representing Hawthornewhite Enterprises, Inc., was granted permission by the Chair to question M. Justin Herman and Franklin H. Lyons of the San Francisco Real Estate Board. As the result of such questioning, Joseph Rogers, Attorney, member of the Real Estate Board of Directors, testified as to Mr. Lyon's authority to speak for the Board.

The following presented by the Clerk were taken up:

Approving redevelopment plan for the Yerba Buena Center Approved Redevelopment Project Area D-1 and designating same as the official redevelopment plan for said project area.

File No. 91-65-2, Ordinance No.

For the guidance of the Redevelopment Agency, Supervisor Francois stated that some of the matters which concern him are as follows:

Establishment of an appeal procedure board for handling differences between the Agency and residents in the matter of relocation of residents;

Location of permanent rehousing for residents;

Provision of more housing for the elderly, with related commercial establishments which would cater to the needs of residents;

Consideration by the Agency of inclusion of some dormitory-type housing with eating facilities.

Supervisor Francois suggested that the proposals of the President of the Social Services Commission included in her statement to the Board on February 14 (a copy of which is contained in the file) be written into the requirements for approval by the Board and that the Redevelopment Agency cooperate fully toward inclusion of a University of California campus in the area.

Adopted.**Motion to Continue Consideration.**

Supervisor Morrison, seconded by Supervisor Moscone, moved that consideration be continued one week during which time members of the Board might formalize their opinions. Supervisor Morrison stated that—after a good deal more consideration—he would like to argue before the Board reservations he has about the advisability and feasibility of building a sports and convention center in the area, and the relocation program for residents and industries.

Mr. Herman stated the Agency would prepare a resolution for the Board's consideration next Monday covering the concerns voiced by Supervisor Francois. If the proposal meets with the Board's approval, it could then be presented to members of the Redevelopment Agency for their approval. In order that the Agency might be more effective in preparing such a resolution, Mr. Herman requested some guidance from the Board concerning material desired to be incorporated therein.

Supervisor McCarthy stated that in his opinion the Board should have some definite answers as to the possibility of providing priorities for land for industrial relocation and also cost estimates of programs carrying out proposals of the President of the Social Services Commission and the Director of Public Health for establishment of a social planning committee.

Supervisor McCarthy asked for more detailed information concerning proposed project "Head Start," and the possibility of including additional public housing in an expanded area.

Appropriating \$25,000, Public Works, Road Fund, for preparing estimates of the cost of embellishments to the Golden Gate and Panhandle Freeways proposed by urban design consultants Mario Ciampi and Associates and John Carl Warnecke and Associates, and incorporated in report of the Chief Administrative Officer and Coordinator of Housing, Planning and Development.

File No. 391-65-6, Ordinance No.

Chief Administrative Officer Thomas J. Mellon explained that he had called a meeting of the City's advisory committees, consultants, and representatives of the State Division of Highways to discuss and define what might result from the work proposed to be done under the subject appropriation. The consultants will not be able to obligate themselves for further work until a contract is certified; however, they are conferring at the present time and doing some interpretative work in order to give the State Division of Highways engineers an idea of

the proposed freeway construction. Mr. Mellon stated that it will be impossible to estimate costs in the time available. It would cost about a quarter of a million dollars to arrive at accurate estimates of the cost of a construction of this size.

Supervisor Francois said that he was prepared to change his vote because he now does not think the City should spend money on this project. Mario Ciampi, the City's design consultant, has indicated that it would take a great deal of time to interpret his concepts in a manner on which engineers could estimate costs.

Supervisors Morrison and Tinney spoke in favor of the proposed appropriation because—while complete information will not be forthcoming—some significant information will be developed, and the Board should have before it all the facts possible.

Refused passage by the following vote:

Ayes: Supervisors Boas, Morrison, O'Shea, Tamaras, Tinney—5.

**Federal Subsidy to Defray Cost of Constructing Proposed
San Francisco Medical Center.**

Supervisor Tinney called his colleague's attention to the fact that at the time the 1965 San Francisco Medical Center bond issue was submitted to the voters and approved, it was anticipated that the City would receive some \$13,000,000 of Federal funds to defray cost of construction. Recent press reports have indicated that these Federal funds may not be forthcoming.

Supervisor Tinney requested that a letter be directed to the Chief Administrative Officer asking for suggestions as to the manner in which the Board and other officials concerned might urge support and implement action by our Senators, Congressmen, Federal Legislative Representative, and other sources to give firm assurance that these Federal funds will be made available to San Francisco.

Supervisor Morrison, seconded by Supervisor Casey, moved that Item 1b be taken up out of order:

Motion refused adoption by the following vote:

Ayes: Supervisors Casey, Morrison, Tinney—3.

Noes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Moscone, O'Shea, Tamaras—8.

Refused Adoption.

Accepting report of Chief Administrative Officer and approving recommendation therein regarding the Panhandle and Golden Gate Freeway routes, with conditions.

File No. 391-65-3, Resolution No.

Supervisor Morrison, seconded by Supervisor Casey, moved adoption.

Supervisor Morrison stated that in the past several days, there has been mounting tension and discussion on which freeway proposal should be chosen by the Board of Supervisors and which one is best for San Francisco. It is my judgment that we should choose the Golden Gate Freeway and not the Panhandle Freeway. In committee hearings it was brought out that the Golden Gate Freeway offered many more opportunities for enhancement rather than the Panhandle Freeway. The design consultants, if they were put to the test, they would favor the Golden Gate Freeway. The Panhandle route would serve San Francisco traffic to a great extent, about 75 percent of the traffic would be used by San Franciscans and about 25 percent used by people going to and from Marin County. Nevertheless, the Panhandle Freeway would over-crowd the Central Freeway. The Golden Gate Freeway would take traffic across Market Street and would not dump it into local streets.

The cost of building the Golden Gate Freeway would be three or four times greater in the future, if we do not go ahead now and build it. The area around the Ferry Building and Fisherman's Wharf is in for a great deal of development and the Golden Gate Freeway would help speed this needed work.

The resolution for the Golden Gate Freeway imposes design controls that the committee wished to include in the wording and will force the State of California to abide by them. It is my opinion that if San Francisco cannot have such controls, the freeway should not be built. The resolution has every protection for San Francisco to safeguard its interest. The Golden Gate Freeway is the freeway for San Francisco.

Supervisor Blake stated that he is for freeways in San Francisco and we have to have freeways. I want to know all the facts whether it is the Crosstown Tunnel, a freeway down Van Ness Avenue or any other proposal. In the various studies and reports on freeways, only certain items were allowed to be studied and thus we don't have all the facts. The hands of the various study committees have been tied down by restricting them to study only certain items.

These freeway proposals should be rejected as we do not have all of the facts. You cannot make an objective decision. We are being pushed

into the construction of a freeway because we are told that Federal funds will be lost. Several years ago Federal highway funds were low but additional funds were allocated. This same thing can happen again. These three items should be rejected.

Supervisor Tinney stated that this is the day when we must make a decision on freeways. This Board of Supervisors has approved many freeways in the past, some small and some large. The two freeway proposals before us have had the best study by all concerned. I will vote for both of the freeway proposals.

Refused adoption by the following vote:

Ayes: Supervisors Casey, O'Shea, Tamaras, Tinney—4.

Noes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Morrison, Moscone—7.

Refused Adoption.

Accepting report of Chief Administrative Officer and approving recommendations therein regarding the Panhandle Freeway route, with conditions.

File No. 391-65-4, Resolution No.

Supervisor Tinney, seconded by Supervisor O'Shea, moved adoption.

Supervisor Francois stated that he had great concern over the fact that the State Division of Highways makes a selection for a freeway route and then presents it to the Board of Supervisors on the basis of take it or leave it. This is a very important matter and the Board should have more expression in design, routing and other pertinent phases of planning and the building of a freeway.

Supervisor McCarthy stated that when this matter came up in committee, he was opposed to the routing of the Panhandle Freeway and his position has not changed. The routing for the Panhandle Freeway is wrong, it would disfigure the Haight-Ashbury and Richmond Districts. Further, it would not provide the proper service. A "No" vote is in order.

Refused adoption by the following vote:

Ayes: Supervisors Casey, Ertola, O'Shea, Tamaras, Tinney—5.

Noes: Supervisors Blake, Boas, Francois, McCarthy, Morrison, Moscone—6.

Refused Adoption.

Accepting report of Chief Administrative Officer and approving recommendations therein regarding the Golden Gate Freeway route, with conditions.

File No. 391-65-5, Resolution No.

Supervisor Morrison, seconded by Supervisor Casey, moved adoption.

Supervisor Morrison asked that Mr. Mario Ciampi, Design Consultant, discuss the proposed Golden Gate Freeway. Thereupon, Mr. Ciampi gave a general description of the routing of the freeway.

Recess.

Supervisor Morrison, at the hour of 4:20 p.m., moved that the Board recess for ten minutes.

Supervisor Morrison, seconded by Supervisor Casey, moved adoption.

Adopted by the following vote:

Ayes: Supervisors Boas, Casey, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, Tinney—9.

Noes: Supervisors Blake, Ertola—2.

Reconvention.

The Board, at the hour of 4:30 p.m., reconvened.

Motions to Amend.

Supervisor Morrison stated that he wished to make several amendments to the pending legislation.

Supervisor Morrison, seconded by Supervisor Tinney, moved that Item 1 of the proposed resolution be deleted and the following be substituted: "That the presently proposed on and off ramps at Franklin and Gough Streets be eliminated and that in lieu thereof direct traffic connections with Van Ness Avenue be constructed."

Supervisor Francois stated that he will vote for each of the amendments but that it would be no indication of how he will vote on the full resolution.

Adopted by the following vote:

Ayes: Supervisors Boas, Casey, Francois, McCarthy, Morrison, O'Shea, Tamaras, Tinney—8.

Noes: Supervisors Blake, Ertola, Moscone—3.

Supervisor Morrison, seconded by Supervisor Tinney, moved that the following wording be added to Item 5: "and that in other respects the on and off ramp sections be built in accordance with the alternate recommendations of the design consultants."

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, Tinney—11.

Supervisor Morrison, seconded by Supervisor Tinney, moved that the following, as Item 9, be added: "That the properties to be taken for the freeway should be limited to those properties set out in detail in the Dunleavy Report under the heading "Golden Gate F-2" with the specific exception of the Fort Mason region which might be required for the taking of traffic into Van Ness Avenue, and that where partial takings of property are required, they shall be limited to those set out in said report, property by property."

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, Tinney—11.

Supervisor Morrison, seconded by Supervisor Tinney, moved that the following, as Item 10, be added: "That the alignment in the Marina region shall follow the F-4 alignment as set out in the Technical Report of the State Division of Highways of 1965, with the route to be tunneled under both the Marina Green and the existing Yacht Harbor with cut and cover construction from Laguna Street to the point of westerly surfacing, with the Yacht Harbor to be restored to substantially its present physical condition upon completion of freeway construction."

Also, that in the last Further Resolved, the fifth word "City" be deleted and the "Board of Supervisors" be added. Further, that at the end, the following be added "; and, be it":

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, Tinney—11.

Supervisor Morrison, seconded by Supervisor Tinney, moved that a Further Resolved be added to the end of the resolution as follows: "FURTHER RESOLVED, That said Urban Design Consultant together with the personnel of the State Division of Highways and all others who may be engaged in further design of the freeway be and they are hereby directed and requested respectively to submit written reports of their activities to this Board of Supervisors at two-week intervals."

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, Tinney—11.

Supervisor Tamaras stated the Golden Gate Freeway is a necessity to the growth and expansion of San Francisco. Long and careful studies have been made of the various freeway proposals and this proposal is the best for San Francisco. A freeway system is vitally needed in San Francisco and this is now the time and he urged an affirmative vote by all of the members of the Board.

Thereupon the roll was called on the foregoing legislation and it was as follows:

Ayes: Supervisors Casey, Morrison, O'Shea, Tamaras, Tinney—5.

Noes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Moscone—6.

Reconsideration.

Before the Clerk of the Board announced the result of the foregoing roll call, Supervisor Morrison was recognized. He stated that he was changing his vote from "Aye" to "No" in order to be recorded as having voted with the prevailing side.

The Chair thereupon announced that the foregoing legislation was *refused adoption* by the following vote:

Ayes: Supervisors Casey, O'Shea, Tamaras, Tinney—4.

Noes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Morrison, Moscone—7.

Thereupon, Supervisor Morrison, seconded by Supervisor Casey, moved that the Board of Supervisors reconsider the foregoing vote whereby the resolution failed adoption.

The President of the Board announced that in accordance with the Rules of Procedure the vote upon the motion to reconsider would be taken at the meeting of the Board of Supervisors to be held on Monday, March 28, 1966, as a special order of business at the hour of 2:00 p.m.

Recess.

The Board, at the hour of 5:15 p.m., recessed.

Reconvention.

The Board, at the hour of 5:30 p.m., reconvened.

Ayes: Supervisors Casey, Morrison, O'Shea, Tamaras, Tinney—5.

Noes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Moscone—6.

Resolution of Transportation Problems.

Supervisor Morrison stated that since it must be concluded that no new freeways will be built in San Francisco aside from the Southern-Embarcadero Freeway, the Board must now look for constructive alternative transportation solutions. The problem of maintaining access to the City is not changed. The greatest question before the Board now is the bringing about of a vast improvement of the Municipal Railway System and more adequate bus transportation to Marin County. Also, the Department of City Planning should now undertake a total reevaluation of how vehicular traffic in San Francisco can be accommodated.

As Chairman of the Board's Streets and Transportation Committee, Supervisor Morrison invited all interested departments and persons to give the Committee the benefit of their testimony on how this problem can be solved.

Reference to Committee.

Supporting application of the State Department of Public Works that Federal highway funds which will not be expended in San Francisco be transferred for use in construction of the Century Freeway in Los Angeles.

Supervisor Morrison moved that a letter be sent to the Federal Bureau of Public Roads supporting the application of the State Division of Highways that Federal highway funds which will not be expended in San Francisco be transferred to Southern California for use in construction of the Century Freeway in Los Angeles. Under the State law, all Federal and State money coming into the highway fund

is divided 55 percent to Southern California and 45 percent to Northern California. If these Federal funds are transferred to Southern California, a transfer of a like amount of non-deadline, State highway funds must be transferred for use in Northern California.

Upon suggestion of Supervisor Ertola, Supervisor Morrison agreed to the motion being referred to Streets and Transportation Committee for consideration on March 31, 1966.

Referred to Streets and Transportation Committee.

Reference to Committee.

Taken Up Out of Order.

There being no objection, Supervisor Blake presented the following out of order:

The Agency agrees that it will, to the maximum extent feasible, endeavor to relocate displaced persons with a reasonable degree of permanency and that where the facilities offered are hotel accommodations, the Agency shall assist the relocatee, whenever possible, in obtaining a term lease arrangement should the relocatee so desire."

No objection and motion carried.

Explanation of Vote.

Supervisor Morrison explained that, despite the fact that this region badly needs renewal, he would vote against the measures for the following reasons: The program does not measure up to what the City needs in terms of social gains; the feasibility of the sports and convention center is doubtful; the plan fails to coordinate relocation with a program of building new housing.

Supervisor McCarthy presented for the file copies of correspondence received from the Director of Public Health, the General Manager, Department of Social Services, and Social Services Commissioner John

Riordan concerning costs of social programs proposed in connection with the relocation of residents.

Supervisor Francois, with a courtesy second by Supervisor Morrison, moved passage for second reading.

In response to a question by Supervisor Francois, Deputy City Attorney Roland Henning advised the Board that approval by the Board of the supplemental agreement discussed earlier should be by adoption of a resolution. Everett Griffin, Chairman of the Redevelopment Agency, stated that he has been authorized to execute the agreement on behalf of the Agency.

Supervisor Tinney stated that he was generally in favor of the redevelopment plan but that he had very definite reservations about the necessity for construction of a sports center in the area. Therefore, although he would vote in favor of the proposal, he did so with the advance statement that he will have other comments when proposals for financing the sports and convention center come before the Board.

SPECIAL ORDER—2:00 P.M.

Consideration Continued.

The following presented by the Clerk were taken up:

Approving redevelopment plan for the Yerba Buena Center Approved Redevelopment Project Area D-1 and designating same as the official redevelopment plan for said project area.

File No. 91-65-2, Ordinance No.

(The foregoing ordinance includes two changes recommended by the Redevelopment Agency; viz., (1) the land uses specified for the block bounded by Howard, Third, Tehama, and Fourth Streets on Map 3: Land Use Plan B be changed from "District 1: Office and Retail" to "District 3: Transitional Commercial."; and, (2) in District No. 1, Office and Retail, and District No. 2, Special Use, the minimum height for buildings be changed from "10 stories" to "none." Said changes were presented to the Board by the Agency on December 28, 1965, and approved by the City Planning Commission on January 13, 1966.)

The Chair granted the request of South of Market Improvement Association to continue having the proceedings recorded by a court reporter, with the stipulation that the Board be provided with a copy of the transcript.

Supervisors Blake and Francois called attention to recent press reports that a group headed by Trammell Crow of Dallas, Texas, had been granted the right to negotiate for ninety days for purchase of five blocks of land within the Golden Gateway Redevelopment Project Area. Both objected to the sale of such large parcels to non-local investors and stated that they did not want to see a similar occurrence in the South of Market area.

Robert Rumsey, Deputy Executive Director of the Redevelopment Agency, explained that the Golden Gateway had been planned for complete demolition and sale of large parcels, while the Yerba Buena Project was not; that widespread notice had been given over a period of three years of the offering for sale of land in the Golden Gateway, with no response from other developers, local or otherwise, until the day before the date on which the Agency was to announce its decision to negotiate with the group represented by Mr. Crow; that the plan for the Yerba Buena Project provided that preference would be given to present owners of property in the area for purchase of land.

Supervisor Blake, seconded by Supervisor Ertola, moved that consideration be continued one week.

Supervisor Francois suggested that during the week some provision be worked out for inclusion in the proposed supplemental agreement between the City and the Agency that would require that former owners of parcels within the area be notified when land is offered for sale by the Agency, and would prohibit the sale of land in gigantic parcels to non-local developers.

Supervisor Boas requested that Mr. Rumsey furnish him with a copy of his statement to the Board, comparing plans for development of the Golden Gateway and the Yerba Buena Center Projects and outlining steps taken over the past several years in advertising the sale of parcels within the Golden Gateway Project.

Thereupon the roll was called on the motion and it was as follows:

Ayes: Supervisors Blake, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, Tinney—9.

Noes: Supervisor Boas—1.

Absent: Supervisor Casey—1.

Before the Clerk announced the result of the foregoing roll call, Supervisor Boas requested that the vote be made unanimous.

The Clerk thereupon announced that the motion to continue consideration one week was adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, Tinney—10.

Absent: Supervisor Casey—1.

Approving form of supplemental agreement between the City and County and the Redevelopment Agency and authorizing the execution thereof in connection with the Yerba Buena Center Approved Redevelopment Project Area D-1.

File No. 91-65-4, Resolution No.

(At the Board meeting held March 28, 1966, the amendments incorporated in the supplemental agreement were proposed by various Board members and submitted to the Redevelopment Agency for approval, drafting, and incorporation by reference in the proposed resolution submitted to the Board herewith.)

Supervisor Blake, seconded by Supervisor Ertola, moved that consideration be continued one week.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, Tinney—10.

Supervisor Tinney moved as an amendment to the motion that the Board direct the Clerk to take such steps as are necessary to conduct the investigation ((under the mandate of the court)) and subject to the further counsel and advice of the City Attorney; and that he report back to the Board each week at 2:00 p.m., subject to further order of the Board. Motion seconded by Supervisor Boas.

Supervisor Tinney expanded upon the purport of his motion by stating that the Clerk is to initiate steps, draw up schedules of audits, and report back to the Board under the writ, of course with the advice of the City Attorney so that they would be lawfully done and not in conflict with the further advices of the City Attorney. He continued that the Clerk is to report within a reasonable time as to the employment of investigators, and that he would make estimates to indicate how much money would be necessary in the nature of a supplemental appropriation and otherwise in order to complete the investigation and audit. He concluded that the amended motion was made with the understanding that the City Attorney has informed the Board definitely that he will appeal from the judgment and peremptory writ.

In response to a question by Supervisor McCarthy, Ray D. Leavitt, Chief Assistant Assessor, stated that—on the basis of information he had received concerning the conduct of the investigation in Alameda County—practical difficulties existed which would make it impossible for personnel of the Assessor's office to be assigned in the next three months to work with private accountants in examining the books of some 150 firms in San Francisco.

Supervisor Ertola inquired as to whether the Board is setting the

stage for an investigation and at the same time relying upon the City Attorney's advice not to comply with the writ as it is submitted.

Supervisor Tinney, seconded by Supervisor Boas, moved as an amendment to the amended motion that the words "under the mandate of the Court" be deleted. He said that the motion is made without reference to the mandate and without reference to the termination of the current criminal trial but merely pursuant to the Board's obligation to initiate an investigation.

Supervisor Francois stated that it was his understanding that the investigation will go ahead immediately following arrangements made by the Clerk, as approved by the Board, and not be deferred until the end of the criminal trial.

Supervisor Tinney stated that this would be the first step in the investigation and it is without reference to the time involved in any other proceeding. Certain orderly steps will have to be taken. In accordance with the remarks of the City Attorney, the investigation will have to be of the type which will safeguard against violating any of the rights of persons who happen to be involved.

City Attorney O'Connor stated that he believed the foregoing is acceptable since it would be setting up the procedures to be followed immediately after the criminal trial has concluded. He continued that his advice to the Board is that the investigation not proceed until the conclusion of the Wolden trial but that he also said that his interpretation of this motion is that it will not stop the appeal; it does not force the Board to follow the provisions of the Court's mandate, as stated, with respect to the hiring of personnel and the periodic submittal of reports to the Court, but it does start the preliminary steps toward an investigation which should be made; and whereas there may be a timing of the preliminary steps a little ahead of the conclusion of the trial, it does not in his view change what he has told the Board as his best advice.

Supervisor Morrison stated his hope that by next week the Board will have before it an appropriation to hire the experts to go ahead with the investigation.

In response to Supervisor Blake's inquiry, the City Attorney stated that it is a question of judgment as to how many preliminary steps can be taken without prejudicing the defendant in the criminal trial. The motion indicates that the Board is taking preliminary steps in this matter and that is what is going to be done in county and state offices—it is not prejudicial. The City Attorney continued that the Board needs money to do that. Perhaps it would be better in his view to defer such appropriation, but again it is a matter of discretion to defer the appropriation of the money to do something until a man is through with his trial; but he did not think it would be so prejudicial as to influence the court proceedings; if you believe that—talking about money to do this prior to the time the trial is over—you may consider it to be prejudicial.

SPECIAL ORDER—2:00 P.M.

Consideration Continued.

The following, presented by the Clerk, were taken up:

Approving redevelopment plan for the Yerba Buena Center Approved Redevelopment Project Area D-1 and designating same as the official redevelopment plan for said project area.

File No. 91-65-2, Ordinance No.

(The foregoing ordinance includes two changes recommended by the Redevelopment Agency; viz., (1) the land uses specified for the block bounded by Howard, Third, Tehama, and Fourth Streets on Map 3: Land Use Plan B be changed from "District 1: Office and Retail" to "District 3: Transitional and Commercial."; and, (2) in District No. 1, Office and Retail, and District No. 2, Special Use, the minimum height for buildings be changed from "10 stories" to "none". Said changes were presented to the Board by the Agency on December 28, 1965, and approved by the City Planning Commission on January 13, 1966.)

Supervisor Ertola, seconded by Supervisor Casey, moved that consideration be continued to April 18, 1966, when Supervisor Blake will be present.

Supervisor Francois spoke in opposition to the motion. He said that during the week he had been in contact with the Redevelopment Agency and that he was now prepared to vote in favor of the redevelopment plan.

M. Justin Herman, Executive Director of the Redevelopment Agency, expressed his opposition to any further delay and urged immediate action by the Board.

Supervisor Ertola spoke in favor of the motion, saying that in the past Mr. Herman had been accorded the courtesy of the Board's acceding to his request for continuance because a full Board membership was not present.

Mr. Herman replied that he had no remembrance of having made such requests to the Board; however, he was willing to promise that he will not in the future request continuance of consideration for the presence of the full Board. Supervisor Ertola requested that the Journal of Proceedings reflect the fact of Mr. Herman's having made the foregoing promise.

SPECIAL ORDER—2:00 P.M.

Report Submitted.

Report of Clerk concerning steps taken toward conduct by the Board of a full investigation, inquiry and examination into the matter of alleged loss of property tax revenues through under-assessments or escaped assessment.

File No. 208-66.

Clerk's memorandum report of April 11, 1966, with attachments, presented, along with copy of Superior Court Order dated April 11, 1966 (Action No. 564237, Knoff v. San Francisco), directing that appeal from the order and judgment granting peremptory writ of mandate shall not operate as a stay of execution.

Adopted as Amended.

Directing initiation of request for supplemental appropriation.

Supervisor Tinney, seconded by Supervisor Francois, moved that the Clerk be and he is hereby directed to initiate a request for a supplemental appropriation of \$60,000 from such funds as are available for the purpose, to the credit of Appropriation No. 5.181.200.000, Contractual Services, Board of Supervisors, for the purpose of entering into a contract on behalf of said Board with a firm of independent auditors acting as an independent contractor, for investigation and audit of certain assessments of property in the City and County of San Francisco.

Supervisors Morrison and Tinney expressed their desire that the appropriation of funds be expedited as much as possible.

Deputy City Attorney Ward advised that the Charter requires that requests for supplemental appropriations be approved by the Mayor prior to submittal to the Board of Supervisors.

The Clerk stated that if the proposed appropriation is construed ultimately to be an emergency measure, the Board might, at first presentation, by unanimous vote, enact it. If not, under no circumstances could it be enacted on initial presentation. There is a question whether an emergency exists as defined by the Charter, since the Board has been told that the statute of limitations would not operate to bar recoveries until next March. Deputy City Attorney Bernard Ward verified the fact that an emergency must be found to exist under the terms of Charter Section 16.

Supervisor Morrison observed that the proposed appropriation of \$60,000 apparently assumes that 150 accounts will be audited—those named in the Grand Jury transcript. He said that it was not clear to him that the Board should confine itself to an audit of unsecured personal property assessments but should also include personal property on the secured roll and real property assessments. He asked what sum would be needed if the investigation comprehends an audit of personal property on the unsecured roll, personal property on the secured roll, and real property.

The Clerk advised that the estimates submitted were taken, not from the Grand Jury transcript, but from firms which were named in the civil trial and the criminal trial currently in progress. The number of 150 firms was mentioned by the Chief Assistant Assessor at last week's Board meeting; this figure was taken as an arbitrary figure. The \$60,000 estimate was arrived at on the basis of auditing 150 firms involved only on the unsecured roll. If the Board desires an investigation of the entire roll, some 200,000 parcels would be involved; the cost would be astronomical. The Clerk quoted subparagraph (b) and (c) of his memorandum report of April 11, as follows:

“(b) The audit may be confined to unsecured assessments, or, alternatively, may include both secured and unsecured assessments, or various combinations. Only selected unsecured assessments were audited in Alameda County.

“(c) The scope of the audit to be undertaken may be confined, in the Board's discretion, to those firms which were formally represented in the Assessor's Office (with respect to unsecured assessments) by tax consultants such as Mr. Tooke, Mr. Brothers, and others. Preliminary lists of firms are available from the transcript of the civil action (Knoff) totalling 35, and from the criminal trial transcript currently totalling

102. Or, the scope may be expanded to include all assessees, or random samplings, or combinations. In Alameda County, only tax consultants' accounts were audited."

Deputy City Attorney George Baglin said that in the letter addressed to the President of the Board, the City Attorney recommended that the Board's inquiry under Charter Section 21—when it is made—should go into all phases of the conduct of the Assessor's Office. There was no intent that there be any limitation on the inquiry. It was also stated that at the conclusion of the trial, necessary experts should be employed.

Adopted.

Motion to Amend Pending Motion.

Supervisor Morrison, seconded by Supervisor Tinney, moved an amendment to the pending motion as follows: That the investigation of the 150 accounts include both secured and unsecured property.

In response to questions by Supervisor Francois, Deputy City Attorney George Baglin replied that it is the City Attorney's opinion that the court order of this date is erroneous. Just how it will be attacked has not been decided. He said that Judge Bray had today said, in effect, that he was not concerned whether the Board purports to act under the mandate of the court or otherwise. The judge ordered the parties to return to court April 19, 1966, at 9:30 a.m., which is the day after the next meeting of the Board of Supervisors. By next Monday the City Attorney will advise what, in his opinion, should be done. Mr. Baglin continued by saying that opposing counsel will not take any further action before April 19.

Supervisor Moscone expressed his concern that the Board might be found in contempt of court and asked that attorneys for the plaintiff be given an opportunity to address the Board. Supervisor Ertola objected to suspension of the rules for that purpose.

Motion to amend the pending motion adopted by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, Tinney—10.

Absent: Supervisor Blake—1.

Supervisor Ertola asked if there is any doubt that, in addition to following the advice of the City Attorney and the Clerk, the Board is following the order of the judge. Deputy City Attorney Baglin said there was no doubt in his mind whatsoever.

Motion as amended adopted by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, Tinney—10.

Absent: Supervisor Blake—1.

Refused Adoption.

Inviting submittal of offers for conduct of investigation of assessments.

Supervisor Tamaras, seconded by Supervisor Boas, moved that the

Clerk be directed to put out an invitation for submittal of offers for investigation of assessments to all major San Francisco auditors and certified accounts so that those who might be interested and capable will be given an opportunity to bid.

Supervisor Morrison said that ordinarily he would favor such a motion, but he was afraid it would mean a delay of a month to six weeks. He said it was his understanding of the intent of the Clerk's report that the Board might negotiate with the firm which has been through this kind of operation recently. He asked what the Board's procedure would be. Deputy City Attorney Bernard Ward replied that he would assume that the Board has in mind an informal inquiry, which the Clerk would make.

In response to a suggestion by Supervisor Francois, Supervisor Tamaras directed that the pending motion be amended to include the direction that bids must be available by next Monday.

Supervisor McCarthy stated that, in his opinion, this was a task which should not be imposed on the Clerk. Either the Board should meet the intent of the original suggestion that invitations be sent to firms which can handle the job or that the Board revert to Supervisor Morrison's suggestion of allowing the Clerk to negotiate a contract with a firm able to do it.

Supervisor Moscone said that Ernst & Ernst was selected because they will be able to expedite the investigation, which seems to be the main portion of the discussion the past two weeks. In the interest of time and economy the Board should stay with a firm which has had recent experience in this field.

Motion refused adoption by the following vote:

Ayes: Supervisors Boas, Ertola, Francois, McCarthy, Tamaras—5.

Noes: Supervisors Casey, Morrison, Moscone, O'Shea, Tinney—5.

Absent: Supervisor Blake—1.

Adopted.

Directing Clerk to request City Attorney to draft a contract for execution by the City and County and the firm of Ernst & Ernst.

In response to an inquiry by the Clerk, Supervisor Francois, seconded by Supervisor Morrison, moved that the Clerk be directed to request the City Attorney to draft the necessary contract with the firm of Ernst & Ernst for an investigation and audit of certain assessments of secured and unsecured property in the City and County.

No objection; motion adopted.

Status of plans for proposed heliport site at First and Mission Streets.

Supervisor McCarthy stated that the establishment of a heliport in San Francisco is of major import to the Board of Supervisors in reviewing all aspects of the City's transportation problem. Therefore—though recognizing that this matter is under the jurisdiction of the Public Utilities Commission—he requested that the Clerk write to the Commission asking for as complete a report as possible as to what progress is being made to establish a heliport at First and Mission Streets and what arguments have been put forth pro and con that site. Supervisor McCarthy said it is his opinion a committee of the Board should hold hearings on the matter after the requested report is received so that the members of the Board could at least express their opinion on the subject.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

Monday, April 18, 1966—2:00 p.m.

In meeting of the Board of Supervisors, San Francisco, Monday, April 18, 1966—2:00 p.m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, Tinney—11.

Quorum present.

President Peter Tamaras presiding.

Communication.

The Clerk presented a communication from his Honor, the Mayor, dated April 15, 1966, transmitting the proposed budget, estimates of revenues, estimate of requirements to meet bond interest and redemption and other fixed charges, draft of annual appropriation ordinance and net departmental budget requests for the fiscal year 1966-1967, all of which had been referred to Finance Committee upon receipt.

Noted and ordered filed.

Presentation of Guests.

The Chair introduced and welcomed a representative of the National Association of Housing and Development Officials.

SPECIAL ORDER—2:00 P.M.

Consideration Continued.

The following, presented by the Clerk and heretofore considered, were taken up:

Approving redevelopment plan for the Yerba Buena Center Approved Redevelopment Project Area D-1 and designating same as the official redevelopment plan for said project area.

File No. 91-65-2, Ordinance No.

(The foregoing ordinance includes two changes recommended by the Redevelopment Agency; viz., (1) the land uses specified for the block bounded by Howard, Third, Tehama, and Fourth Streets on Map 3: Land Use Plan B be changed from "District 1: Office and Retail" to "District 3: Transitional and Commercial."; and, (2) in District No. 1, Office and Retail, and District No. 2, Special Use, the minimum height for buildings be changed from "10 stories" to "none". Said changes were presented to the Board by the Agency on December 28, 1965, and approved by the City Planning Commission on January 13, 1966.)

Supervisor Ertola read to the Board letters from the firms of Baker, Hamilton and Pacific and Blake, Moffitt & Towne requesting that the Board delay action on the redevelopment plan in order to give business leaders an opportunity to make suggestions that will be beneficial to all parties concerned. Supervisor Ertola said that the requested delay might be inordinate, but that a delay of a week should be sufficient for the writers to expand on whatever proposals they have in mind.

Supervisor Ertola, seconded by Supervisor Blake, moved that consideration be continued one week.

Supervisor Blake expressed his concern that property owners will be able to participate in the redevelopment of the area.

M. Justin Herman, Executive Director of the Redevelopment Agency, responded by calling the Board's attention to Agency Resolution No. 48-66, approving form of an additional provision and authorizing its inclusion in the supplemental agreement, which would give preference to Yerba Buena Center businessmen for purchase and development or rental of properties in the redeveloped area. He suggested that the Board might want to make this provision either the subject of a separate supplemental agreement or to include the provision in the agreement under consideration in File 91-65-4.

Supervisor Blake said that his concern was not only for businessmen now in the area, but that other San Franciscans have an opportunity to participate also. There should be some encouragement and some incentive for San Franciscans to rebuild the City.

Motion to continue consideration one week adopted by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, McCarthy, Moscone, O'Shea, Tamaras—7.

Noes: Supervisors Boas, Francois, Morrison, Tinney—4.

Approving form of supplemental agreement between the City and County and the Redevelopment Agency and authorizing the execution thereof in connection with the Yerba Buena Center Approved Redevelopment Project Area D-1.

File No. 91-65-4, Resolution No.

Supervisor Francois, seconded by Supervisor Blake, moved that consideration be continued one week.

Mr. Herman suggested that the Board consider adding the following

paragraph to the proposed supplemental agreement: "The Agency agrees that all property offered for sale for redevelopment in the project area will be publicized to the maximum extent feasible in the local press and through local real estate concerns."

Supervisor Francois requested the expansion of the provision approved by Redevelopment Agency Resolution No. 48-66 to give preferential consideration to all interested persons, whether presently in the area or not.

Supervisor Blake said that he thought San Francisco-based firms should be given, where at all possible, preference in the purchase of property in the area.

Mr. Herman said he did not think the Agency could do that—they are happy to provide encouragement, but preference, they cannot. He asked that the following statement be included in the record: "There were San Francisco interests who made proposals for the area in the Golden Gateway which is now being developed by Perini. There were San Franciscans among the group that made proposals for commercial parcels in the area; so the question of whether or not there were San Franciscans in either situation seems to me beside the point. I recognize several supervisors are concerned that San Franciscans have an opportunity. We will continue to give San Franciscans this opportunity."

Supervisor Francois moved that consideration be continued one week.

No objection and motion adopted.

SPECIAL ORDER—2:00 P.M.

Report Submitted.

Second report of Clerk concerning steps taken toward conduct by the Board of a full investigation, inquiry and examination into the matter of alleged loss of property tax revenues through under-assessments or escaped assessments.

File No. 208-66.

(April 4, 1966—Pursuant to motion adopted, Clerk directed to take such steps as are necessary to conduct the investigation of assessments in the City and County, subject to counsel and advice of the City Attorney, and to report to the Board each Monday as a special order of Business at 2:00 p.m., subject to further orders of the Board.)

The Clerk provided each Board member with copies of memoranda dated April 13, April 14, and April 18, 1966, outlining steps taken during the past week, copies of which are contained in the file. He stated that subsequent to dictation of the foregoing memoranda, the Finance Committee had held a meeting and discussed with representatives of the State Board of Equalization and the State Attorney General their proposed participation in the audit and investigation.

Consideration Temporarily Postponed.

There being no objection, at the request of Supervisor Tinney, the

following recommendations of Finance Committee, appearing on the calendar under "New Business" were taken up out of order:

Appropriating \$60,000, Board of Supervisors, for audit of assessment records.

File No. 208-66-1, Ordinance No.

Supervisor Tinney advised that both the State Board of Equalization and the State Attorney General have offered to participate in the audit. Because most of the work would come within the ordinary scope of their activities, there would be no charge for participation by the office of the State Attorney General. The State Board of Equalization estimates that it would cost \$5,300 per month for that office to provide a team.

The estimate of the State Board of Equalization of the time involved seems to be more economical than that of Ernst & Ernst. The Committee is hopeful that the services can be performed at a cost somewhere between the two estimates. The State Board of Equalization has a staff of 25 auditors in Chicago and 25 in New York on a year-round basis. These staffs would be made available, so there would be a very substantial saving in travel time and per diem expense.

Supervisor Moscone observed that the Attorney General seems to provide the efficiency the Board is looking for. He wondered what benefit the City might receive by hiring the private firm.

Supervisor Tinney responded that he had questioned the representative of the Attorney General as to his viewpoint upon the employment of Ernst & Ernst by the City. The Attorney General's representative said that he endorsed the plan. There are many areas, he believed, in which his office and the firm of Ernst & Ernst could be of help to each other.

Supervisor Francois said that the Attorney General's representative indicated that office's participation would be limited to programming the audit. Supervisor Francois believed the Board of Equalization is under the assumption that the City will hire private auditors. He concurred with Supervisor Tinney that there would be an advantage in having private auditors. Such advantages are obvious if litigation should ensue. He urged approval of the contract with Ernst & Ernst and with the public agencies.

Supervisor Ertola stated that several weeks ago there was to be no limitation on the number of audits to be made. He expressed his hope that the agreement will not limit itself to any set number of firms named in the transcript of the proceedings before the Grand Jury.

Supervisor Tinney responded that at least 150 firms will be audited. Obviously if the results of those audits are as has been indicated to the Board, there will be a great many other audits, and perhaps different methods will be employed in pursuing the investigation in the most economical way. The audit will start with those firms named in the Grand Jury transcript and any others that come to the attention of the auditing team.

Supervisor Blake asked how many firms in San Francisco might be involved.

There being no objection, on motion of Supervisor Tinney, con-

sideration was temporarily postponed until the arrival of a representative of the Assessor who would be able to answer Supervisor Blake's question.

The Board thereupon resumed consideration of Calendar items in the order printed therein.

Repealing Resolution No. 458-63, endorsing construction of Crosstown Vehicular Tunnel and improvement of approaches to the Golden Gate Bridge.

File No. 582-59-7, Resolution No.

Supervisor Morrison, seconded by Supervisor Tinney, moved adoption.

Supervisor Blake stated that the people have clearly demonstrated their opposition to the recent freeway proposals. The Board has not taken time to investigate the tunnel proposal, which in his opinion is the solution to San Francisco's traffic problems.

Supervisor Francois urged a "no" vote on the motion. He stated that a new study should be made of the cost factors involved in tunnel construction.

Supervisor Ertola stated his agreement that a new study should be made and public hearing should be held before the Board acts on the resolution before it today.

Supervisor Ertola, seconded by Supervisor Moscone, moved referral to committee.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Francois, McCarthy, Moscone—6.

Noes: Supervisors Boas, Morrison, O'Shea, Tamaras, Tinney—5.

Passage for Second Reading.

The following recommendations of Finance Committee, heretofore considered and temporarily postponed, were taken up:

Appropriating \$60,000, Board of Supervisors, for audit of assessment records.

File No. 208-66-1, Ordinance No.

Ray D. Leavitt, Chief Assistant Assessor, advised the Board that there are approximately 55,000 business firms and 110,000 households in San Francisco. The Assessor's office audits about 4,000 a year with its own staff; approximately 100 of these audits are conducted out of State. There are about 3,000 business firms whose assessed valuation exceeds \$15,000.

In response to a question by Supervisor Ertola, the Clerk said it remains to be seen how many firms can be audited at a cost not to exceed \$60,000. If the Board decides there is sufficient money to

conduct investigations of firms in addition to the 150 firms mentioned, it will be up to the Board to order those further investigations made in a number no one can now forecast.

Supervisor Tinney stated that he was quite sure that within the time allotted and the money available, more than 150 firms can be audited. He said it his intention to make such additional motions that may be required if and when additional funds become necessary.

Passed for second reading by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, Tinney—11.

**BUDGET STATEMENT OF
SUPERVISOR JOSEPH E. TINNEY
ON BEHALF OF FINANCE COMMITTEE**

The Finance Committee presents to the Board of Supervisors today the proposed budget of the City and County of San Francisco for the fiscal year 1966-1967. The Committee, in view of the time limitations established by law, asks that the Board defer action upon the proposed budget for one week, and that it be adopted at the regular meeting of the Board on May 16, after approval of the amendments proposed by the Committee.

Two itemized lists, 1) budget and 2) supplemental budget, of Finance Committee recommendations have been furnished Board members.

They, together with the two volumes of the budget, and the supplemental budget requests, constitute a comprehensive budget report.

While the members of the Finance Committee (my colleagues are Supervisors Blake, Boas, Francois, and Morrison) did not agree completely on every one of the thousands of appropriations requested by the department heads, they reviewed each item as their individual consciences dictated, in what was deemed by each to be the best interests of the community. Putting aside the relatively minor differences of opinion which developed in order to submit unified and on the whole acceptable recommendations to the Board, they have agreed that their recommendations shall come to the Board with unanimity and without recordation of any of the informal dissents which may have been expressed. However, each reserves the right of debate should the occasion therefor arise.

The Finance Committee has held thirteen separate meetings to consider the voluminous proposed budget, eight of which have extended into the early morning hours. After exhaustive scrutiny, and with the object of effecting expenditure curtailments without impairing essential services, it submits the recommendations dealt with hereinbelow.

BUDGET TOTALS AND TAX RATE:

Departmental budget requests for \$415,378,432 and supplemental budget requests for \$11,211,936 submitted to the Mayor, totaled \$426,590,368, an increase of \$43,240,266 over the current budget.

The Mayor approved \$389,399,552 of the budget requests and \$5,766,711 of the supplemental budget requests, or a total of \$395,166,263 including salary standardization adjustments to date but excluding bond funds.

The Finance Committee recommends a further reduction of \$1,984,424 in budget requests and a further reduction of \$1,527,246 in supplemental budget requests, or a total reduction of \$3,511,670. This is subject to certain adjustments which will be computed by the Controller in due course.

It appears inevitable, as it has during most recent years, that there will be an increase in the ad valorem tax rate. The precise amount of the increase cannot be ascertained at this time because of revenue and other adjustments anticipated prior to September when the tax rate will be fixed. The expanded governmental services which our citizens expect and demand, and the accompanying inflationary economic trend, leave no alternative to the continued rise in the tax rate. Our most effective method of resisting the trend is firm insistence upon operational economies in all our departments, a course to which your Finance Committee is dedicated.

As in past years, the Committee reminds the Board of the following budget items over which, among others, the Board has no control: Board of Education budget (\$77,919,780) subject to possible increase for salary and other purposes; salary requirements for all employees, including increments made mandatory by the voters' approval of various Charter salary standardization methods (\$201,916,112); retirement contributions (\$18,316,007); Health Service System contributions (\$2,941,938); Social Security contributions (\$3,632,486); mandatory cost of constructing, maintaining and improving libraries (\$675,405); parks and

squares (\$1,688,512); playgrounds (\$1,181,959); Art Commission, for a symphony orchestra (\$84,426); streets, sewers, and buildings (\$14,439,632); elections (\$532,113); civil service (\$84,426); San Francisco Bay Area Air Pollution Control District (\$187,480); Bay Area Rapid Transit District (30.8 cents in tax rate); bond interest and redemption (\$28,687,442). These items alone total \$352,287,718 of the \$389,399,552 budget as submitted by the Mayor, without the supplemental requests.

The absence of Supervisorial control over these items and others stresses the correlative that there is a relatively minor portion of the total budget over which the Board may exert any control. The Board's jurisdiction extends mainly to items for contractual services, personal services, equipment, materials and supplies, capital expenditures, reconstruction and replacement, and maintenance and repair.

Nevertheless, a determined effort has been made to minimize the increase in the tax rate, which will be computed in September following ascertainment of revenue and other adjustments.

SPECIFIC ITEMS:

Since a few of the items which appear in the budget before you have attracted more than average public interest as reflected in correspondence, press reports, personal contacts, and otherwise, the Finance Committee should like to recall your attention to them specifically and briefly:

NEW EMPLOYMENTS:

Department heads requested in the budget and supplemental budget a total of 1704 new employments. The Mayor reduced that number to 953. The Finance Committee recommends that the Board allow 889. Of the latter number, 101 are located in the School Department (over which the Board of Supervisors has no control), 58 in the Fire Department, 55 in the Police Department, 221 in the Public Health Department, and 40 in the Public Utilities. Since the personal service total is the largest single factor in the budget, exceedingly careful review was accorded each request for a new position. Favorable Committee action was accorded only to those which were justified by demonstrable public need.

AGING, OFFICE OF:

On January 24, 1966, the Board of Supervisors adopted Resolution No. 56-66 urging the Mayor to create an Office of Aging. The Mayor in response thereto has submitted a supplemental budget request of \$48,461, which has been recommended by the Finance Committee with the exception of one position of Assistant Deputy for Social Programs and one position of Senior Clerk Stenographer with related reduced amounts for contractual services and equipment.

ART COMMISSION:

A new program has been recommended, with an initial appropriation of \$1,500, for development of a program for neighborhood participation in the Art Festival with the cooperation of neighborhood groups. Should

the pilot program, not yet organized, be successful, expansion of the concept may be considered in subsequent years.

CHIEF ADMINISTRATIVE OFFICER:

The Committee recommends appropriation of \$1,480,000 to the Publicity and Advertising Fund, compared to \$1,335,000 for the current year. The Chief Administrative Officer has submitted to the Finance Committee a list (available to all Board members) of proposed expenditures from the Fund, indicating specifically the activities which will be supported for the forthcoming fiscal year. It is emphasized that all appropriations to the Fund are supported by revenues derived from the Transient Hotel Room Tax.

An item of Pigeon Control, Civic Center Area, amounting to \$10,000, appears in the supplemental requests. It is contemplated that the services of a pigeon control company for one year will be obtained to reduce the pigeon flocks in all City and County buildings and open spaces in the Civic Center area, with possible extensions of such service.

CITY PLANNING DEPARTMENT:

Requests include one for funds in the amount of \$20,000 as San Francisco's 10% share of the total cost of advance physical planning for the area of the City which may be selected for treatment under the terms of the Federal Demonstration Cities Bill (H.R. 12341). A companion request is included under the Human Rights Commission. The Finance Committee has specified that no money is to be spent until the Board of Supervisors further and specifically approves expenditures.

CIVIL SERVICE COMMISSION:

Two electrocardiograph technicians, with equipment, materials and supplies, quarters, remodeling expenses, etc., were requested for a new Centralized Medical Processing Center. The substantial expense does not appear to be warranted at this time, since the services to be performed may be rendered by other medical facilities close at hand.

CONTROLLER:

Provision for the Central Electronic Data Processing Complex, and for allied functions in other departments, is made in a growing amount. The total amount appropriated in all departments for EDP is \$1,106,572, as compared to \$834,398 for 1965-1966.

DE YOUNG MUSEUM:

Fourteen new employees and related costs are included for the new West Wing to house the Brundage Collection of Oriental Art.

An item of Other Professional and Special Services requested in the amount of \$12,000 with which to continue payments to Dr. Walter Heil was reduced by the Mayor to \$6,000 so that such compensation will terminate on December 31, 1966. The Finance Committee has recommended approval of the \$6,000.

ECONOMIC OPPORTUNITY COUNCIL:

The Economic Opportunity Act of 1964 requires that 10% of the

cost of Community Action Programs be provided by the local community. The Council has submitted, with the Mayor's approval, a supplemental budget request for \$210,000 as the City and County's cash contribution toward their programs for 1966-67. The Mayor has stated that these programs have not yet been defined nor has the overall program been formally approved by the Economic Opportunity Council. The Finance Committee devoted a substantial amount of time in exploring the proposed program with the Mayor and representatives of the Council and various target areas. The Committee intends to direct a letter to the Executive Committee of the Council along the following lines: "From a budgetary standpoint, which seems to be the limit of the activity we are presently engaged in, it appears to be the consensus of remarks made both by members of the Finance Committee and those persons who have appeared before the Committee that in this stage of the development of the program it would be far more preferable to have fiscal matters presented by your central administration than by the separate target areas. We would like clarification as to where policy decisions are coming from with respect to the budgetary program since it is the desire of the Finance Committee that the decisions come from a central source. The Committee will be disinclined to give final approval of local participating funds for the E.O.C. program until the question of who is to be held responsible for expenditures is cleared up."

It is the Finance Committee's intention in submitting the \$210,000 for Board approval that the fund be earmarked as being unavailable for appropriation and use until such time as the Finance Committee is given the opportunity to fully explore the program of the Council on a definitive basis, and has approved specific expenditures from the fund.

FIRE DEPARTMENT:

On July 16, 1965, the 56-hour duty work-week of the fire fighting forces was reduced to a 54-hour work-week. This 2-hour work-week reduction was granted to the fire fighting force on the basis of one 24-hour shift off-duty every 81 days. To overcome the deficiency, 58 new positions were recommended by the Mayor and have the concurrence of the Finance Committee.

HUMAN RIGHTS COMMISSION:

As noted in the comments concerning the City Planning Department, funds are also requested here (\$50,000) as San Francisco's 10% share of the total cost of advance social planning under the Demonstration Cities Bill. The funds will not be released pending further approval from the Board of Supervisors as to details of the program and specific expenditures.

The work of this Commission is expanding, and the authorized staff has grown from its initial complement of 8 in 1964-1965 to 14 as requested in this budget, with a growth in expenditures from \$69,476 to \$209,379.

MUNICIPAL RAILWAY:

Included was a request for \$400,000 for track reconstruction and repair on the "N" line, Judah between 30th and 42nd Avenues, or such other locations as may present more urgent need for track reconstruction. The Finance Committee is informed by the Controller's office that

several hundred thousand dollars for this purpose is available from previous years. Also, local and interurban transit plans presently being drafted may effect drastic changes in railway routes throughout the City. Consequently, the item is recommended for deletion, in order that comprehensive plans for the future may be adequately evaluated.

The total Municipal Railway budget for the forthcoming fiscal year, as presently recommended, is \$29,556,945, which will require support from the ad valorem tax rate in the amount of \$9,694,645.

POLICE DEPARTMENT:

Committee recommendations include 55 new positions, of which 15 are Patrolmen and 30 are School Crossing Guards. The former, with supervisory personnel, are deemed necessary by the department to cope with an increased workload, although there are approximately 59 unfilled positions in the uniformed force at the present time. The Finance Committee, in view of the recruitment problem, has qualified its recommendation for the 15 Patrolmen by specifying that funds are to be appropriated therefor commencing on January 1, 1967.

The School Crossing Guards will handle duties, as civilian personnel, operating part-time during the hours only when the crossings should be covered to preserve the safety of the students, thus releasing uniform personnel.

PUBLIC ADMINISTRATOR-PUBLIC GUARDIAN:

Twelve new employments were requested to continue on a permanent basis temporary employments authorized during the current fiscal year. Since four of these positions remain unfilled, the Committee believes that the remaining eight which it has recommended will be adequate to discharge the increased duties of the Public Guardian's function.

PUBLIC HEALTH:

The Department of Public Health supplemental budget for 1966-1967 contains a number of requests for funds which relate to the passage of the California Medical Assistance Program and Federal Medicare legislation. The Mayor approved the items in the Laguna Honda Hospital and San Francisco General Hospital supplemental budgets. He disapproved the items in the Central Office and Hassler Hospital supplemental budgets. The funds will be subject to reappropriation within the Department of Public Health as the programs develop. Many regulations for these programs are yet to be determined and contracts with the Federal Government are yet to be signed. John Forbes & Company is being employed to install a billing system for the Department of Public Health. The Finance Committee has placed a hold on these budgetary items pending further definition of the program and precise indication of objects of expenditure.

A budget item of \$15,000 was included for financial assistance to the Telegraph Hill Neighborhood Clinic, which the Finance Committee recommends be set at a figure of \$7,500. The Committee has observed that the Board of Supervisors recognized a degree of urgency in its decision last year to provide \$15,000 for continued operation, but that the assistance was of a temporary nature, and the organization should appear before the Finance Committee to discuss its plans for future operation and financing thereof.

The program of the Community Mental Health Services continues to expand and provide needed services. A new project on mental retardation is included in the current budget requests. All in all, this division of the Department of Public Health, if the budget requests submitted by the Finance Committee are approved, will grow from 242 to 282 employees, with a total budget allowance increased from \$2,563,866 to \$3,290,455 as compared to 1965-66.

PUBLIC LIBRARY:

The Finance Committee recommends continued implementation of the program undertaken to raise the quality of overall Library services in San Francisco and to improve the physical plant and augment the staff. The Committee recommends addition of a capital item (so described by the Controller and Chief Deputy City Attorney Blanchard) of "Library Books, Reference," in an amount of \$100,000, which would bring the 1966-67 allowance for library books to \$650,000, plus \$68,500 for McNaughten Plan lease books, which is more nearly in line with the minimum needs of the Public Library for proper service to the community.

PUBLIC WORKS:

Continuation of the Market Street Design Project is provided for in a budget item of \$300,000. Urban Design Architectural Consultants will be retained, and the Transit Task Force will continue with its operations to assure that their work will be accomplished in time to accommodate decision areas affected by the Bay Area Rapid Transit District timetable.

A supplemental budget request appears, to effect a reorganization of the Bureau of Accounts due to creation of a Bureau of Personnel Administration in the Department of Public Works. The reassignments, without new positions or funds, is recommended by the Finance Committee.

For 1965-66, the Board of Supervisors appropriated \$600,000 for defraying costs of moving various utility lines from Market Street in conjunction with the program of the Bay Area Rapid Transit District. It was designed as a capital item, for relocation of the high-pressure auxiliary water supply system, with \$500,000 to be spent for materials, \$40,000 for contingencies, and \$60,000 for plans and specifications, all limited to the Montgomery, Powell, and Civic Center Stations. Since the Committee is informed that such relocation will not be done, it is recommending to the Controller that the appropriation be cancelled, and that the money be restored to the General Fund surplus, for use in reducing the tax rate for 1966-67.

With respect to proposed capital improvement projects involving the widening of Bosworth and O'Shaughnessy, Lyell to Ulloa; the Sixth Avenue widening, Noriega to Lincoln; the Seventh Avenue and Laguna Honda Boulevard widening, Lawton to Woodside; the installation of traffic signals on Van Ness, Market to Bay; and the installation of traffic signals at specific downtown intersections, the Finance Committee has specified that no encumbrance or expenditure of funds is to be made without prior approval of the Committee, in order that precise and comprehensive details of the projects may be developed and approved.

SOCIAL SERVICES:

The total budget, including supplemental recommendations, is \$62,-642,300. While the 1965-66 approved budget was \$66,813,738, the costs of the Medical Care Program and the Medical Assistance for the Aged Program have been eliminated because of the initiation of the Medicare program. The department requested 368 new employments, the Mayor approved 310, and the Finance Committee has recommended 248. Increases have been represented as being mandatory due to requirements of Federal law in the liberalization of caseload policies and in the administration of the Medicare program as supplemented by the State Casey Bill. Provision is included also for the Food Stamp Program.

The Department is presently engaged in remodeling the building at 1680 Mission Street for administration purposes. Additionally, the department requested \$242,000 for rental of office space at 965 Mission Street, and \$700,000 for purchase of a building at 1665 Mission Street, upon which it contemplated a \$1,250,000 remodeling project. The Finance Committee has declined to recommend these projects until such time as the department can produce a comprehensive, integrated plan of physical accommodations for the present and future needs of a constantly growing staff. The nature and extent of current financial requests would appear to indicate that bond issue revenues rather than ad valorem taxes should be looked to for support, or possibly the rehabilitation and remodeling of existing building at San Francisco General Hospital or elsewhere may provide the answer to the problem. A great deal more thought and planning is required in order to make adequate provision for operation, and conserve tax funds.

WAR MEMORIAL:

A total of \$522,700 has been recommended for reconstruction and replacements, an increase of \$507,210 over the current year's allowance. Maintenance and repair of buildings is recommended at \$85,260, an increase of \$51,410. Included is an item of \$125,000 in fees for preliminary planning and estimating in order to authenticate the need and cost of obtaining financing of improvements by general obligation bond issue.

TRAVEL ALLOWANCE:

The Airport, Department of Public Health, Water Department, Fire Department, and other budgets contain items for payment of travel expenses of employees who reside in San Francisco to places of employment in San Mateo County. The Finance Committee is not recommending any change at the present time, but is submitting the matter to the Legislative and Personnel Committee requesting that during the next salary standardization review it give consideration to such payments as a component of compensation, applicable, if at all, to employees who reside inside and outside of San Francisco.

TRAVEL EXPENSE:

A large number of departmental requests for increased appropriations for intra-State and out-of-State travel were scrutinized, and most were cut back to levels of previous years. Additionally, the Finance Committee has laid down the condition that no more than two persons from

any department shall attend a convention, conference, etc., unless prior approval for a greater number is obtained from the Committee.

ADMINISTRATIVE PROVISIONS:

The Finance Committee, on the basis of data furnished by the Controller's Office, recommends continuation of the same charges levied during the current year for accommodations, services, and facilities furnished to employees in the various departments, with the exception that the daily charge for meals and lodging at O'Shaughnessy Guest Cottage shall be \$18.00 instead of \$14.50 per person, so as to be more in line with current costs.

ACKNOWLEDGMENTS:

The Finance Committee commends and thanks Controller Nathan B. Cooper, and his staff members, Joseph Crosson and David Fong, for their invaluable assistance.

BOARD ACTION:

In order that all members of the Board may have an opportunity to consider in complete detail the Committee's recommended changes in relation to the entire budget, the Committee has completed its review of the budget a week before adoption is required. The Charter provides that the Board shall adopt the budget not earlier than May 15. The Budgetary Procedure Ordinance declares that the budget may not be adopted later than May 21. Because of deadlines which must be met for the preparation and printing of the Annual Appropriation Ordinance and the Annual Salary Ordinance, the budget must be adopted this year on Monday, May 16.

At the regular Board meeting of May 16, I will move that the budget, as amended by the Board, be adopted.

Budget Item for Control of Pigeons.

In response to questions by Supervisor Casey, Chief Administrative Officer Thomas J. Mellon stated that it is planned that funds included in the proposed budget would be used to trap pigeons and transport them to the Society for the Prevention of Cruelty of Animals, where they will be disposed of humanely.

Motion Adopted.

Assembly Bill 80, assessment of property.

In response to questions by Supervisor Morrison, Supervisor Tinney advised that the State Legislation Committee had recommended support of that portion of the bill which would increase the statute of limitations on escaped property and that portion which would authorize law enforcement agencies and Grand Juries to secure data in the hands of the Assessor. The Committee supported in principle the balance of the bill and instructed the State Legislative Representative to keep the Committee informed as to amendments proposed and action taken by the Legislature.

Supervisor Morrison stated that he felt the Board of Supervisors

should take a position in order to guide proceedings in Sacramento. A portion of the bill requires the Assessor to assess property at twenty-five percent of full cash value beginning five years from now. If the Board favors that proposal, it should so indicate by resolution.

Supervisor Tinney, seconded by Supervisor Morrison, moved that the State Legislative Representative and Deputy City Attorney Bernard J. Ward report to the Board May 16, 1966, concerning the present status of Assembly Bill 80.

No objection and motion adopted.

Adopted.

Urging law enforcement agencies to take unified action looking to the immediate apprehension of the slayer or slayers of Dow Wilson and Lloyd Green.

Supervisor Moscone presented:

File No. 261-66, Resolution No. 325-66.

Supervisor Moscone, seconded by Supervisor Francois, moved adoption.

Adopted by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, Tinney—10.

Absent: Supervisor Blake—1.

ADJOURNMENT.

There being no further business, the Board, at the hour of 3:05 p.m., adjourned.

The following presented by the Clerk was taken up:

Disapproving decision of the City Planning Commission by its Resolution No. 5967, approving application for conditional use of property located at 250 Palo Alto Avenue for a transmission tower and building in an R-1-D district.

File No. 220-66-2, Resolution No.

Supervisor Blake, seconded by Supervisor Boas, moved adoption.

Explanation of Parliamentary Procedure.

The Chair explained the parliamentary procedure as follows:

"An 'aye' vote will disapprove the decision of the City Planning Commission and refuse to permit the tower as a conditional use. A 'no' vote will approve the decision of the Commission and permit the tower as a conditional use. Eight 'aye' votes are required to disapprove the decision of the Commission."

Explanation of Vote.

Supervisor McCarthy stated that he would vote "aye" pending a decision of the Federal Communications Commission—assuming it will be forthcoming in the immediate future—and noting that the City Attorney has stated that another application for a conditional use of the property in question could be filed with the City Planning Commission without a lapse of time.

Refused adoption by the following vote:

Ayes: Supervisors Blake, Boas, Francois, McCarthy, Moscone, Tamaras—6.

Noes: Supervisors Ertola, Morrison, O'Shea, Tinney—4.

Absent: Supervisor Casey—1.

SPECIAL ORDER—2:00 P.M.

Adopted.

The following from Finance Committee with recommendation "Do pass after amendment" was taken up:

Annual budget of the City and County of San Francisco for the fiscal year 1966-1967.

File No. 100-66.

Addenda to Budget Statement of Supervisor Joseph E. Tinney on Behalf of the Finance Committee.

As addenda to the budget statement submitted to the Board on May 9, 1966, Supervisor Tinney presented the following:

ADMINISTRATIVE PROVISIONS, ANNUAL SALARY ORDINANCE:

The Civil Service Commission has submitted and the Finance Committee recommends approval of the following amendments to the administrative provisions of the Annual Salary Ordinance:

(1) SECTION 1.1. This amendment contemplates permitting the Civil Service Commission to follow a hiring practice termed "flexible staffing" whereby the Commission or its general manager may certify to vacant positions, for which no eligibles are available for appointment, eligibles from lists in those next lower classes for which periodical or continuous recruiting is being carried on.

(2) SECTION 1.34. Provides for increase in maximum compensation for inmate help, student nurses or part time services from \$173.00 to \$181.00 per month.

(3) SECTION 1.35. (a). The Finance Committee, on the basis of

data furnished by the Controller's Office, recommends continuation of the same charges levied during the current year for accommodations, services, and facilities furnished to employees in the various departments, with the exception that rate at "O'Shaughnessy Guest Cottage" shall be \$18.00 per person per day instead of \$14.50 as at present. The estimated cost for the forthcoming fiscal year is \$18.15 per day.

(b). In last year's Annual Salary Ordinance, it was provided that the Department of Public Health shall furnish Interns and Residents any and all meal services, laundry and room at a maintenance amount not to exceed the differential in salary between that which the City is paying and that which the University of California Medical Center is paying. The Civil Service Commission advises that the information necessary to determine the differential in salary is not available at this time. It is the Commission's recommendation that this provision be deleted at the present time, and they will subsequently recommend an amendment to the salary ordinance setting forth the appropriate maintenance amounts when the salary increases, if any, of the University of California Medical Center employees are known.

ADMINISTRATIVE PROVISIONS, ANNUAL APPROPRIATION ORDINANCE:

The Controller has submitted and the Finance Committee recommends approval of the following amendments to the Administrative Provisions of the Annual Appropriation Ordinance:

- (1) SECTION 4 (E). Provides that rents received from properties acquired by the City for specific purposes are automatically appropriated, to the extent necessary, for maintenance of said property pending conversion to the use for which the property was acquired.
- (2) SECTIONS 11 (A) and 11 (B). The Committee approves the recommended deletion of Sections 11 (A) and 11 (B) which required that salary warrants for extra time served by members of the uniformed forces of the Police or Fire Departments shall be payable from the regular salary appropriation for said respective departments. This year, funds for this purpose have been included in each departmental budget.

SOCIAL SERVICES DEPARTMENT, EMPLOYMENTS:

The Finance Committee was informed by the Controller's staff that at the present time there are 226 permanent positions in the Social Services Department which are unfilled by permanent employees. Of those 226 positions, 103 are filled by limited tenure employees. However, the remaining 123 permanent positions are not filled by either permanent or limited tenure employees.

If the department's request for *new* employments were to be reduced by the number of vacancies in existing positions, 245 would have been allowed, but the Mayor, possibly without knowledge of the exact extent of existing vacancies, allowed 310, or 65 more than existing conditions justify.

The Finance Committee therefore determined upon investigation that 62 of those 65 "surplus" positions are not required at this time by any statutory obligation or Federal or State regulation in order to maintain minimum standards or qualify for subventions, and recommended that those 62 positions be deleted from the supplemental budget requests. Should the vacancy factor in permanent positions be

materially corrected, and the need for *new* positions be clearly demonstrated, the Committee will promptly consider a departmental request for the new positions.

The positions not approved by the Finance Committee are:

Supervisor Blake stated that the members of the Finance Committee, including himself, although he was not able to attend all budget sessions, spent long hours going over this budget. Yet the City still ends up spending more than \$500 for every man, woman and child in San Francisco. The budget is too high—the Finance Committee knows it—but there was nothing we could do about it. The man who submitted this budget to us—the mayor of San Francisco—doesn't know from looking at the budget where the money goes any more than we do. From this budget you can't find out how much the city is spending for innumerable purposes.

Copies of this budget were given to some of the top executives of

the biggest corporations in San Francisco. These men have spent their lives working on budgets, but they came back and said they could not figure out the budget of the City and County of San Francisco.

The way the city's budget is prepared is called a "*line item*" budget although it might better be called a "*lying item*" budget. Today modern budgets are prepared to show what the money we spend will accomplish. This is called a "work performance" budget.

Now take as an example, the mayor's budget. Let us see how much it costs to get him from one place to another in San Francisco. In his own budget he has one chauffeur, \$9040; gas and oil, \$1200; repairs, \$1700; and tires, \$300. That makes a total of \$12,240. The chauffeur mentioned in the budget doesn't drive the mayor. He does other things! Asking around we find out that the mayor has two assistant police inspectors and a part-time patrolman as his chauffeurs.

Of course you can't find that in the budget. But we can figure out that the pay for the three policemen comes to more than \$18,000 a year. That makes a total of \$30,000 to get the mayor around.

It isn't in the budget, but the mayor has four cars. You can't tell from the budget that his is a four-car family because we are not buying him any new ones next year. But the old ones are wearing out. How much does a super-deluxe Cadillac limousine depreciate in one year? So we make a guess and say the depreciation on the whole fleet of cars is \$5000. That makes a total of \$37,000.

The mayor sometimes borrows a car from the Fire Department with a fireman as a driver. How much does that cost?—You tell me!

So in round numbers we are up to about \$40,000 to drive the mayor around each year.

However the budget only shows \$12,240.

Now if we had a modern budget—a performance budget—it would show the work to be accomplished. In this case: "Transporting the Mayor." Then it would show the amount: "\$40,000."

But our budget system is designed to hide this sort of expense from the voter.

To look at it a different way. Let us say Mr. Tatarian has 100 potholes in the streets each year. A performance budget would say: "Fill 100 Potholes at \$1000 each—\$100,000."

Does the mayor need all those cars? He says he does. Do we need all these men filling potholes or should some of them be out planting trees? Mr. Tatarian says he has a lot of potholes. But the Finance Committee has no way of knowing. If we tried to chase down every item like transporting the mayor we would not have any time for anything else.

All the Finance Committee could do this year was review the increases over last year. We had no way of checking on the rest of the budget. They could still be running horse cars up Market Street and the Finance Committee wouldn't know it, from looking at the budget.

The Board of Supervisors needs a team of top-notch budget analysts to help it review the budget. The team should include an expert in county administration, an expert in city administration, and a business management consultant with experience in systems analysis. These should be experienced men backed by a competent staff.

I urged the board to set up this team of experts last year. If the Board had done so, we could have saved the taxpayers millions of dollars.

Last year the Arthur D. Little Company made a study of the mayor's office. It also studied the budget procedures. The Little report concluded:

1—The line item budget is obsolete and work performance budgeting should be instituted.

2—The city's budget is cumbersome and detailed.

3—This type of budget aids and abets over-requests by departments and it defies pruning.

4—Attention is focused on changes over last year's expenditures to the exclusion of raising questions about the need for the prior level.

5—This type of budget does not provide an effective stimulus towards efficiency in operation.

The mayor has not done anything about this report. We still have the same old line item budget.

The Board of Supervisors must take action to end the waste of public money. We need our own budget analysts if we are to do the job the public expects of us. In addition we desperately need 'truth in budgeting.'

Supervisor Morrison stated that several weeks ago he had asked the City Attorney to prepare legislation creating a budget division, possibly in the Controller's office, which would supersede agencies now operating by virtue of Charter provisions and other applicable law. Establishment of such a division would permit budgetary surveillance from week to week.

Supervisor Tinney stated that he agreed with both Supervisor Blake and Supervisor Morrison. A combination of performance and line budget would probably be desirable.

Thereupon the roll was called on the pending motion, and it was *adopted* by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, Tinney—10.

Absent: Supervisor Casey—1.

Request Granted.

Supervisor Francois called the Board's attention to the fact that recently considerable publicity has been given to certain activities in San Mateo County. On May 3 Albert Skelly and the Gellert brothers made a public statement to the effect that homes in the Serramonte development would be sold only to members of the Caucasian race. On May 12 the Human Rights Commission adopted a statement addressing itself to this problem and made several recommendations, among which was the recommendation that local governments refuse building permits, public works construction and maintenance, and other public approval to the Standard Building Corporation.

Supervisor Francois requested that the City Attorney be asked to render an opinion as to whether San Francisco may—on the basis of these facts and upon a finding that the corporation is doing business and utilizing the services of the government—deny these services for flagrant violation of State law and public policy.

No objection and *Clerk directed to comply*.

The following recommendation of State and National Affairs Committee, heretofore considered, was taken up:

Opposing enactment of SCA2, granting property tax exemption to a property owner 65 years of age or older.

File No. 13-66-5, Resolution No. 362-66.

Deputy City Attorney Ward advised that SCA 2 would grant a property tax exemption of \$16,000 on the market value of property used exclusively for one year as a residence by and owned by a person 65 years of age or older who has been a resident of California for an aggregate of five of the preceding nine years and grants an exemption of \$32,000 if the property is owned by such person and spouse as community property or in joint tenancy.

Supervisor Blake stated that San Francisco could not afford such a tax exemption. It would mean that all property owned by persons 65 or over would be exempt and the added burden would fall on the remainder of the tax payers. He said he would not oppose some tax relief, but did oppose this bill unless the exemptions are lowered or there is a means test included.

Motion to Refer to Committee.

Supervisor McCarthy said he did not think the Board would want to give the impression that it does not favor some kind of relief. He therefore moved that matter be re-referred to committee. Motion seconded by Supervisor Morrison.

Motion refused adoption by the following vote:

Ayes: Supervisors McCarthy, Morrison, Moscone, Tamaras—4.

Noes: Supervisors Blake, Ertola, Francois, O'Shea, Tinney—5.

Absent: Supervisors Boas, Casey—2.

Reference to Committee.

The following recommendations of Social Services Committee were taken up:

Authorizing Director of Public Health to enter into agreements with the Economic Opportunity Council to establish and maintain health screening and referral programs.

File No. 211-66, Resolution No.

Dr. Ellis D. Sox, Director of Public Health, explained that the suggestion for establishment of this program came from the Economic Opportunity Council with the Department of Public Health to furnish certain services and supplies which would constitute the City's ten percent contribution.

Supervisor Tinney stated that he had no objection to the rendering of this type of service and, in fact, would think it splendid if rendered by the Department of Public Health directly; however, it is an awkward and irregular way to approach the problem. He said that in his opinion such a proposal should be submitted in a regular way to the Finance Committee.

Supervisor Ertola, seconded by Supervisor Blake, moved referral to Finance Committee.

Supervisor Tinney said that the committee could hear the matter at the next meeting on Wednesday, May 25.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, Tinney—10.

Absent: Supervisor Casey—1.

Adopted.

Approving application of Recreation and Park Department for a Federal Grant for an expanded recreation program and service in Hunters Point-Bay View-Sunnydale Districts.

File No. 279-66, Resolution No. 366-66.

Supervisor Ertola, seconded by Supervisor Blake, moved referral to Finance Committee.

In response to questions by Supervisor Blake, Deputy City Attorney Ward stated that this application could have been made directly to the Economic Opportunity Council except for the fact that the Board has enacted legislation requiring prior approval by the Board of any such application for Federal funds.

The representation has been made that this program would permit additional children to use the playgrounds and camps. Funds for additional supervisory personnel would be supplied by the Council. The Controller was asked by what procedures money furnished by the Council would be made available for use by the Recreation and Park Department. The Controller has advised that under the administrative provisions of the appropriation ordinance these funds would be put into a trust fund and would be transferred therefrom for the Department's use.

Mr. Ward continued by saying that—if the Board desires that the application be submitted and if the program only provides for use of Recreation and Park facilities by an additional number of children—it would be proper for the Board to permit the application to be made without going through all the usual budget processes. The Board has approved a budget item for the Economic Council in the amount of \$210,000. This is in cash. In the subject program the City's contribution is not in cash but in space being made available and therefore should be considered separately and not as part of the \$210,000.

Request Granted.

Supervisor Francois requested that a letter be written to the Economic Opportunity Council asking that future requests for funds for particular programs include a reference to the approved budget item so that the proposed program can be evaluated properly by the Board, with an indication of whether there is any change in the proposal, and, if so, a statement as to what changes have been made.

No objection and request granted.

Motion Withdrawn.

Supervisor Ertola withdrew his motion to refer to Finance Committee, giving as his reasons the fact that this program is included in the Council budget and, in the future, matters of this kind will be referred to Finance Committee before being presented to the Board for action.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Morrison, Moscone, O'Shea, Tamaras, Tinney—9.

Absent: Supervisors Casey, McCarthy—2.

Request Granted.

Supervisor Moscone requested that a letter be sent to the Public Utilities Commission suggesting a review of the method of administering Commission Resolution No. 24188 which provides for free transportation for blind persons on the Municipal Railway.

Supervisor Moscone stated that in his opinion the requirement that a doctor's certificate be secured certifying to the disability is unrealistic and impracticable and would cause undue hardship upon those persons who are living on fixed incomes. He requested that the Commission review the method of enforcement with the thought of modifying the present interpretation to permit the issuance of passes to unsighted persons upon presentation of proof in writing by a responsible organization or agency serving the blind, certifying to the fact that said person is unsighted; he further suggested that persons carrying a white cane, using a guide dog, and/or carrying a pass be entitled to free transportation on the Municipal Railway.

File No. 246-66, Ordinance No.

In response to questions by Supervisor Francois, Deputy City Attorney Bernard Ward stated that whenever such a revocable permit is

issued by the Director of Public Works, there could be included a hold harmless clause so that the property owner would have the responsibility for any injuries caused by the condition of the sidewalk. He further stated that it would not be necessary to amend the ordinance to provide for the inclusion in the permit of a hold harmless clause; this could be done administratively and would be one of the conditions upon which issuance of the permit would be contingent. Supervisor Francois indicated that he hoped this would be done.

Passed for second reading by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, Tinney—11.

Adopted.

The following recommendation of Health Committee, heretofore considered and temporarily postponed, was taken up:

Authorizing the Chief Administrative Officer and the Director of Public Works to file an application for a Federal grant for a solid waste disposal demonstration project.

File No. 238-66, Resolution No. 378-66.

Chief Administrative Officer Thomas J. Mellon explained to the Board that he and his departments will continue to investigate all other means of solid waste disposal; however, this proposed grant would be limited to the building of an incinerator. He said that he would be in contact with other cities who are engaged in studying means of disposal and expects to work closely with the city of San Jose, which has also applied for Federal funds to conduct a study of other means of disposal.

Mr. Mellon continued by saying that he has been in touch with Federal agencies and will continue these contacts in an effort to ascertain if Federal agencies plan to set up a clearing house for disseminating information concerning results obtained in the various jurisdictions studying this problem.

Director of Public Works Myron Tatarian stated that the City and County's contribution will be mainly in the land (valued at one hundred thousand dollars) and the existing stack (valued at \$70,000). Persons who will be working on the project are budgeted employees. The project will be designed by consultants who are specialists in this field. City and County personnel will supplement the work of the consultants. It is anticipated that this will be a three-year project: One year for designing the incinerator; the second year for construction; and the third year for testing.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras—10.

Absent: Supervisor Tinney—1.

SPECIAL ORDER—2:00 P.M.

Presentation Concluded.

Consideration of recommendation of Public Utilities Commission for establishment of rates and charges for helicopter landing operations at San Francisco International Airport.

File No. 284-66.

Supervisor Francois questioned the wisdom of establishing rates at this time in view of the fact that the question of location of a heliport in San Francisco has not yet been resolved. A committee of the Board should consider establishment of rates along with the question of a heliport site.

Supervisor Morrison stated that San Francisco should have a heliport and that San Francisco-Oakland Helicopter Lines should show a real desire on their part to serve San Francisco. The proposed rates are lower than those which would ordinarily be charged at the Airport.

Withdrawn.

Motion to Refer to Committee.

Supervisor Morrison, seconded by Supervisor Francois, moved reference to Committee for consideration of the question of rates and an investigation of helicopter service to San Francisco.

After further discussion, Supervisor Morrison said that it had been called to his attention that if the Board does not act on this matter, the proposed rates will go into effect automatically; therefore he withdrew his motion to refer to Committee and urged that the Board not adopt the proposed rates.

Refused Adoption.

The following, presented by the Clerk, heretofore considered, were taken up:

Making a finding that the schedule of rates and charges for helicopter landing operations at San Francisco International Airport established by the Public Utilities Commission will be sufficient to pay for maintenance and operation expenses of the Airport Department and will not require any tax subsidy.

File No. 284-66-1, Resolution No.

The Clerk explained that prior to making a decision with respect to a schedule of rates for a public utility, the Board makes a finding as to whether or not the schedule of rates and charges will require a tax subsidy.

Interest of Supervisor Blake in San Francisco-Oakland Helicopter Lines.

Supervisor Blake stated that he is the owner of stock in San Francisco-Oakland Helicopter Lines and inquired of the City Attorney if he were eligible to vote on the subject matter.

Deputy City Attorney Bernard Ward advised that as long as the record shows that the fact of ownership is revealed and the Supervisor owns less than five percent of the shares of stock outstanding, he may vote; provided that his vote is not the decisive vote on the question of adoption.

Supervisor Blake responded that he owned less than five percent of the shares of stock in the company.

Refused adoption by the following vote:

Ayes: Supervisor Tamaras—1.

Noes: Supervisors Blake, Boas, Casey, Ertola, Francois, Morrison, Moscone, O'Shea, von Beroldingen—9.

Adopted as Amended.

The following from State and National Affairs Committee without recommendation, heretofore considered, was taken up:

Endorsing AB 80, relating to property assessment and taxation, as amended in the State Senate May 19, 1966.

File No. 12-66-4, Resolution No. 413-66.

Pending Motions.

On June 6, 1966, Supervisor Morrison, seconded by Supervisor Francois, moved adoption.

Thereafter, Supervisor Francois, seconded by Supervisor Morrison, moved that the Board endorse AB 80 in principle.

Subsequently, motion to continue consideration to June 13, 1966, was adopted, carrying with it the preceding two motions.

Explanations of Vote.

Supervisor Blake stated that he would vote "no" on the proposal because it would appear that passage of the bill would result in lower taxes on industrial and commercial properties at the expense of residential property owners.

Supervisor Morrison urged a "yes" vote. He stated that the law as presently written requires that all property shall be assessed at the same ratio. The bill under consideration makes no change in that requirement.

Assessor Tinney stated that he strongly favored the over-all principles of the bill.

Adopted.**Motion to Amend.**

At the suggestion of Supervisor Morrison, Supervisor Francois, seconded by Supervisor Morrison, moved as an amendment to the pending motion to amend, that the Board endorse AB 80 in principle, with a provision for a uniform assessment ratio of 25 percent of fair market value included therein.

The following from Finance Committee without recommendation was taken up:

Authorizing purchase of certain real property from the Redevelopment Agency for \$143,059.20; required for a high school site in Diamond Heights Redevelopment Area.

File No. 266-66, Resolution No.

(Block 7561, Lot 1, and all of Block 2906 excepting Lot 8.)

Supervisor Morrison, seconded by Supervisor Ertola, moved adoption.

Supervisor Morrison urged a "no" vote on the proposal. He stated that, in the absence of a plan for correcting racial imbalance in the school system, construction of this school might only aggravate that problem.

Supervisor Ertola called attention to the fact that the voters had approved construction of a school at that site in a recent bond issue and it was also included in the redevelopment plan adopted for the area.

Dr. Harold Spears, Superintendent of Schools, and Reynold Colvin, President of the Board of Education, spoke in favor of constructing the school.

M. Justin Herman, Executive Director of the Redevelopment Agency, said that Diamond Heights is not racially segregated, the Board of Supervisors has approved the redevelopment plan, of which this school is a part, eighty percent of the land has been sold and buyers who have children expect to have a school close by.

Refused Passage.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

Monday, June 20, 1966—2:00 p.m.

In meeting of the Board of Supervisors, San Francisco, Monday, June 20, 1966—2:00 p.m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—11.

Quorum present.

Supervisor Peter Tamaras presiding.

Consideration Continued.

Communication Requesting Reconsideration.

The Clerk presented a communication from his Honor, the Mayor, dated June 17, 1966, requesting that the Board reconsider the following which was refused adoption on June 13, 1966:

Authorizing purchase of certain real property from the Redevelopment Agency for \$143,059.20; required for a high school site in Diamond Heights Redevelopment Area.

File No. 266-66, Resolution No.

Supervisor Ertola, seconded by Supervisor Casey, moved reconsideration.

Supervisor Moscone inquired if the Chair would entertain a motion at this time that the Board consider the matter sitting as a Committee of the Whole. The Chair ruled that such a motion would not be in order at this time.

Supervisor Ertola made a subsidiary motion that Rule 25 of the Board's Rules of Order be suspended in order that the Board might consider and vote on the question today. Motion seconded by Supervisor Casey.

Supervisor Morrison requested a ruling on whether the subsidiary motion was out of order.

The Chair ruled that a subsidiary motion may be made while the main motion is pending.

Deputy City Attorney Bernard Ward explained that under the Rules of the Board the motion to reconsider cannot be voted upon until next week unless Rule 25 is suspended.

Explanation of Vote.

Supervisor Francois stated that he would oppose a vote being taken on the main question today because he still feels that the Board should have the advice of the Stanford Research Institute prior to making a decision.

Refused Passage.

Motion to Recess.

Supervisor Blake moved that the Board recess for thirty minutes to permit members to familiarize themselves with the text of the communication from his Honor, the Mayor. Motion lost for want of a second.

Explanations of Vote.

Supervisor Moscone said that he would vote against suspension of Rule 25 since he, too, felt that Stanford Research Institute should give the Board at least their conclusions as to whether a decision on this school site should be delayed until the conclusion of the Institute's study. He further indicated that it was his intention to move that the Board sit as a Committee of the Whole to consider the question.

Supervisor Morrison stated that in his opinion the Mayor's communication contained weighty considerations that should be given study by the Board; therefore, he would vote against suspension of Rule 25.

Supervisor McCarthy said that, without making any comment on what his vote would be on the resolution, he would vote against suspension of Rule 25 so that more meaningful data might be supplied the Board.

Supervisor Francois stated that he opposed voting on the main question today. If the vote on the question to reconsider is continued to next Monday, it is his intention to move that the Board hear the matter as a Committee of the Whole.

Supervisor Ertola urged a "yes" vote on the motion to suspend Rule 25. He said he was prepared to vote on the main question. It was his understanding that Stanford Research Institute is conducting only the most preliminary of surveys and that they will not be prepared next week or anytime in the near future to give the Board any definitive information. The Board of Supervisors is meddling in matters the Board of Education has explored and on which they have given assurance as to their plans. In his opinion, the Board owes support to the Board of Education, the voters, and the redevelopment program for the area.

Supervisor Tamaras said that the question of racial imbalance is a matter to be decided by the Board of Education. What is before the Board of Supervisors is the matter of purchase of land that has been approved by the people of San Francisco. The Board of Education is making every attempt to come to grips with the question of racial imbalance and solve the problem. These facts should be kept in mind

along with the matters of the credit of the Redevelopment Agency, and the mandate of the people.

Motion to suspend Rule No. 25 refused adoption by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, O'Shea, Tamaras—5.

Noes: Supervisors Blake, Francois, McCarthy, Morrison, Moscone, von Beroldingen—6.

Requests Granted.

Invitation to Attend Board Meeting June 27, 1966.

Supervisor Morrison stated that it seemed safe to assume that a vote will be taken June 27 on the motion to reconsider the preceding item. He requested that the following be invited to attend: representatives of the Board of Education, Redevelopment Agency, City Planning Commission, Human Rights Commission, and Stanford Research Institute.

Supervisor Blake requested that invitations also be extended to all interested persons, including some of the other groups such as Mothers Support Public Schools. He suggested that the Mayor may wish to testify.

No objection and requests granted.

UNFINISHED BUSINESS.

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—11.

Waiving statute of limitations applicable to payment of certain Controller's warrants and directing issuance of replacements; List dated June 20, 1966.

File No. 23-66-9, Resolution No. 432-66.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—11.

Accepting gift of \$6,000 from the Walter and Elise Haas Fund for use of the Recreation and Park Department for preparation of a plan for a new design of the Civic Center Plaza by Lawrence Halprin, landscape architect.

File No. 38-66-7, Resolution No. 433-66.

Supervisor Morrison advised that the Art Commission recommends that further steps be taken toward implementation of a design for the Civic Center and that an additional ten thousand dollars be appropriated for visual representation of the earlier award-winning design so as to enable a decision to be reached. The Recreation and Park Commission has never taken any action disapproving the award-winning design. They simply adopted a motion refusing to spend funds for models and drawings.

Supervisor Morrison continued by explaining that it is his position that the question before the Board today is separable from the question of proceeding further with the award-winning design.

Supervisor McCarthy stated that he has the highest respect for the donor and did not doubt that this architect could render a plan that would be quite acceptable. However, Supervisor McCarthy said he felt the Board should refuse the gift or continue consideration until there is more understanding of why the various City commissions took the action they did in regard to the international competition. Accepting this gift would be, in effect, a very practical way of shelving forever the award-winning design; therefore, he said, he strongly resists acceptance and urges that the City proceed with phase two of the competition (preparation of detailed drawings and models).

Burton L. Rockwell and Tito Patri, members of the Art Commission, reviewed some of the background of the design competition in response to questions by Supervisor Moscone.

Refused Adoption.

Motion to Continue Consideration.

Supervisor McCarthy, seconded by Supervisor Moscone, moved that consideration be continued indefinitely and that the Clerk draft a resolution for presentation to the Board requesting the Recreation and Park Commission to review the question of proceeding with the design competition.

Supervisor Morrison stated that there is a legal doubt whether the Recreation and Park Commission had the authority to refuse to make an additional \$10,000 available for the second stage. It is clear they

have authority to reject final construction, but there is some doubt as to whether they were obligated to go through with the second stage for models and drawings. He suggested that consideration be continued one week for an explanation by the City Attorney of the legal position of the Recreation and Park Commission and the action they have taken.

The Chair stated that such a motion had already been made by Supervisor McCarthy and seconded by Supervisor Moscone.

Explanations of Votes.

Supervisors Tamaras and Ertola said they would vote "no" on the motion. The gesture of offering the gift was made in good faith and no harm is done by accepting it. Any design resulting can serve at least as a basis for comparison of designs.

Supervisor Francois said he would vote "no" primarily because the donor was fully aware of all the factors discussed this day. Such action by the Board would make it appear the Board wished to impose its wishes on the Recreation and Park Commission.

Motion to continue consideration refused adoption by the following vote.

Ayes: Supervisors Blake, Casey, McCarthy, Morrison, Moscone—5.

Noes: Supervisors Boas, Ertola, Francois, O'Shea, Tamaras, von Beroldingen—6.

Motion that Inquiries be Directed to City Attorney and Recreation and Park Commission concerning actions taken with respect to Competition for a Civic Center Plaza Design.

Supervisor Morrison, seconded by Supervisor McCarthy, moved that an opinion be requested of the City Attorney as to whether or not the Recreation and Park Commission had authority to refuse to proceed with Phase Two of the design competition, which was for development of models and drawings; and that a letter be sent the Recreation and Park Commission advising of the Board's action in accepting the gift, that during consideration there was extensive discussion about whether the Commission should not have gone ahead with Phase Two of the competition, and requesting their comments.

In response to a question by the Chair, Deputy City Attorney Bernard Ward stated that a letter to Recreation and Park Commission along these lines would not violate Section 22 of the Charter.

Motion adopted by the following vote:

Ayes: Supervisors Boas, Casey, Francois, McCarthy, Morrison, Moscone, Tamaras, von Beroldingen—8.

Noes: Supervisors Blake, Ertola, O'Shea—3.

Reynold H. Colvin, President of the Board of Education, stated there was no question in his mind that the Board intends to proceed with phase two of the current study by Stanford Research Institute.

Motion to Rise and Report.

Supervisor Ertola, seconded by Supervisor Morrison, moved that the Committee of the Whole rise and report.

No objection and motion adopted.

In response to questions by Supervisors Francois and Ertola, Justin Herman, Executive Director of the Redevelopment Agency, said that the question of primary importance is the fulfilling of the commitment made to people who bought homes in Diamond Heights. The credits for public works in Diamond Heights are needed for Western Addition Redevelopment Project Area A-2. It is conceivable that some other public work expenditure could be substituted for the proposed school, but he could not see at this time what such an expenditure might be.

In response to a question by Supervisor von Beroldingen, Irving Breyer, Attorney for the Board of Education, stated that all funds from the 1964 bond issue have already been appropriated in full.

Explanations of Vote.

Supervisor Morrison stated he did not believe the Board should reverse its action in refusing adoption of the subject legislation for the following reasons: (1) Rate of increase in high school enrollments has been decreasing; (2) the situation now is different from what it was when the bond issue was approved; (3) the land in question is publicly owned and will be available at a later date if required; (4) the possibility of racial imbalance in the public schools being aggravated by construction of this school is extremely important; (5) decision should be delayed for completion of the Stanford Research Institute study in

order to ascertain if this school will, in fact, provide more flexibility for integration; (6) the argument that Federal credits will be lost by failure to construct this school has been somewhat discredited; (7) moral and ethical responsibilities should outweigh the possibility of any difficulties being created for developers if the school is not built. The contention is not that the school should not be built but that the Board of Education should first act upon a plan stating how racial imbalance will be corrected and when.

Supervisor Francois urged a "no" vote, saying that the study by Stanford Research Institute should be completed before any action is taken. The land in question will still be available at a later date.

Supervisor Tamaras stated that funds for this project have already been appropriated and a portion spent for architectural fees. The Board has a definite and strong mandate from the people and a promise was made to the people who bought homes in Diamond Heights. The Board has provided for inclusion of moderate-priced housing in this area and many of these homes will be occupied by members of minority groups. For these reasons and because it is difficult to find land in San Francisco for a high school site, Supervisor Tamaras said that the Board must and should approve the subject measure today.

The following recommendation of Governmental Services Committee, heretofore considered, was taken up:

Amending Part III of the San Francisco Municipal Code by amending Section 11 thereof to provide that all hearings of the Board of Permit Appeals shall be recorded by a phonographic reporter.

File No. 254-66, Ordinance No. 154-66.

Supervisor Moscone explained that his vote was based upon the fact that the Board of Permit Appeals is a poor man's court. A person appearing before the Board who does not have the financial ability to hire counsel before his first appearance is generally unaware that a written transcript of the proceedings is a necessity if he is to prevail in any succeeding litigation.

Supervisor Ertola, seconded by Supervisor O'Shea, moved re-reference to Committee.

Motion refused passage by the following vote:

Ayes: Supervisors Ertola, O'Shea, Tamaras, von Beroldingen—4.

Noes: Supervisors Blake, Boas, Francois, McCarthy, Morrison, Moscone—6.

Absent: Supervisor Casey—1.

Passed for second reading by the following vote:

Notice of Public Hearing by State Division of Highways on alternate proposals for extension of the Southern-Embarcadero Freeway between Brannan and Howard Streets.

The Clerk presented a communication from the District Engineer, State Division of Highways, requesting permission to appear before the Board this date to inform members of the Board of a public hearing in August by the State Division of Highways on the results of the restudy of the location of the Southern-Embarcadero Freeway between Brannan and Howard Street.

Committee Meeting.

Supervisor Ertola announced that the Streets and Transportation Committee would meet July 14, 1966, at 10:00 a.m., at which time the alternate proposals for location of the Southern-Embarcadero Freeway extension as explained by Mr. Greene will be considered.

Reference to Committee.

Requesting permission to entomb the remains of Archbishop John Maximovitch under the altar of the Holy Virgin Cathedral.

The Clerk presented a communication from the firm of O'Gara and McGuire transmitting a petition requesting special permission to entomb the remains of Archbishop John Maximovitch under the altar of the Holy Virgin Cathedral as is the custom in the Russian Orthodox Church.

In response to a question by Supervisor McCarthy, Deputy City Attorney Bernard Ward explained that it would be necessary to amend the Health Code of the City and County in order to grant such permission and that such an amendment could not be enacted today since an emergency as defined by the Charter does not exist.

Mr. Ward also stated that there may be State legislation which would prohibit such a burial.

The Chair requested that the Clerk write the firm of O'Gara and McGuire, explaining that the present law would have to be amended before such permission could be granted and that the City Attorney be requested either to prepare proposed legislation for committee consideration or advise as to any obstacles to Board action.

No objection and request granted.

Referred to Health Committee.

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

Monday, August 8, 1966—2:00 p.m.

In meeting of the Board of Supervisors, San Francisco, Monday, August 8, 1966—2:00 p.m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Boas, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—9.

Absent: Supervisors Casey, Ertola—2.

Quorum present.

President Peter Tamaras presiding.

Supervisor Casey excused from attendance. (See infra.)

Supervisor Ertola excused from attendance. (On official leave of absence.)

Supervisor Casey Excused from Attendance.

The Clerk announced that Supervisor Casey had requested to be excused from attendance because of illness.

No objection and request granted.

Refused Adoption.

There being no objection, at the request of Supervisor Francois, the following from State and National Affairs Committee without recommendation appearing on the calendar under "New Business" was taken up out of order:

Stating it to be the sense of the Board of Supervisors that local and State agencies should act to mitigate the severity of criminal penalties against the Palace Hotel and Auto-Row sit-in demonstrators.

File No. 369-66, Resolution No.

Supervisor Francois, seconded by Supervisor Morrison, moved adoption.

Supervisor Francois stated that he believed the Board has a legitimate interest in this question. He explained that all sentences have been imposed. The question is whether some of the longer sentences—for which there seems no justification—imposed by out-of-town judges should be equalized.

William Porter, Human Rights Commissioner, spoke in favor of the proposed resolution.

Supervisor Morrison said that passage will enable the Governor to use his power to mitigate the penalties imposed; the Board should act out of concern for the young people concerned and in the interest of order and stability in our civic life. He urged a do pass vote.

Supervisor Moscone urged an aye vote. The people involved brought to the attention of the community certain grievances which have since been rectified. He said in his opinion the Board would be remiss if it regarded this proposed Board action as being an invitation to future violation of the law.

Supervisors Boas and Tamaras stated though they are sympathetic, they believe it is the duty of the judges to execute the law. The Board of Supervisors is a legislative body and it is not its job to tell the judges how to perform their duties.

Refused adoption by the following vote:

Ayes: Supervisors Francois, Morrison, Moscone, von Beroldingen—4.

Noes: Supervisors Blake, Boas, McCarthy, O'Shea, Tamaras—5.

Absent: Supervisors Casey, Ertola—2.

The Board thereupon resumed consideration of the calendar items in the order set forth therein.

The Clerk presented a communication from Mary de Jesus, owner of Block 7094, Lot 22D, protesting the assessment against her property. Miss de Jesus stated that she did not feel she had been benefited by the improvement and could not afford the assessment.

Norma L. Jerry, 135 Summit Street, protested the plan by which the work was done and requested that street lights be installed and the center island be maintained.

Earl Arnold, 59 Minerva Street, protested that he had had to move his sewer trap at his own expense.

Herman Beneke, representing the City Engineer, explained that the work had been done according to specifications, that this was a difficult, hilly street. He said that the department is notifying the Pacific Gas and Electric Company to install street lights and requesting the Bureau of Street Planting to plant the center island.

Supervisor Blake suggested that if Mr. Arnold feels he has a claim against the City he should file a claim with the Board of Supervisors.

There being no one else present desiring to protest, the Chair declared the hearing concluded.

Supervisor Boas, Chairman of Health Committee, announced that the Committee would not hold its regular meeting on Tuesday, August 23, and instead would meet Monday, August 29 to consider a proposed ordinance permitting the charging of professional fees by physicians and dentists to patients in institutions of the Department of Public Health.

Supervisor Boas also announced that at the Committee's regular meeting in September, the report of the San Francisco Health Council Committee on San Francisco General Hospital will be considered.

Rescission of Action.

Reference to Committee.

Ordering annual audit of Controller's books by Main-Lafrentz and Company for \$8,625; and rescinding Resolution No. 48-66.

File No. 95-66-1, Resolution No.

Requests Granted.

Supervisor Boas requested the Controller to prepare a brief memorandum on his views of the scope of the auditing procedure that the Board should have in mind.

Supervisor Boas also requested that letters be written over his signature to the President of the Society of Accountants, Peter Arnstein of the John Forbes Company, and to Lybrand, Ross Bros. and Montgomery, asking for their views as to the annual audit of the Controller's books and what the scope should be.

No objections and requests granted.

Motion to Rescind.

Supervisor Morrison, seconded by Supervisor Francois, moved that the Board rescind the vote whereby consideration of the foregoing measure was continued for one week, for the purpose of referring the legislation to Finance Committee for further consideration with the direction that the Committee report it back to the Board on August 29, 1966.

Motion to Refer to Committee.

Supervisor Morrison, seconded by Supervisor Francois, moved that legislation be referred to Finance Committee with the direction that Committee report back to the Board on August 29, 1966.

No objection and motion carried.

Petition of California Nurses' Association for Improved Salaries and Working Conditions.

Supervisor Blake called attention to reports in the press that the Nurses' Association is asking the San Francisco Labor Council to sanction a strike. He expressed his hope that some action could be taken by the Board of Supervisors to avert a crisis.

Supervisor Moscone advised that he had received a list of demands being made by the nurses. As Chairman of the Legislative and Personnel Committee he had assured the representatives who had presented the demands that, in the event an emergency is declared, the Legislative and Personnel Committee will meet immediately.

In the absence of such a declaration, no salary adjustments could be made until 1967.

Deputy City Attorney Bernard Ward explained that Charter Section 25 gives the Mayor the power to declare an emergency. Such a declaration would suspend all provisions of the Charter and the Board of Supervisors would then be able to take action with respect to salary adjustments. Without such a proclamation by the Mayor, the Board has no power to grant any relief.

Mr. Ward continued by explaining that the City Attorney is satisfied that such an emergency must be impending; of almost instant happening. There would have to be some indication that on a particular date the nurses would not report for work. The Mayor has been investigating this question and is aware of when he may use his emergency powers.

Committee Hearings on Proposed Charter Amendments.

Supervisor Moscone, Chairman of the Legislative and Personnel Committee, advised that the Committee is currently holding hearings on proposed Charter amendments for inclusion on the November, 1966, ballot. He urged all Board members having an interest in specific measures either to appear before the Committee or to stimulate appropriate departments to attend and make recommendations to the Committee.

Request Granted.

County Board of Equalization Hearings.

Supervisor Moscone recalled that during the recent County Board of Equalization hearings many applicants were represented by counsel clearly more occupied with establishing a record for litigation than seeking equalization of assessment. He stated that it is his opinion that the Board of Supervisors should not be in the position of interposing legal objections to evidence sought to be submitted or questions asked, since the Board then acts as judge, jury, and counsel, as well.

Supervisor Moscone requested that letters be written to the Assessor and the City Attorney asking that at the time the Board sits as a County Board of Equalization, the Assessor be provided with counsel whose sole function it will be to file objections to applicants' statements and questions and to advise the Assessor.

No objection and request granted.

Request Granted.

Establishing a County Assessment Appeals Board.

Supervisor Francois stated that he believed San Francisco should change the entire procedure and establish an appeal board. He said that the November, 1966, ballot will include State Proposition No. 12, a Constitutional Amendment authorizing any county to create an assessment appeals board to act as a Board of Equalization for any taxable property in the county.

Supervisor Francois requested that the Clerk prepare a proposed resolution expressing the Board's support of Proposition No. 12.

No objection and Clerk directed to comply.

The following communication was presented by the Director of Property:

July 25, 1966.

Board of Equalization Hearings

Commencing July 5, 1966.

Through Mr. Thomas J. Mellon
Chief Administrative Officer,

Honorable Board of Supervisors
City and County of San Francisco.

Members:

At the last meeting of the Board of Supervisors sitting as a Board of Equalization on July 18, 1966, at the request of the Director of Property, a number of applications for reduction in assessments of various commercial properties were taken under submission pending a further

report by the Director of Property to be submitted on Monday, July 25, 1966. Herewith is a general statement regarding these applications which is made for the purpose of clarifying the recommendations of the Director of Property and for the guidance of the Board in coming to a decision on these matters.

A review of the assessments of the properties concerned, particularly those on Market Street and in the downtown area, generally indicates assessment ratios based on the estimate of the Director of Property in the range of 30 to 50 per cent and sometimes higher. In general, we recommend against the reduction of such assessments at this time. The existing assessment ratio in the downtown commercial area, although considerably higher relatively than in residential areas, particularly for single family homes, have followed this pattern for many years. It is our understanding that all property in San Francisco *must* be assessed by the Assessor for the fiscal year July 1, 1967, to June 30, 1968, at a ratio to full cash value of between 20 and 25 per cent; the actual ratio in this range to be set by the Assessor; and from 1971, at 25%. To reduce some of these assessments at this time would create an inequitable situation to all other downtown commercial properties for which applications for reduction have not been filed. Such reductions would constitute a piecemeal attempt at equalization. It is our recommendation that such piecemeal approach not be taken and that no action be taken until next year, when the entire assessment roll is to be equalized as required by State law.

We might point out that the assessment on the Phelan Building, for example, for which an application for reduction has been filed, is in excess of \$2,500,000. This total assessment is the equivalent of 1,000 single family residences built in the 30's with combined land and building assessments of perhaps \$2500 each. We wish to point out also that a reduction in taxes in commercial income producing property has the effect of increasing the market value because a reduction in any expense item—and the item of taxes constitutes one of the most important expense items—has the effect of increasing the net income, other things being equal, and thus the market value of the property.

Taxes and market value tend to be interrelated, each having an effect on the other. We recommend very strongly against disturbing the downtown tax structure until this can be done on an overall planned basis, as scheduled for next year.

The above statement is intended to explain the position of the Director of Property in recommending against the reduction in the assessments of commercial or income producing properties at this time except in a relatively few cases where the assessments appear to be clearly out of line with similar properties.

Very truly yours,

PHILIP L. REZOS
Director of Property.

Supervisor Francois, seconded by Supervisor Morrison, moved that the building be reduced from \$161,300 to \$122,375.

Supervisor Ertola explained that the Board of Supervisors is now beginning to feel the effects of AB 80, which provides that eventually all property will be assessed at 20% of its fair market value. He remarked that he was unalterably opposed to such a procedure because it was placing an impossible burden upon the small home owner while relieving the downtown properties from its duty to contribute its equitable share towards its operation of the city and county. Supervisor Ertola concluded by saying that if reductions were to be made to bring property within the 25% ratio he would vote against said reduction.

SPECIAL ORDER — 2:00 P.M.

Board of Supervisors sitting as a County Board of Equalization.

File No. 300-66.

Motion to Sit as a County Board of Equalization.

Supervisor Ertola, seconded by Supervisor Boas, moved that the Board of Supervisors now sit as a County Board of Equalization to equalize assessment of property on the local assessment rolls.

Motion carried by the following vote:

Time Limits for Action.

The Chair announced that time for filing applications for correction or equalization of assessments on the unsecured roll ceased as of 12 o'clock noon today, and that the Board has until August 12, 1966, to complete its consideration of and action upon applications.

Effects of Assembly Bill 80 on Local Assessment Procedures.

In response to questions by Supervisor Ertola, Assessor Tinney stated

that it was his understanding that his office is required, under A. B. 80, to reappraise all property within the City and County during the next year with a view to establishing a uniform ratio of assessment to full cash value of property.

Supervisor Ertola stated that it seemed to him that the problem is so great and the effects will be so devastating that the Board of Supervisors, Assessor, and City Attorney should immediately consider what amendments should be recommended to the Revenue and Taxation Committee of the Legislature so that the effect of A.B. 80 upon the small taxpayer might be lessened.

Assessor Tinney further stated that he is reluctant to advocate an increase in professional personnel; therefore, every effort is being made to reorganize procedures. However, the job ahead will be impossible to accomplish without an increase in clerical staff along with necessary additional office space and equipment.

In response to further questions by Supervisor Ertola, Mr. Tinney said that he has already decided to cooperate very closely—perhaps on a week-to-week basis—with the Board of Supervisors so that the Board may be fully informed as to the financial impact of the new law. Because of lack of adequate records, it is impossible at this time to make even a rough prognosis. Data is being assembled and correlated so that a determination of the financial effect can be made at the earliest possible time, in an effort to preserve this most important economic segment of San Francisco.

Reference to Assessor.

Protest of Arnold E. Walters concerning assessed valuation of real property known as Block 326, Lot 4.

Supervisor Blake advised the Board that Arnold E. Walters had asked to appear before the Board this day. Supervisor Blake said he had been informed that a protest had been filed with the Assessor on June 9, 1966, and that Mr. Walters had just learned that his protest had not been forwarded to the Board of Supervisors.

The Clerk called the Board's attention to the fact that the period for filing protests is set forth in the Revenue and Taxation Code. The Board has no power to deviate from those periods of time except as extended by the State Board of Equalization. So far as the Clerk was aware, this matter did not reach the Board in any form.

Arnold E. Walters told the Board that a letter was personally delivered to the Assessor's Office June 9, 1966, at which time Mr. Walters was told that he would be contacted at a later date.

Deputy City Attorney Stark advised the Board that this is a question of jurisdiction and that the Board has no jurisdiction.

Supervisor Moscone stated that he would expect the applicant could seek some relief if it is true that he was lead to believe he had made a timely filing. If this were true, it would serve no purpose if the matter were put before the Board. He asked if it would be advisable for the Board to hear Mr. Walter's testimony.

Deputy City Attorney Stark advised that he did not think it proper nor would it serve any purpose to do so.

The Chair recommended that Mr. Walter confer with the Assessor and ask the Assessor to review his case.

Petitions for equalization of personal property tax assessments of St. Francis Hotel and Hotel Sir Francis Drake.

The Chair stated that the Board has today received communications from the St. Francis Hotel and Hotel Sr. Francis Drake petitioning for equalization of personal property tax assessments. The Chair asked the City Attorney if the Board can take jurisdiction at this time.

Deputy City Attorney Stark advised that time for filing applications ceased as of twelve o'clock noon August 1, 1966; therefore, the Board has no jurisdiction. However, the Board may take an offer of proof on the merits.

Michael R. Marron, Attorney at Law, appearing on behalf of the St. Francis Hotel and Hotel Sr. Francis Drake, asked permission to have his statement of proof taken by a court reporter. Supervisor von Beroldingen, seconded by Supervisor Ertola, moved that the application, which had previously been taken under advisement, be granted and the assessed valuation of the building be reduced \$120,555.

Supervisor Francois urged a "no" vote on the motion, saying that such a reduction would be unfair to other owners of Market Street property and would be a very difficult precedent to sustain.

Supervisor von Beroldingen stated that her motion was based on the Assessor's testimony concerning other comparable properties. This is a residential hotel and should not be classified simply as a Market Street property.

Motion to reduce assessed valuation refused adoption by the following vote:

Motion to Reduce Assessment.

Supervisor Morrison, seconded by Supervisor Boas, moved that the application, which had previously been taken under advisement, be granted and that the assessed valuation of the land be reduced \$500,000 and the assessed valuation of the building be reduced \$1,500,000.

Supervisor Morrison urged an "aye" vote. He stated that so far as the Board is able under the law and under its responsibility as a Board of Equalization, it should direct its tax policy so as to achieve the redevelopment plan. The Board's action on St. Francis Square recognized the fact that the redevelopment plan was carried out as planned by the Board. If the City is to realize the full tax potential of the Golden Gateway and all other redevelopment projects, the Board must encourage the developers to go forward.

Supervisor Morrison continued by saying that a reduction is justified by the fact that the applicant has given comparable assessments which average to \$1.97 per square foot on the land. In the Golden Gateway the figure is \$3.56. The Board should also take into account the restrictions which the Board itself placed on development on the land and the fact that present construction activities in the surrounding areas make it less attractive to potential renters.

Supervisors Blake and Francois spoke against the motion.

Supervisor Morrison thereupon withdrew his motion and moved instead reductions as follows: \$500,000 on the land; \$500,000 on improvements on Lot 200; \$100,000 on improvements on Lot 198; and \$100,000 on improvements on Lot 199.

In response to a question by Supervisor Moscone, the Director of Property repeated his recommendation that the assessed valuation of the improvements on Block 200 be reduced \$500,000.

Adopted.

Supervisor Moscone, seconded by Supervisor Boas, moved that the question be divided.

Calling and providing for a special election to be held in the City and County of San Francisco on Tuesday, November 8, 1966, for the purpose of submitting to the voters of the City and County bond issues in the sum \$95,500,000 for the improvement of air transportation facilities and \$96,500,000 for additions to and improvement of the municipal transit system.

File No. 311-66-1, Ordinance No. 227-66.

In response to a request by Supervisor Morrison, the Clerk read to the Board Supervisor Morrison's inquiry to the Registrar of Voters and the Registrar of Voters' response explaining that issues are presented to the electorate in the following order: (1) bond issues, (2) charter amendments, (3) ordinances, etc. Within each group, measures

appear in the same order in which they are submitted by the Board of Supervisors. Bond issues are placed on the ballot in the same order in which they appear in the ordinance calling a special election.

Supervisor Morrison stated that in his opinion the municipal transit system bond issue is the most important matter to be placed on the ballot and that it should be first, since first place means a few additional votes in favor. Members of the Board were not consulted on the question of the order in which measures would appear on the ballot. Supervisor Morrison said he believed the Board should express its preference, knowing that the Registrar of Voters can do as he likes. He asked if it would be proper—if he wished to put the question to the Board—to offer an amendment to the subject ordinance so as to change the order in which the bond issues are listed.

Deputy City Attorney Bernard Ward advised that since Section 2.34 of the San Francisco Administrative Code requires that an ordinance ordering the submission of bond issue proposals to the voters at an election held for that purpose must be passed not less than seventy days before such election, there is not time to amend the ordinance and proceed de novo.

Consideration Temporarily Postponed.

There being no objection, Supervisor Morrison thereupon presented the following out of order:

Declaring conclusion that municipal transit system bond issue should be designated Proposition "A" on the November, 1966, ballot.

File No. 311-66-2, Resolution No.

Supervisor Morrison, seconded by Supervisor Francois, moved adoption.

Deputy City Attorney Ward advised that adoption of the resolution could be in violation of the Charter. Since bond elections are checked so carefully, Mr. Ward asked for time to talk to Chief Deputy City Attorney Thomas Blanchard.

There being no objection, consideration was temporarily postponed.

Rescission of Action.

Final Passage.

The following from the Emergency Calendar was taken up:

Appropriating \$50,000, Department of Public Works, for expansion of the Centrex Telephone System; an emergency measure.

File No. 82-66-8, Ordinance No.

Referred to Finance Committee.

Adopted as Amended. (See infra.)

The following presented by Supervisor Morrison out of order and previously considered and temporarily postponed, was taken up:

Declaring ((conclusion)) opinion that municipal transit system bond issue should be designated Proposition "A" on the November, 1966, ballot.

File No. 311-66-2, Resolution No.

Deputy City Attorney Ward advised that he had conferred with Chief Deputy City Attorney Blanchard, who concurred that the resolution as proposed would be improper because it is the policy of the Registrar of Voters that the ordinance calling the special election establishes the manner in which the bond issues will appear on the ballot. It is the policy of the City Attorney in preparing the ordinance to list the proposed bond issues in the same order as that in which the dec-

larations of public necessity were assigned resolution numbers. This policy was followed in the instant case.

Supervisor Morrison stated that it is conceded that the Registrar of Voters has sole authority to determine placement of measures on the ballot; however, it is his purpose to make the Board's position clear. Supervisor Morrison said he felt Mr. Ward had given an unduly harsh opinion in saying the proposed resolution is out of order and asked that it be adopted despite Mr. Ward's advice.

Motion to Amend.

Supervisor Morrison, seconded by Supervisor Ertola, moved that the resolution be amended by deleting the word "conclusion" from the title and body of the resolution and substituting therefor the word "opinion."

Motion to amend adopted by the following vote:

The following recommendation of Finance Committee appearing on the calendar under "Unfinished Business" heretofore considered and temporarily postponed, was taken up:

File No. 311-66-1, Ordinance No. 227-66.

In response to further questions, Deputy City Attorney Ward and Chief Assistant Deputy City Attorney Blanchard explained that this was the last regular meeting day at which the Board of Supervisors could finally pass the subject ordinance. Mr. Blanchard stated that no clerical error had been made. The legislation had been prepared in accordance with established policy of the Registrar of Voters and the City Attorney.

Finally passed by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—10.

Refused Adoption.**Motion to Reconsider.**

Declaring opinion that municipal transit system bond issue should be designated Proposition "A" on the November, 1966, ballot.

File No. 311-66-2, Resolution No.

Supervisor Francois said that he now saw no purpose in adoption of the subject resolution; if the Registrar of Voters wished to comply with the Board's wishes, he could do so, but would not do so by reason of the relative order of the bond issues in the ordinance calling the special election.

Mr. Blanchard stated that he foresaw a legal question being raised if an amendment to the ordinance were to be made at this time.

Supervisor Francois, seconded by Supervisor Casey, moved reconsideration.

Supervisor Tamaras said that at the present time he had received no word as to whether or not the nurses have accepted the City's offer. In view of the circumstances, he asked that the Board refer the subject resolution to the President of the Board. He said he would await developments and consult with the Mayor, the Chief Administrative Officer, the Civil Service Commission, and then report back to the Board as soon as possible as to what the Board's next action ought to be. Perhaps a revision of the resolution will be necessary; however, he said, it does show the Board's good faith and that the Board wants to be equitable.

Supervisor Moscone, seconded by Supervisor McCarthy, moved that consideration be postponed temporarily pending receipt of information concerning results of the nurses' vote.

No objection and motion carried.

Adopted.

The following presented by Supervisor Tamaras, heretofore considered and temporarily postponed, was taken up:

Declaring intention to adjust compensation of nursing personnel in public health institutions of the City and County.

File No. 270-66-4, Resolution No.

The Chair advised that since the Board of Supervisors recessed August 29, 1966, as the result of extended negotiations between the Mayor, other representatives of City and County government, and nurses' representatives, an offer has been made by the Mayor and apparently accepted by the nurses; therefore, there is no longer need for enactment of the subject resolution.

Supervisor Moscone, seconded by Supervisor Francois, moved that the legislation be tabled.

No objection and motion carried.

Communications.

At the direction of the Chair, the Clerk presented the following communications:

WEDNESDAY, AUGUST 31, 1966

August 31, 1966.

The Honorable
The Board of Supervisors
Room 235, City Hall
San Francisco, California.

Gentlemen:

Attached for the information of your Honorable Board is original copy of a Proclamation which I issued under date of August 30, 1966, declaring a public emergency to exist as a result of failure of nurse personnel to man the various institutions of the Department of Public Health of the City and County of San Francisco. Also attached is a copy of a self-explanatory letter which I addressed under the same date to All Nurse Personnel in the employ of the City and County.

I am informed that the nurses have accepted the proposal for wage increases outlined in my letter to them, and pursuant to this action I have requested the Civil Service Commission, the Controller and the City Attorney to prepare the necessary ordinances to effectuate the subject wage adjustment proposal. This legislation will be forwarded to your Honorable Board immediately after it has been prepared, and I hereby direct you to enact these ordinances.

Very truly yours,

John F. Shelley
Mayor

August 30, 1966.

All Nurse Personnel
Department of Public Health
City and County of San Francisco

Dear Nurses:

I have this date declared a state of emergency as a result of failure of nurse personnel to man the various institutions of the Department of Public Health of the City and County of San Francisco.

Pursuant to the authority vested in me by virtue of the Mayor's emergency powers, I propose to recommend to the Board of Supervisors, the Controller and the Civil Service Commission the following proposal:

1. A 15% increase across the board for all Registered Nurse classifications, including all promotional ranks and Public Health Nurses, effective 9-1-66;
2. Mayor, Board of Supervisors and Civil Service Commission agree to maintain 15% differential above rates paid by private hospitals in San Francisco, and to maintain current competitive relationship in the public jurisdictions included in Salary Standardization survey, whichever is highest, effective 7-1-67;
3. After 9-1-66 the City will pay 15% over the rate generally prevailing in private hospitals in San Francisco for each month covered in such period. This provision will cover all classifications included in Item No. 1 hereof;

4. All above provisions shall also apply to part-time Nurses;
5. 10% night differential to apply to Registered Nurses in Emergency Hospitals.

I also propose to direct the Board of Supervisors, the Controller and the Civil Service Commission to perform all legislative and administrative acts necessary to put this proposal into effect.

My actions in this regard will be dependent upon the indication by vote of the nurse personnel that the above proposal has been accepted.

Sincerely yours,

John F. Shelley
Mayor

Finally Passed.

The Clerk presented the following from the Controller:

Appropriating \$1,300,000, Department of Public Health, for permanent salaries, overtime, holiday pay, sick leave replacement, temporary salaries, medical service and care and retirement allowances; an emergency measure.

File No. 64-66-3, Ordinance No.

Supervisor Moscone, seconded by Supervisor Francois, moved "do pass."

Supervisor Moscone, seconded by Supervisor Francois, moved that the privilege of the floor be granted to representatives of the nurses for a period of five minutes only to discuss a question still at issue.

No objection and motion carried.

John J. Jeffery, Business Representative, AFL-CIO Local 400; Ralph Hartley, representing the San Francisco Nurses Association; and George Johns, Secretary, San Francisco Labor Council; called attention to the fact that existing differentials between the various classifications of nurses is not maintained in the proposal submitted to the Board.

Chief Administrative Officer Thomas J. Mellon stated that the matter of differential between classifications was never discussed at any time during negotiations with the Mayor. All that was discussed was an across-the-board increase of fifteen percent on the prevailing wages now in effect in private hospitals. That is what the Mayor's letter accomplishes. If some inequities exist as a result of the City's attempt to treat everybody equally by agreeing to a fifteen percent increase, those problems can be worked out at a later time.

Supervisor Morrison said that he was quite sure that all members of the Board would want to maintain the same percentage differentials that now exist. The problem is how to accomplish this. He called attention to the fact that the Mayor has directed the Board to enact the legislation presented to the Board. Supervisor Morrison asked what is the power of the Board in this situation.

Deputy City Attorney Bernard Ward stated that the matter before the Board at that moment was the appropriation ordinance, which had nothing to do with establishing rates of pay. If the amendment of the

Annual Salary Ordinance were being considered, it came to the Board under the Mayor's authority under Section 25 of the Charter, in which he has the power to marshal and direct all things he believes necessary to meet the emergency. He has directed the Board to pass this measure and the Board is bound to do so in the form in which it is received. When the Salary Ordinance amendment comes before the Board, it likewise comes as the Mayor's solution to the emergency and the Board is directed to pass it in exactly the form in which it came to the Board. If there are some misunderstandings between the nurses' representatives and the Mayor, that should be taken up with the Mayor and he would still have the power to make corrections.

Mr. Ward said that if the Board wished it could write a letter to the Mayor relating the occurrence at this meeting.

In response to questions by Supervisor Moscone, George J. Grubb, General Manager, Personnel, stated that the Mayor has not seen the actual salary ordinance; however, it does reflect the intent of the Mayor's letter. Chief Administrative Officer Mellon agreed.

Supervisor von Beroldingen Excused.

Supervisor von Beroldingen, at the hour of 7:30 p.m., requested permission to be excused from attendance until about 9:30 p.m.

No objection and request granted.

Motion to Recess.

Supervisor Blake said he thought the Mayor should be present. Also, the Controller should inform the Board as to what the cost will be. Thereupon, Supervisor Blake, seconded by Supervisor Francois, moved that the Board recess until 9:30 p.m. for attendance by the Mayor and Controller.

Motion carried by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras—9.

Absent: Supervisors Ertola, von Beroldingen—2.

RECESS.

The Board, at the hour of 7:45 p.m., recessed.

Reconvening of the Board.

The Board reconvened at the hour of 9:30 p.m.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Boas, Casey, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—10.

Absent: Supervisor Ertola—1.

Quorum present.

President Peter Tamaras presiding.

Mayor Shelley advised the Board that the salary ordinance covered the situation as set forth in his proclamation of the emergency; that upon reexamination of the salary ordinance, he is positive that it reflects his views. He stated that it was his opinion that nothing more should be done at this time but increase the salary of the nurses.

At a subsequent time the Board during salary standardization hearings can adjust the salary of nurses as deemed necessary. The increase that is recommended for the nurses is an interim increase pending revision of the agreement between nurses' association and private hospitals in accordance with the decision of the arbitration board appointed to review the matter.

The Controller advised that there would not be enough money to meet the demands of the nurses, but there might be enough to meet increases in accordance with increased rates of bay area private hospitals. Despite differential in pay now existing, there has been a shortage of nurses in San Francisco for the past year. Salary ordinance sent to the Board was based on a 15% increase across the board. There may be some injustices or inequities, but they are minor.

This could have been put into effect simply upon the Mayor's word, but since the communication was directed to the Mayor, Civil Service Commission and the Board of Supervisors, it was believed better to have legislation enacted by the Board.

Mayor Shelley urged the Board to adopt the salary ordinance.

Mr. Nathan Cooper, Controller, in response to inquiry of Supervisor Moscone as to additional amounts which would be necessary, replied he could not give any firm estimate, but after figuring all fringe benefits, he stated it was his belief that it would amount to a little bit in excess of \$1,300,000.

Mayor Shelley stated that if necessary he would continue to bring this matter up as a continuing emergency until he was satisfied that all of the problems had been met. In response to questions by Supervisor Moscone, Mr. Cooper replied that he intended to refuse to pay the increases that are granted by this ordinance and he would report his reasons therefore in written communication to the Board. He stated that in his own opinion he was not certain that an actual emergency existed; also he was not qualified to determine that the patients in San Francisco General Hospital were not receiving proper care.

Mr. Bernard Ward, Deputy City Attorney, stated that upon passage of the Ordinance, the Controller would be under the responsibility of paying the rates set forth therein; under the charter he has the duty to see that all rates to be paid are legally payable. He has independent judgment in this matter.

Mayor Shelley stated that if the Controller did not certify the payrolls, he would then request the City Attorney to seek a writ of mandate compelling the Controller to approve the payrolls.

Supervisor Blake, seconded by Supervisor Moscone, moved suspension of the rules to permit Mr. George Johns and John Jeffrey the privilege of the floor.

No objection and motion carried.

Mr. Johns and Mr. Jeffrey reviewed the events which had taken place in this matter and they both stated that it was their belief that

the differentials were to be maintained. That failure to maintain the differentials would cause inequities in the higher classifications. They stated that the nurses were not satisfied with the agreement and that they were not going to accept it.

Supervisor Blake moved that the Board recess until 2:00 p.m. tomorrow.

Motion lost for want of a second.

Supervisor Morrison, seconded by Supervisor Blake, moved that the Board recess for one half hour. No objection and motion carried.

Recess.

The Board at the hour of twelve midnight recessed for one half hour.

Reconvening of the Board.

Final Passage.

The following measures submitted to the Board pursuant to the emergency provisions of Section 25 of the Charter were taken up:

Appropriating \$1,300,000 for permanent salaries, overtime, holiday pay, sick leave replacement, temporary salaries, medical service and care and retirement allowances, Department of Public Health; an emergency measure.

File No. 64-66-3, Ordinance No. 221-66.

Supervisor Morrison, seconded by Supervisor Moscone, moved final passage.

Finally passed by the following vote:

The following presented by the Clerk was taken up:

Disapproving decision of the City Planning Commission by its Resolution No. 6015 dated July 7, 1966, denying application for conditional use of certain property located in Lakeshore Plaza, bounded by Sloat Boulevard, Ocean Avenue, Clearfield and Everglade Drives.

File No. 404-66-2, Resolution No. 601-66.

The file contains on page 23 of the minutes of the City Planning Commission meeting of July 7, 1966, a statement by the representative of the Lakeshore Park and Country Club Acres Improvement Club that a majority of the Club membership had voted not to oppose issuance of a conditional use authorization for automobile parking on the R-3 unimproved strips parallel to and adjacent to Clearfield and Everglade Drives if a list of 20 conditions are met. A detailed discussion of these proposed conditions ensued.

Motion to Recess.

Supervisor McCarthy, seconded by Supervisor Boas, moved that the Board recess until a later time this week so that the interested parties and the City Attorney might work together to draft specific language for conditions to be required of the applicant.

The Clerk advised the Board that once a hearing on appeal from a decision of the City Planning Commission is commenced, a decision thereupon becomes incumbent upon the Board. If the Board should recess and a full membership not be present at the recessed meeting and a decision be further postponed, the decision of the City Planning Commission would prevail.

Supervisor McCarthy, seconded by Supervisor Francois, thereupon withdrew his previous motion and moved instead that the Board recess on this matter until 9:00 p.m. tonight during which time proposed conditions can be prepared.

Supervisor Blake, seconded by Supervisor Boas, moved as an amendment to the pending motion that the Board recess at this time on all calendar items until 9:00 p.m. tonight during which time proposed conditions can be prepared.

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—10.

Noes: Supervisor McCarthy—1.

Charter amendment—Amending Sections 38 and 38.01 relative to inspection services performed by the Bureau of Fire Prevention and Public Safety; consolidation of permit processes; and establishment of method of fixing rates of compensation for officers and members of said bureau.

File No. 359-66.

Supervisor Francois inquired if the order in which proposed Charter amendments are enacted determine their place on the ballot. Chief Administrative Officer Mellon advised that the wishes of the Board will be taken into consideration in placing measures on the ballot.

Dr. Robert Grosso, President of the Fire Commission, advised that the Commission had reservations about the wisdom and workability of the subject proposal; however, in view of the overwhelming support it has received, the Commission will not actively oppose it. He said the Fire Commission did not take formal action on this proposal.

The following recommendation of Legislative and Personnel Committee, heretofore considered, was taken up:

Charter amendment—Adding Section 46.5, creating a Palace of Fine Arts Commission.

File No. 190-66.

Explanations of Votes.

Supervisor McCarthy stated that he would vote against the proposal, not because he questioned the enthusiasm and sincerity of the persons who want to see the Palace of Fine Arts put to good use, but because he thinks the City is not coming to grips with the problems of coordinating those facilities in the City used for a variety of visual and performing arts. Commissions now in existence should be examined. No one is really trying to find space for a repertory theatre or trying to fill deficiencies of other types. Creation of another Commission will only add to the problems.

Supervisor Boas stated that he agreed with Supervisor McCarthy and would, therefore, vote "no."

Motion to Amend.

Supervisor Moscone, seconded by Supervisor Morrison, moved amendment of the legislation as follows: On Line 10, after "be ex officio members" DELETE "." and ADD "; five of said members need not be residents of the City and County of San Francisco."

Supervisor Francisco urged a "no" vote on the amendment, saying it would open the door to absentee rule.

Supervisor Moscone explained that the objective was to have the building operate as a regional center for the arts.

Motion to amend adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, McCarthy, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—10.

Noes: Supervisor Francois—1.

Supervisor Morrison stated that he had talked with members of the City's Task Force about this proposed delay, and they had agreed that one week's delay would be justifiable under the circumstances outlined by Mr. Falk.

Presentation of Guests.

The Chair introduced members of the Coro Foundation Twenty-First Annual Internship in Public Affairs in San Francisco who will be in training in City and County Government until June 9, 1967.

Adopted as Amended.

The following recommendation of Planning and Development Committee, heretofore considered and temporarily postponed, was taken up:

Accepting and approving City Planning Commission's recommendation as set forth in its Resolution No. 5996 for sidewalk design on Market Street and improvement of said street in consonance therewith.

File No. 137-66-5, Resolution No. 663-66.

Supervisor von Beroldingen presented a report on the Committee recommendation, a copy of which is contained in the file.

Peter Kitchell, representing John Carl Warnecke and Associates, showed slides depicting various plans for Market Street street and sidewalk widths and uses. In response to questions by Supervisor Morrison, Mr. Kitchell stated that his organization favors Plan 4A as being more flexible in giving the best ultimate use of the street.

Supervisor Morrison stated that it should be very clear that the Board favors 35-foot sidewalks reduced in some places to 26 feet, so

that it cannot be said in the future that the Board is on record as favoring 26-foot sidewalks.

Supervisor von Beroldingen presented substitute pages 2 and 3 of the resolution with revised wording to clarify the point made by Supervisor Morrison.

In response to a question by Supervisor von Beroldingen with respect to the possibility of increased surface transit, James K. Carr, General Manager of Public Utilities, advised that the Department's main proposal is for use of minibuses.

Chief Administrative Officer Thomas J. Mellon spoke in support of the Committee's recommendation.

Explanation of Vote.

Supervisor McCarthy said that he favored a 30-foot sidewalk. The number of square feet covered by a 30-foot sidewalk would be within 1.1 percent of that covered by the proposed resolution and would accommodate attractive furniture, kiosks, etc., and the anticipated density of pedestrian traffic in better fashion.

The downtown business community, the Director of Traffic of the Police Department, the Drayman's Association, and United Parcel Service all oppose the Committee's recommendation.

Supervisor McCarthy continued by saying that the City does not as yet have the results of the downtown traffic and parking survey. This information will be available in October and would be invaluable in making this decision. However, if a decision must be made now, Supervisor McCarthy said, he believed a 30-foot sidewalk would give greater flexibility for the handling of vehicular and pedestrian traffic and for beautification.

Motions to Amend.

Supervisor von Beroldingen, seconded by Supervisor Blake, moved amendment of the legislation by substituting new pages 2 and 3 to clarify the Board's action.

Supervisor Morrison, seconded by Supervisor Blake, moved amendment of the amendments proposed by Supervisor von Beroldingen as follows: Page 2, Paragraph 2, Line 3 After "station areas and at" DELETE "all". Page 3, Paragraph 2, Line 7: After "subway station areas and" ADD ", where necessary" and after "at" DELETE "all", after "other points" ADD ",,".

Amendments adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—9.

Noes: Supervisor McCarthy—1.

Absent: Supervisor Casey—1.

Explanation of Vote.

Supervisor Boas stated that all those most directly affected seem to

be opposed to the subject plan and that he, himself, feels the plan is haphazard. Supervisor Boas said that usually he agrees with professional planners, but in this case there is much to be desired. The 30-foot sidewalk is at least neat and clean and seems better than the plan recommended by the Committee. Therefore, he would vote "no."

Resolution as amended adopted by the following vote:

Ayes: Supervisors Blake, Ertola, Francois, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—8.

Noes: Supervisors Boas, McCarthy—2.

Absent: Supervisor Casey—1.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Request Granted.

Report on Methods of Garbage Disposal.

Supervisor Blake called attention to an editorial in the day's press regarding the problem of garbage disposal and asking why the City has not reached some solution. He said that the present plan to build an experimental garbage incinerator seemed to him to be a waste of time, since all efforts in the past have been toward elimination of incinerators because of the air pollution problem.

Supervisor Blake recalled that he has in the past advocated compression and dumping of garbage in the ocean and advised that barges are presently being designed in San Francisco for such use in Hong

Kong. San Francisco is facing a deadline at the present time. Supervisor Blake asked for an explanation by the Chief Administrator and Director of Public Works.

Chief Administrative Officer Mellon advised that the Department of Public Works and City officials have been working on the problem and have made some progress. An application has been filed for Federal funds to build a pilot incinerator. That application will be acted upon next month. Composting and other methods of disposal have been investigated. An attempt is being made to locate other sites in the Bay Area for disposal.

Director of Public Works Myron S. Tatarian advised that litigation is presently pending concerning dumping of San Francisco's garbage in the Bay at Brisbane. The eventuality of an adverse decision should be appreciated by everyone in San Francisco.

Supervisor McCarthy requested that the Chief Administrative Officer present to the Board within two weeks a statement of possible alternative solutions to the problem of garbage disposal in the event the court decision is unfavorable to the City in the court action brought by Brisbane.

No objection and request granted.

Reference to Committee.

Supervisor Ertola presented a communication from Flora Crane Service, Inc., requesting permission to encroach upon portions of Mission, Anthony and Jessie Streets during building demolition.

Communication.

Length and Cost of Ballot Arguments.

Supervisor Morrison presented a communication from the Registrar of Voters explaining that the ballot argument authorized by Resolution No. 609-66 exceeded the 1800 words permitted by the Charter, and advising that the number and length of propositions and arguments will necessitate submission of a supplemental appropriation request.

Noted and ordered filed.

Adopted as Amended.

Supervisor Morrison thereupon presented the following:

Authorizing ballot argument favoring Proposition "B", bond issue for additions to and improvement of the Municipal transit system; and rescinding Resolution No. 609-66.

File No. 311-66-5, Resolution No. 666-66.

Supervisor Morrison, seconded by Supervisor Moscone, moved adoption.

Supervisor Blake questioned the fact that the map attached to the argument shows proposed Richmond and Sunset subways and stated that this might lead the voters to believe that these subways are part of the proposed bond issue.

In response to questions by Supervisor Morrison, Deputy City Attorney Stark advised that authorization of a shorter ballot argument would be just a technical clarification and correction and would be proper. He also advised that the Charter provides that the Board of Supervisors determines the validity of the argument and whether or not it is misleading.

Motion to Amend.

Supervisor Morrison, seconded by Supervisor Blake, moved amendment of the ballot argument as follows: At bottom of map, restore the following language: "#1, #4 and #6 will be financed by Proposition 'B'. #5 is being built by BARTD. Proposition 'B' will qualify the Muni for Federal aid to build #2 and #3" and ADD "which are not part of this bond issue."

Motion to amend adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—10.

Absent: Supervisor Casey—1.

Adopted.

The Board resumed consideration of the following recommendation of Joint Finance and Streets and Transportation Committee appearing on the Calendar under "New Business", heretofore considered and temporarily postponed:

Approving joint working agreement between the City and County, the Parking Authority, and the Recreation and Park Commission relative to leasing of property and construction of the Washington Square Parking Project, and authorizing Mayor to execute agreement.

File No. 106-66-1, Resolution No.

Supervisor McCarthy introduced as a proposed amendment to the pending measure the following proposal:

Stating intention to proceed with drafting of final working plan and appropriation of funds for the construction of a combination police station-public parking facility.

File No. 378-61-33.2.

In response to a question by Supervisor McCarthy, Deputy City Attorney Roland Henning stated that this proposal approves the plan to go ahead, and further cited a resolution of the City Planning Commission which states that it is in conformity with the Master Plan.

The Chair announced that in accordance with the legal advice of the City Attorney he was ruling that the resolution as introduced by Supervisor McCarthy is a proper amendment to the legislation and the Chair would accept it.

Supervisor Francois stated that he was appealing from the decision of the Chair.

Supervisor Blake seconded the appeal.

The Chair thereupon stated that an appeal had been taken from his decision that the proposed resolution as introduced by Supervisor McCarthy was a proper amendment to the legislation pending before the Board.

Supervisor Francois stated he was appealing from the decision of the Chair because it was his belief that the resolution should not be considered by the Board until it has been the subject of a Committee hearing; also the proposed legislation was not germane to the question before the Board.

Supervisor Tamaras advised he was basing his decision on the advice that he had received from the City Attorney.

The Chair thereupon stated that the question was as follows: "The question is, 'Shall the decision of the Chair stand as the decision of the Board?'"

Noes: Supervisors Blake, Casey, Ertola, Francois, Moscone, O'Shea—6.

Board to give his report on the events of the past week. The following is the statement of the Mayor given to the Board:

I requested this opportunity to come before your Honorable Board today to give you a brief report on the incidents that led up to my declaring a State of Emergency in the City and County of San Francisco at 1 a.m. on Wednesday, September 28.

Before getting into details, I am proud to report that all City departments and their representatives called upon to act in the emergency performed with extraordinary devotion to duty. Individuals, both in the official family and from the community at large, worked around the clock for several days during the peak of the crises.

Leaders emerged from the minority communities who had not previously been recognized. Their leadership has been tried in stress and will be vital in the future as new patterns for cooperative human relations efforts take shape.

As you all know, last Tuesday at 3:10 p.m. a 16 year old youth was fatally wounded by a police officer.

My office was immediately informed of the shooting as well as of the fact that crowds composed mostly of young people were congregating in the Hunters Point area.

I don't want to take time today on a minute by minute account of the events that followed. I will, however, briefly recount the major official actions which were taken.

SUNDAY, OCTOBER 2, 1966

Mayor orders State of Emergency ended effective 11:00 p.m. Sunday night, October 2.

In addition to the actions specifically aimed at assuring order and safeguarding lives and property, on September 28 at 10 a.m., I appointed my Deputy for Development, Mr. T. J. Kent, Jr., and Mr. Frank Quinn, director of the Human Rights Commission, to organize and work with a small committee of City, State and Federal representatives.

This committee is recommending immediate and long range programs to meet the underlying problems.

Some programs have already gone into effect. These include efforts to get jobs to the five poverty neighborhoods of the city. The need is for permanent jobs—especially for men—at prevailing wages.

The committee is also making recommendations in other fields such as education, training, recreation. These programs will be evolved with full participation by the young people as well as adults of the poverty areas.

As program develops it will be promptly reported to this Honorable Board in detail.

During these critical days, I have held meetings with representatives of Hunters Point youth, the established Negro Leadership and with similar leaders from the Spanish-speaking and Chinese-American communities.

Meetings were also held with representatives of organized labor and more than 200 major employers at the San Francisco Chamber of Commerce.

One important session held was with the director and the five neighborhood directors of the Economic Opportunity Council. This meeting brought rapport that, I am certain, will lead to a new better working relationship with the EOC.

As you know, I called upon President Johnson directly for Federal help. After several telephone conversations with the White House and Vice President Humphrey and Congressman Phillip Burton, a Federal team was dispatched. I am working with the team's chief, Mr. Dan Leuvano.

Governor Brown responded to similar requests for help immediately. His representative, Mr. William Becker, special Assistant for Human Rights, has been working closely with my Office.

In concluding, the Mayor was pleased to be able to state that by quick and determined action we avoided a repetition of what has happened in other cities. We must now look at the situation with a determination to find answers and ways to solve this problem.

In response to a request from Supervisor Tamaras to be furnished a program so that the Board might be thinking along with him, the Mayor replied that the main thing was to pull together, to cut red tape, to speed up old programs already going and to start new programs.

Supervisor Morrison asked permission to introduce a motion which stated certain conclusions of the Board and which was read by the Clerk as follows:

File No. 452-66.

IT IS HEREBY MOVED That this Board of Supervisors do hereby commend Mayor John F. Shelley for his firm yet humane and circumspet dealing with the tragic acts of violence that occurred in San Francisco last week; and

IT IS FURTHER MOVED That this Board do hereby express their concurrence with the Mayor in his program of opening up new job opportunities for minority groups and their wish to co-operate with him in the fullest measure to see that the program is carried out; and

IT IS FURTHER MOVED That this Board do hereby pledge them-

selves to work diligently and co-operatively with the Mayor, with other agencies of government, and with all persons and organizations of good will in our City to see that our ideals of equality and social justice are achieved for all, giving special attention at this critical time to the justified demands for fairness in employment, education, and housing.

Supervisor Morrison, seconded by Supervisor Tamaras, moved adoption.

Monday, October 10, 1966—2:00 p.m.

In meeting of the Board of Supervisors, San Francisco, Monday, October 10, 1966—2:00 p.m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Blake, Boas, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—10.

Absent: Supervisor Casey—1.

Quorum present.

President Peter Tamaras presiding.

Supervisor Casey excused from attendance. (See infra.)

Supervisor Casey Excused from Attendance.

The Clerk announced that Supervisor Casey had requested to be excused from attendance because of illness.

No objection and request granted.

Presentation of Guest.

The Chair introduced and welcomed Gail Mordasini, a student of the University of San Francisco, who will reign as Queen Isabella over the Columbus Day celebration.

Consideration Continued.

The following resolution, disapproved by his Honor, the Mayor, was presented by the Clerk:

Approving joint working agreement between the City and County, the Parking Authority, and the Recreation and Park Commission relative to leasing of property and construction of the Washington Square Parking Project, and authorizing Mayor to execute agreement.

File No. 106-66-1, Resolution No.

The Clerk read a communication from his Honor, the Mayor, stating his reasons for disapproving the proposed legislation and expressing the hope that an alternative and superior answer to the problem of parking in the North Beach area can be found.

Refused Adoption.

Motion to Continue Consideration.

Supervisor Ertola, seconded by Supervisor Blake, moved that consideration be continued to October 31, 1966.

Supervisor Moscone spoke against setting a day certain for consideration. He expressed the hope that the sponsors of a parking site on Vallejo Street will be able to furnish more facts and figures before the deadline for Board action on the Mayor's veto. Supervisor Moscone stated that he would not want to be precluded from bringing up the question prior to October 31 if such action appeared desirable.

Supervisor Francois stated that he would vote "no" on the motion for the same reasons as advanced by Supervisor Moscone.

Motion to continue consideration refused adoption by the following vote:

Ayes: Supervisors Blake, Ertola—2.

Noes: Supervisors Boas, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—8.

Absent: Supervisor Casey—1.

Motion to Reconsider.

Supervisor Morrison, seconded by Supervisor McCarthy, moved that the Board reconsider the subject legislation.

Adopted.

Motion to Continue Consideration.

Supervisor Francois, seconded by Supervisor Moscone, moved, as an amendment to the pending motion, that consideration be continued to October 31.

Supervisor McCarthy requested a ruling as to the propriety of the amendment. The Chair advised that such an amendment is proper. If the motion as amended is defeated, the motion to reconsider would be before the Board for action.

Ruled Out of Order.

Proposed Amendment to Motion to Reconsider.

Supervisor Moscone, seconded by Supervisor Blake, moved as an amendment to the pending motion that the Joint Finance and Streets and Transportation Committee conduct a hearing on File No. 378-61-33.2, proposed resolution stating the intention to proceed with drafting of final working plan and appropriation of funds for the construction

of a combination police station-public parking facility on Vallejo Street in the North Beach area, and present to the full Board on October 31, 1966, its findings and recommendations thereon, along with any other recommendations which may be submitted to the Committee.

Supervisor Morrison raised a point of order by questioning whether the amendment as proposed by Supervisor Moscone was in order. The Chair ruled that the proposed amendment was out of order.

Decision Upheld.

Appeal from Decision of the Chair.

Supervisor Moscone appealed from the decision of the Chair, stating that if the matter of the Vallejo Street site was germane to the question last week—as the Chair had then ruled—it was germane at this time. Appeal seconded by Supervisor Blake.

The Chair stated that the question before the Board was, "Shall the decision of the Chair stand as the decision of the Board?"

Decision of the Chair upheld by the following vote:

Ayes: Supervisors Boas, McCarthy, Morrison, Tamaras, von Beroldingen—5.

Noes: Supervisors Blake, Ertola, Francois, Moscone, O'Shea—5.

Absent: Supervisor Casey—1.

The Board thereupon resumed consideration of Supervisor Francois' motion that consideration be continued to October 31, 1966.

Supervisor Blake urged that consideration be continued for attendance by the full Board.

President Tamaras explained that he would vote in favor of continuance because—even though he opposes the Washington Square site for a public parking facility—a full Board is not present and because a pledge was made by Supervisor Ertola that the intervening time would be used to study alternative solutions to the parking problem.

Motion to continue consideration adopted by the following vote:

Ayes: Supervisors Blake, Ertola, Francois, Moscone, O'Shea, Tamaras—6.

Noes: Supervisors Boas, McCarthy, Morrison, von Beroldingen—4.

Absent: Supervisor Casey—1.

Consideration Continued.

There being no objection, at the request of Supervisor Boas, the following from Finance Committee without recommendation, appearing on the calendar under "New Business" was taken up out of order:

Approving undertaking of surveys and plans for an urban renewal project to be known as Mission Street Survey Area, and approving filing of an application with the United States for an advance of funds.

File No. 148-66-3, Resolution No.

Refused Adoption.**Motion to Continue Consideration.**

Supervisor Morrison, seconded by Supervisor Francois, moved that consideration be continued one week.

Supervisor Morrison explained that during a meeting in the Mayor's office October 7, a proposal was made that the resolution stating the conclusions of the Board be amended to provide that at the end of the planning period the Redevelopment Agency submit the proposed renewal plan to the Mission Council on Redevelopment for review, report, and recommendation, after which the Redevelopment Agency would have the option of amending the plan, deciding not to proceed further, or proceeding to the Board of Supervisors. The Mission Council representatives expressed a desire to present this proposal to its membership for a vote.

Supervisor Morrison said that every reasonable means of compromise should be exhausted; perhaps the result would be united community support of the renewal plan. At all events the Board of Supervisors should continue its consideration until after the Mission Council has had an opportunity to consider and vote on the proposed compromise.

Supervisor Boas urged a "no" vote on the motion to continue. He stated that there is nothing further to be gained by postponement. The Redevelopment Agency and groups representing the Mission District residents have been in contact over a long period of time. Practically all the testimony before the Committee was negative except for improvement of the commercial strip. Opponents have asked for veto power over the plan and for funds to pay for hiring of professionals; the Redevelopment Agency has opposed this.

Supervisor Blake spoke against continuance, stating that many interested persons are present today and it is unfair to ask them to return. He stated that he intends to vote against the legislation because, even though portions of the district do need improvement, in his opinion such improvements should be left in the hands of private property owners.

Supervisor Ertola stated that he agreed with the views of Supervisor Boas and added that when such a large sum of money is spent for a planning survey there is reluctance not to proceed with implementation of the resulting plan.

Supervisor McCarthy stated that he favored continuance. He said he has been contacted by many persons on this question and feels he should be able to discuss the proposal with some of these people before making a decision.

Motion to continue refused adoption by the following vote:

Ayes: Supervisors Francois, McCarthy, Morrison, Tamaras—4.

Noes: Supervisors Blake, Boas, Ertola, Moscone, O'Shea, von Beroldingen—6.

Absent: Supervisor Casey—1.

Withdrawn.**Motion to Adopt.**

Supervisor Morrison, seconded by Supervisor Francois, moved adoption.

M. Justin Herman, Executive Director of the Redevelopment Agency, reviewed the history of the Board's action and the Agency's activities in compliance therewith.

Refused Adoption.**Motion to Suspend Rules of Order.**

Supervisor Moscone, seconded by Supervisor Boas, moved that the Board suspend the rules of order for the purpose of permitting two representatives of the Mission Council for Redevelopment to speak for fifteen minutes, addressing themselves to some of the conflicting statements made as to the Council's position.

Motion refused adoption by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—9.

Noes: Supervisor Blake—1.

Absent: Supervisor Casey—1.

Supervisor Francois urged that consideration be continued for the purpose of attempting to work out differences of opinion and meet the needs of the residents. He stated that if this legislation is not adopted, the residents will have no opportunity to express their needs and desires with respect to the changes that will come about and, in his opinion, there will be many regrets.

Adopted.**Motion to Continue Consideration.**

Supervisor Morrison stated that it had appeared to him at the meeting of October 7 that agreement between the Mission Council and the Agency was close and that it would not serve the interests of anyone to act today. Therefore, Supervisor Morrison withdrew his motion to adopt, and, seconded by Supervisor Francois, renewed his motion that consideration be continued one week.

Motion to continue consideration adopted by the following vote:

Ayes: Supervisors Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—6.

Noes: Supervisors Blake, Boas, Ertola, Moscone—4.

Absent: Supervisor Casey—1.

Consideration Continued.

Stating certain conclusions of the Board regarding Mission District renewal and requesting the Redevelopment Agency to adopt those conclusions.

File No. 148-66-3.1, Resolution No.

Supervisor Morrison, seconded by Supervisor Francois, moved that consideration be continued one week.

Motion adopted by the following vote:

Ayes: Supervisors Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—6.

Noes: Supervisors Blake, Boas, Ertola, Moscone—4.

Absent: Supervisor Casey—1.

Reference to Committee.

There being no objection, on request of Supervisor Morrison, the following recommendation of Finance Committee appearing on the calendar under "New Business" was taken up:

Requesting Mayor to arrange conference with President of the United States for consideration of rent supplement program, various Federal grants, and Federal works and Civilian Conservation Corps program, and grant of funds for evaluation of redevelopment proposals by neighborhood groups.

File No. 454-66, Resolution No.

Supervisor Morrison, seconded by Supervisor Francois, moved referral to Finance Committee. He explained that President Johnson will not be available to meet with representatives of the City and County within the next several weeks. Re-referral will permit the Finance Committee to discuss the proposal further with the Mayor with a view to possible amendment and report back to the Board.

No objection and motion carried.

Passage for Second Reading.

There being no objection, on request of Supervisor McCarthy, the following recommendation of Planning and Development Committee appearing on the calendar under "New Business" was taken up out of order:

Approving joint working agreement between the City and County and the Redevelopment Agency in connection with the development and construction of Phase 1-A of Ferry Park within the Embarcadero-Lower Market Approved Redevelopment Project Area E-1.

File No. 73-66-2, Ordinance No.

Passed for second reading by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—10.

Absent: Supervisor Casey—1.

Passage for Second Reading as Amended.

There being no objection, on request of Supervisor McCarthy, the

following recommendation of Social Services Committee, appearing on the calendar under "New Business" was taken up out of order:

Amending the Administrative Code by adding Chapter 12B thereto, requiring nondiscriminatory employment provisions in all City contracts; authorizing Human Rights Commission to hold hearings; prescribing the powers and duties thereof; and establishing a committee to implement an affirmative nondiscrimination program.

File No. 188-66, Ordinance No.

Adopted.

Motions to Amend.

Supervisor McCarthy, seconded by Supervisor O'Shea, moved amendment as follows: In Section 12B.3, Line 3, after "hereof" ADD "." and DELETE all subsequent language in that section.

No objection and motion carried.

Supervisor Moscone, seconded by Supervisor Francois, moved amendment as follows: In Section 12B.2, Paragraph (g) Line 1, DELETE "willful violation" and ADD "breach".

No objection and motion carried.

Refused Adoption.

Motion to Amend.

Supervisor Francois, seconded by Supervisor Morrison, moved that all of Section 12B.5 be deleted.

In response to questions, Human Rights Commissioner Robert S. Lauter stated that in his opinion neither the Board of Supervisors nor any other City agency has a legal right to interfere with private contracts. The only area where the City could interfere with collective bargaining agreements at this time—and this is questionable—is in the area of discrimination. Much law is presently being developed at the Federal level, but this is now only in the preliminary stages. Under Section 12B.5 the City has agreed to hold off action against any existing bargaining agreement on the reliance on the good faith of labor. This section was included at the request of labor.

Adopted.

Motion to Suspend Rules.

Supervisor Francois, seconded by Supervisor Moscone, moved that the rules of order be suspended for the purpose of hearing from Mr. George Johns, Secretary of the San Francisco Labor Council.

No objection and motion carried.

George Johns stated that in this instance he is representing the labor movement rather than the San Francisco Labor Council. Mr. Johns stated that collective bargaining is going on all the time. Labor believes that the Board should enact an ordinance. On the principle, there is no disagreement; on actual language there are problems. The com-

plexities of the labor market and the labor movement do not make possible quick solutions to existing problems.

Motion to amend by deleting Section 12B.5 refused adoption by the following vote:

Ayes: Supervisors Francois, Morrison—2.

Noes: Supervisors Blake, Boas, Ertola, McCarthy, Moscone, O'Shea, Tamaras, von Beroldingen—8.

Absent: Supervisor Casey—1.

Adopted.

Motion to Amend.

Supervisor Francois, seconded by Supervisor McCarthy, moved amendment as follows: in Section 12B.2, Paragraph (e) (6), Line 4, after "any person shall fail" ADD "or refuse".

No objection and motion carried.

George Johns suggested that the Board consider amendment of Section 12B.5 by deleting therefrom the following language: "Until and unless otherwise required by the affirmative action nondiscrimination program provided for herein and the implementation thereof by amendment to this ordinance as provided in Section 12B.4 hereof,".

Mr. H. Leroy Cannon, Deputy City Attorney, recommended against such amendment, since the entire sense of the provision would be changed thereby.

Passed for second reading as amended by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—10.

Absent: Supervisor Casey—1.

The Board thereupon resumed consideration of Calendar items in the order set forth therein.

Supervisor Blake, seconded by Supervisor Ertola, moved re-reference to State and National Affairs Committee.

Refused Adoption.

Motion to Sit as Committee of the Whole.

Supervisor McCarthy stated that in his opinion it was important that whoever represented the City and County should be prepared to make some expression on October 13 of the Board of Supervisors' reservations about the method of election of representatives and the nature or source of taxation.

Supervisor McCarthy, seconded by Supervisor von Beroldingen, moved, as an amendment to the pending motion, that the Board sit as a Committee of the Whole to consider the subject report.

T. J. Kent, Jr., Deputy for Development, Office of the Mayor, suggested that another committee hearing might be advisable in order that representatives of other counties might be heard before a report is made to the full Board.

In response to a question by Supervisor Ertola, Supervisor Blake requested that the Clerk invite the Assessor and Controller to be present at any future committee hearings.

Mayor Shelley stated that in his opinion some type of regional control is essential. He said that he could not agree at this time with everything contained in the report of the Goals and Organization Committee, and for that reason he would not want to see any precipitous action by the Board of Supervisors. No action is necessary before November 4, and perhaps not even then. The Board should get facts, figures, and opinions from other City departments before taking any position.

Supervisor McCarthy, seconded by Supervisor Morrison, moved as amendment to his pending amended motion, that the Board of Supervisors meet as a Committee of the Whole on this matter on October 24 as a special order of business at an hour to be designated by the President of the Board, and that departmental representatives and representatives of the community be furnished with copies of the Goals and Organization Committee report and be requested to testify before the Board.

Supervisor Ertola urged a "no" vote on the motion as amended, stating that discussion could be handled in a more orderly fashion in committee.

Supervisor Francois stated that he was inclined to agree that the question should be heard in committee; he also agreed that the Board should have reports from City departments.

Motion to sit as Committee of the Whole refused adoption by the following vote:

Ayes: Supervisors Boas, McCarthy, Morrison, O'Shea, von Beroldingen—5.

Noes: Supervisors Blake, Ertola, Francois, Moscone, Tamaras—5

Absent: Supervisor Casey—1.

Supervisor Blake, Chairman of State and National Affairs Committee, said that he would do so and that he thought the suggestion that interested departments and individuals be furnished with copies of the report was a good suggestion and he would see that this was done.

Supervisor O'Shea called the Board's attention to the fact that today marked the fiftieth anniversary of the dedication of the Chambers of the Board.

Recruitment of Employment for Unskilled Workers.

Supervisor McCarthy stated that it has been brought to his attention by members of the Mission Area Community Action Program that young men in that district—and probably in other areas of the city also—are in as great need of assistance in locating employment as those in the Hunters Point District, for whom so much effort is being made at the present time.

Supervisor McCarthy asked that letters be written to the mayor, the Civil Service Commission, and the Human Rights Commission asking for suggestions as to how the City might better coordinate efforts being undertaken by the government and private sectors of the community to find more employment opportunities for unskilled workers.

No objection and request granted.

Adopted.

The Clerk presented a communication from the State Board of Equalization granting an extension of time to October 28, 1966, for the Board of Supervisors to sit as a County Board of Equalization for the purpose of considering three applications for reduction in penal assessments made during the month of August, 1966.

Supervisor Ertola, seconded by Supervisor Francois, moved that the Board sit as a County Board of Equalization on October 24, 1966, as a Special Order at 2:00 p.m.

No objection and motion carried.

SPECIAL ORDER—2:00 P.M.

Report by Bay Area Rapid Transit District and Mayor's Technical Advisory Committee on current plans for Market Street rapid transit stations.

File No. 137-66.

William Stokes, General Manager of the Bay Area Rapid Transit District, advised that last year there was presented to the Board the beginning of design work on the Powell Street and Market Street rapid transit stations. Since then the plans have been modified, changed, and improved in concert with the City's task force. The plans which will be discussed today have been approved by the District's Board of Directors Architectural Review Committee.

John Weese, representing Skidmore, Owings and Merrill, discussed the present design of the stations and the reasons for the decision not to utilize a free-span concept for the mezzanine levels without interior columns. A copy of Mr. Weese's presentation and a copy of drawings submitted to Board members are contained in the file.

Thomas R. Keesel, Assistant Manager of Engineering, Parsons, Brinkerhoff, Tudor and Bechtel, stated that the concept of a clear-span design was the invention of the engineers, not that of the architects. The clear-span concept was found appropriate for single level stations in Berkeley and at Sixteenth and Twenty-Fourth Streets in San Francisco. In the downtown area where the stations are surrounded by tall buildings which must be protected during construction and where the station reaches seventy feet below the street surface, the cost of a clear span would be very high.

Mr. Keesel said that it will be difficult enough to construct under Market Street. The District is concerned that if contractors are required to bid on a clear-span design, there may be no competition and costs could easily be doubled. The cost of a project cannot be separated from the reality of having to build it.

Edward J. Murphy, Project Manager of the City's Task Force, advised that the Mayor's Technical Advisory Committee had considered a report of the City's design consultants on the changes in design, and as a result, passed a motion stating that it is the opinion of the Committee that the present design plans for mezzanines at the Montgomery Street and Powell Street stations as currently proposed by BARTD architects are unacceptable. This finding was reaffirmed last week after further consultation with the District.

Mario Ciampi, representing John Carl Warnecke and his associates, stated that certain compromises obviously must be made when an architect is confronted with financial limitations. It is these compromises that concern the design consultants. The Powell Street and Montgomery Street stations are the principal stations for the entire transit operation. Perhaps something could be done to gain space and structural elegance and refinement. The design consultants find these characteristics lacking in the present design.

In response to questions by Supervisors Morrison and Moscone, Mr. Murphy stated that, in the judgment of the City's people, any additional cost would be justified to achieve a clear-span design for these two major stations. The District should reallocate their finances to make this possible. He expressed the hope that this might be agreed upon through further negotiation. If it is the judgment of the Board that the present design is unacceptable, the District should be so instructed and the Advisory Committee will proceed from that.

Adopted.

Motion finding that the center-column design for mezzanines at the Powell Street and Montgomery Street stations is not acceptable.

Supervisor Moscone, seconded by Supervisor Francois, moved that the Board adopt a motion finding that the center-column design for mezzanines at the Powell Street and Montgomery Street stations is not acceptable and that the Bay Area Rapid Transit District be so notified by letter.

In response to a question by Supervisor Blake, Mr. Murphy advised that the Technical Advisory Committee's recommendation is supported by Mayor Shelley and that the Board would be furnished with a written statement of this position signed either by the Mayor or by Mr. Murphy.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—10.

Absent: Supervisor McCarthy—1.

Motions to Continue Consideration.

Supervisor Blake said that he had received requests from property owners in the area for postponement so that they might attempt to resolve their problems. Supervisor Blake, seconded by Supervisor Morrison, moved that consideration be continued one week.

Supervisor Boas informed the Board that he would be absent from Board meetings the following two Mondays.

Supervisor Ertola, in view of the fact that Supervisor McCarthy had left the meeting and Supervisor Boas would be absent for two weeks, moved as an amendment to the pending motion that consideration be continued to November 14, 1966.

The following recommendation of Governmental Services Committee was taken up:

Amending the Building Code by amending Section 401 thereof and adding Sections 401.1, 401.2 and 401.3 thereto, eliminating portions of Fillmore Street from "fire limits."

Passed for second reading by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Francois, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—9.

Absent: Supervisors Blake, McCarthy—2.

Request Granted.

Review of Fire Limits.

Supervisor Moscone commented that it appeared that existing fire limits might hinder rehabilitation of structures in the Western Addition and other areas. Perhaps it would serve the best interests of the City if a review were made of areas within the fire limit, particularly South of Market and perhaps in the Mission District, where the rule is that an owner is prohibited from rehabilitating a building if it is of wood frame construction if the cost of rehabilitation exceeds assessed valuation.

In the hope that private rehabilitation of structures might be stimulated, Supervisor Moscone requested that a letter be sent over his signature to the Department of Public Works asking for a review and report of existing fire limits to see what other areas might be removed therefrom, keeping in mind the safety of the citizens and the insurance rates.

No objection and request granted.

Adopted.

Passage for Second Reading as Amended.

Amending the Police Code by adding Section 657 thereto and amending Section 1550 thereof, prohibiting the unauthorized removal of shopping carts.

File No. 384-65, Ordinance No.

Motion to Amend.

Supervisor Moscone, seconded by Supervisor Francois, moved amendment as follows: In Section 657, Line 7, after "temporarily using the same," ADD "or for any purpose whatsoever,".

No objection and motion carried.

In response to a question by Supervisor Moscone, Sgt. True of the Police Department recommended that the provision for arrest be retained since removal of the provision would put an enforcing police officer in an untenable position if a party involved refused to sign a citation.

Supervisor Blake explained that he would vote against the proposed legislation since its enactment would be of assistance to a limited number of citizens. He said he would prefer to see the police force strengthened in other more general areas of police protection or traffic control.

Passed for second reading as amended by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—10.

Noes: Supervisor Blake—1.

Reference to Committee.

The Board thereupon resumed consideration of the following from Finance Committee without recommendation, heretofore considered and temporarily postponed:

There being no objection, on motion of Supervisor Francois, the following was taken up out of order:

Substitute Resolution Referred to Committee.

Stating certain conclusions of the Board regarding Mission District renewal and requesting the Redevelopment Agency to adopt those conclusions.

File No. 148-66-3.1, Resolution No.

Motion to Table First Draft.

Supervisor Morrison, seconded by Supervisor Francois, moved that the draft of the proposed resolution presently before the Board be tabled.

No objection and motion carried.

Motion to Adopt Substitute Resolution (Second Draft).

Supervisor Morrison, seconded by Supervisor Francois, moved adoption of substitute resolution, second draft, dated October 14, 1966.

Supervisor Blake opposed adoption on the ground that there has been no opportunity for discussion by the community of the substitute resolution.

Supervisor Morrison stated that the substitute resolution covers the same general ground as the resolution which was reported out by the Committee and which has had wide discussion. He reviewed the history of the urban renewal project and emphasized that the project is still in the planning stage and may be halted at any time if the plan proves to be unrealistic. If City officials are really interested in showing concern for the people of the Mission District, planning must begin now for a program that will permit the people there to remain and to improve the neighborhood.

Supervisor Francois said that there has been more participation by the neighborhood in this plan than in any previous plans. Every proposal of the residents has been met except on the question of granting veto power to the Mission Council on Redevelopment. The Board has been told by its legal advisors and by representatives of the Federal Government that such power cannot be granted. Supervisor Francois said that he is appalled that some citizens would consistently advocate that the Board take an illegal action in this respect.

Motion to Refer to Committee.

Supervisor Blake moved that the substitute resolution designated as a second draft dated October 14, 1966, be referred to Finance Committee and that the Committee conduct a study of a spot redevelopment program for the area. Motion seconded by Supervisor Casey.

Supervisor Boas opposed the motion, stating that nothing meaningful can come out of further committee consideration.

Motion to refer substitute resolution to Finance Committee adopted by the following vote:

Ayes: Supervisors Blake, Casey, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—8.

Noes: Supervisors Boas, Ertola, Moscone—3.

Reference to Committee.

Approving undertaking of surveys and plans for an urban renewal project to be known as Mission Street Survey Area, and approving filing of an application with the United States for an advance in funds.

File No. 148-66-3, Resolution No.

Supervisor Blake, seconded by Supervisor Casey, moved referral to Finance Committee.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Casey, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—8.

Noes: Supervisors Boas, Ertola, Moscone—3.

Legal Opinions re proposed urban renewal in the Mission District.

In response to a question by Supervisor Francois, Supervisor McCarthy stated that he had received a legal opinion from the City Attorney advising that it is not legally possible to require that any plan which does not meet the approval of the Mission Council of Redevelopment be approved by the Board of Supervisors by a two-third vote of its members.

Deputy City Attorney Roland Henning concurred in Supervisor McCarthy's statement, advising that the State Community Redevelopment Law is very clear and that the Board acts as a state agency in matters in redevelopment.

In response to a question by Supervisor Boas, Deputy City Attorney Roland Henning advised that the Finance Committee may consider spot redevelopment of the Mission District; however, at the present time there is no development plan before the Committee.

The Board thereupon resumed consideration of Calendar items in the order set forth therein.

Reference to Committee.

Amending the Police Code by adding Section 1022 thereto and amending Sections 1023 to 1027, inclusive, thereof, relating to the licensing and regulation of dances and dance halls; and repealing Sections 558 and 559 thereof, prohibiting visiting of dance halls by minors.

File No. 427-66, Ordinance No.

Supervisor Ertola stated that representatives of various P.T.A. groups and of parochial schools had requested that they be given an opportunity to review the legislation and present their ideas and comments to the Committee.

Supervisor Ertola, seconded by Supervisor von Beroldingen, moved re-referral to Fire, Safety and Police Committee.

SPECIAL ORDER—2:00 P.M.

Objection Heard.

Mr. Keith G. Eichman, 1907 Castro Street, owner of property on Lot 32, Block 6590, asked that the assessment on his property be reduced. He has expended almost \$1,000 on improving his property and felt that this assessment for \$700 was too high.

Disapproval Sustained.**SPECIAL ORDER—2:00 P.M.****Consideration of Mayor's Disapproval.**

Approving joint working agreement between the City and County, the Parking Authority, and the Recreation and Park Commission relative to leasing of property and the construction of the proposed Washington Square Off-Street Parking Facility.

File No. 106-66-1, Resolution No.

Supervisor Blake urged a vote to override the veto. The garage under Washington Square is a vital necessity for the growth of the North Beach area. Parking is at a premium at all times and the construction of the garage would help to solve the parking problem.

Supervisor Moscone also spoke and urged a vote for the garage. He asked Supervisor Morrison if the Finance Committee has anything pending that would alleviate the parking situation in the North Beach area.

Supervisor Morrison stated that the committee has pending the proposal from the Redevelopment Agency for an Italian Cultural Center.

Request Granted.

Supervisor Francois asked that a letter be written to the Mayor asking that the various proposals for the North Beach area (Italian Cultural Center, Police Station, Emergency Hospital, garage, etc.), be coordinated with the Parking Authority, Redevelopment Agency, Police Department, Department of Public Health, Department of Public Works, merchants and residents to bring about a workable plan that would be agreeable to all.

No objection and Clerk directed to comply.

Explanation of Vote.

The Clerk explained that an Aye vote would override the Mayor's disapproval and it would require eight "Aye" votes to override Mayor's disapproval.

Thereupon the roll was called and the Mayor's disapproval was *sustained* by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Francois, Moscone, O'Shea—6.

Noes: Supervisors McCarthy, Morrison, Tamaras, von Beroldingen—4.

Noes: Supervisors Blake, Casey, Ertola, Francois, O'Shea, Tamaras, von Beroldingen—7.

Supervisor Moscone stated that in his opinion it is much more desirable to seek to prevent an act by the imposition of prohibitions which are reasonable, rather than by taxation.

Supervisor Moscone, seconded by Supervisor Ertola, moved re-referral to Finance Committee for exploration of means of imposing some prohibitions against long-term parking rather than simply increasing rates.

Supervisor Francois asked, if the legislation is re-referred to Committee, that the Clerk arrange to give notice of the Committee hearing to the holders of monthly parking stalls, possibly by the posting of notice in the garage.

Committee Report.

Contracts between the Redevelopment Agency and real estate firms for negotiating purchase of property in Western Addition Redevelopment Project Area A-2, and in Yerba Buena Redevelopment Project Area D-1.

Supervisor Morrison reported that, as the result of press accounts questioning the advisability and propriety of Redevelopment Agency methods of negotiating for purchase of property, the Finance Committee had invited Mr. M. Justin Herman, Executive Director of the Redevelopment Agency, to discuss the matter with the Committee.

The Finance Committee recommends no action to the Board. Mr. Herman had advised that the Agency and two independent appraisers and a representative of the Federal Government agree on what is called a "concurred-in price." Then the Agency employs real estate negotiators to close the sale. The highest price which can be paid for the property is the "concurred-in price." If the owner will not sell at this price, the matter goes to court. This is the prevailing practice among redevelopment agencies, and the Agency is of the opinion that this is the most economical method for the Agency to use, since the number of property purchases vary greatly from year to year.

Supervisor Ertola asked Mr. Herman to supply him with the names of firms employed by the Agency in the past as real estate negotiators with whom the Agency has had good results and to verify the fact that these firms were invited to participate in the current program of property acquisition for the Western Addition and Yerba Buena Redevelopment Projects.

Motion—Method of election of Directors, Golden Gate Bridge and Highway District.

File No. 494-66.

Supervisor Moscone, seconded by Supervisor O'Shea, moved that written or oral nominations of candidates for election as Directors to represent San Francisco on the Board of Directors, Golden Gate Bridge and Highway District, be submitted to the Clerk of the Board by the close of business November 28, 1966; that a caucus of the Board be held December 19, 1966, prior to the regular Board meeting of that date for election of five Directors, Golden Gate Bridge and Highway District, vice Ben K. Lerer, term expiring November 25, 1966; Alvin F. Derre, term expiring December 24, 1966; Joseph J. Diviny, term expiring December 24, 1966; William Moskovitz, term expiring December 24, 1966; Stephan C. Leonoudakis, term expiring December 24, 1966.

Supervisor Moscone stated that the purpose of his motion was to allow time for the Supervisors to pose to candidates any questions they may have and to receive replies on which they may base their decisions.

Supervisor Ertola said he would vote against the motion since he felt any member of the Board should be able to nominate and vote for any person he feels is qualified up to the final day for election.

Supervisor Blake stated he also would vote against the motion. Each supervisor can submit names of candidates. A secret ballot is taken at the caucus and those who get the most votes are nominated. Supervisor Blake said he had no objection to Supervisors' asking candidates for statements concerning their position, but standard questionnaires on behalf of the whole Board should not be used.

Motion carried by the following vote:

Ayes: Supervisors Francois, McCarthy, Morrison, Moscone, O'Shea, Tamaras, von Beroldingen—7.

Noes: Supervisors Blake, Boas, Ertola—3.

Absent: Supervisor Casey—1.

Report on Status of Proposed Widening of Bosworth Street and O'Shaughnessy Boulevard.

In response to questions by Supervisor Moscone, Clifford Geertz, City Engineer, advised that the next contract for the widening of Bosworth Street will be let as soon as the City's agreement with the Federal Government relative to code enforcement is executed, which should be sometime next month.

With respect to the widening of O'Shaughnessy Boulevard from Elk Street past Portola Drive, the Departments of Public Works and City Planning have reached agreement and the Recreation and Park Commission has approved the preliminary plan. The next step is official recognition by the City Planning Commission that the plan is in conformity with the Master Plan. Shortly after the first of next year the Board of Supervisors will be asked to adopt a resolution finding that the public interest and necessity require these improvements.

Mr. Geertz stated that funds have already been appropriated for landscaping of O'Shaughnessy Boulevard.

Request Granted.

Request for information from candidates for positions of Director, Golden Gate Bridge and Highway District, concerning certain policy questions.

Supervisor Boas requested that the Clerk write letters for his signature to each candidate for election as Director, Golden Gate Bridge and Highway District, asking each to state his position with respect to construction of a second deck on the bridge and dissolution of the District and assumption by the State of control when the Bridge bonds are paid off.

No objection and request granted.

File No. 434-66, Resolution No. 795-66.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, von Beroldingen—9.

Absent: Supervisors Casey, Tamaras—2.

Consideration Continued.

The following recommendations of Health Committee were taken up:

Approving the May 23, 1966, statement of the Interdepartmental Committee on Water Pollution Control relative to the beneficial use of San Francisco Bay; adopting a policy of continuing the combined sewer system; recommending revisions to the tentative resolutions of the Regional Water Quality Control Board pertaining to protection of the bay and ocean.

File No. 287-66-4, Resolution No.

Supervisor Morrison stated that it seemed to him that in adopting this resolution the Board would be taking a defeatist attitude toward the problem of water pollution. He agreed that San Francisco cannot afford a separation of the sewer systems, but said that it seemed very impolitic for a major city to state as its official policy that it is resigned to continue polluting San Francisco Bay. Supervisor Morrison suggested that it would be more appropriate for the Board to adopt a resolution urging the Federal government to expand its study of the problem of water pollution and make funds available for a step-by-step solution to this national problem.

Supervisor McCarthy suggested that the following wording might be added at the end of the last paragraph of the resolution: "until Federal and State assistance make separate sewer systems economically feasible."

Supervisor von Beroldingen requested that the City Attorney check into the provisions of Title II, the Metropolitan Development section of the Federal Housing Act, to see whether or not funds are provided therein for modernization of sewer systems.

Motion to Continue Consideration.

Supervisor Morrison, seconded by Supervisor Francois, moved that consideration be continued one week for preparation of amendment.

At the request of the Director of Public Works, Supervisor Moscone, seconded by Supervisor Morrison, moved as an amendment to the pending motion that consideration be continued two weeks to December 12, 1966.

No objection, and motion to continue carried.

Passage for Second Reading.

Amending Section 11 of Ordinance No. 265-61 by extending the time to January 1, 1968, within which the owner of a building may bring it into compliance with the retroactive provisions of certain sections of the Housing Code, with specific exceptions.

File No. 198-66-2, Ordinance No.

Supervisor Moscone asked that the record reflect the fact that the legislation provides that whenever the Chief of the Bureau of Fire Prevention and Public Safety determines that a condition or conditions exist in a building constituting a fire hazard, the owner must bring his building into compliance within six months after being notified in writing to do so by the Chief; and that Captain Rist of the Fire Department testified before Committee that the Department is satisfied that this provision gives the Department sufficient latitude to protect the public at large.

Passed for second reading by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Morrison, Moscone, O'Shea, von Beroldingen—9.

Absent: Supervisors Casey, Tamaras—2.

Reaffirming San Francisco policy concerning future governmental needs of the Bay Area and instructing San Francisco delegates to the General Assembly of the Association of Bay Area Governments to support amendments to the proposal which will provide for representation on a proportional population basis in accordance with the last decennial census and legislative action to be by majority vote.

File No. 165-66-1, Resolution No. 839-66.

Motions to Amend.

Supervisor Morrison, seconded by Supervisor McCarthy, moved, as a condition of the Board's approval and as part of the instructions to San Francisco's delegates, that eighteen members of the Executive Committee shall be elected by popular election.

Upon its being pointed out by the City Attorney that such wording might be subject to misinterpretation, Supervisor Morrison, seconded by Supervisor McCarthy, moved as a substitute to the pending motion, that the last paragraph be amended to read as follows:

“RESOLVED, That the proposed legislation be amended to provide that within two years at least one-half the membership of the Executive Committee be directly elected; and be it”.

Supervisor Ertola stated that he opposed the proposed amendment because he believed the Board of Supervisors should exercise more caution with respect to the interests of the people of San Francisco. He would favor representation by Boards of Supervisors as opposed to direct election.

Motion to amend adopted by the following vote:

Ayes: Supervisors Boas, Casey, Francois, McCarthy, Morrison, Moscone, Tamaras, von Beroldingen—8.

Noes: Supervisor Ertola—1.

Absent: Supervisors Blake, O'Shea—2.

Supervisor von Beroldingen, seconded by Supervisor Ertola, moved that an additional paragraph be added reading as follows:

"FURTHER RESOLVED, That the legislation be amended so that in the exercise of eminent domain ABAG will be prohibited from taking any publicly owned property wherever located; and be it **FURTHER**".

Motion to amend adopted by the following vote:

Ayes: Supervisors Boas, Casey, Ertola, Francois, McCarthy, Morrison, Moscone, Tamaras, von Beroldingen—9.

Absent: Supervisors Blake, O'Shea—2.

Deputy City Attorney Bernard Ward suggested that the sequence of the "Resolved" paragraphs be changed by placing first the paragraph concerning method of election of Executive Committee members; then the prohibition against exercising powers of eminent domain; and last the reaffirmation of the Board's actions as set forth in Resolutions Nos. 246-66 and 748-66, amended by the inclusion of the words "and by the Board of Supervisors" after "recommended by the Goals and Organization Committee".

There being no objection, the Chair directed that these editorial changes be made in the legislation.

Explanation of Vote.

Supervisor McCarthy explained that he would vote "no" on the resolution for the following reasons: (1) All members of the governing body should be directly elected by the voters in each county; (2) there must be an elected chief executive as opposed to a city manager type of government; (3) the only source of taxation proposed now by the General Assembly is a tax on local property; no other sources are even recommended.

Supervisor McCarthy continued by saying that this new government is supposed to stop the creation of new regional instrumentalities and to absorb existing regional agencies, thus diminishing state responsibility and state cost. Therefore, it is necessary that consideration be given to joint state and local government financing.

Supervisor Ertola stated that while he favored the proposal for creation of a regional government, he would vote "no" because of the reasons advanced earlier in the discussion.

Adopted as amended by the following vote:

Ayes: Supervisors Boas, Casey, Francois, Morrison, Moscone, Tamaras, von Beroldingen—7.

Noes: Supervisors Ertola, McCarthy—2.

Absent: Supervisors Blake, O'Shea—2.

Adopted.

Supervisor Moscone continued by saying that the objective of the Vietnam peace vigil is one which without any added attractions would command widespread and sincere support from the community, but that participants in the program, who include Robert McAfee Brown, Stanford Theologian; Mark Schorer, author; Monsignor John J. Scanlon and Father Eugene Boyle of the Archdiocese of San Francisco; and Rabbi Saul White, Temple Beth Sholom, greatly increase the tremendous appeal represented by the vigil.

Supervisor Moscone directed the Clerk to submit a letter to the eminent sponsors and participants of the Vigil, expressing his unequivocal support and endorsement of their program. He invited any of his colleagues who cared to join him in signing the letter.

Passage for Second Reading.

The following recommendations of Finance Committee, heretofore considered, were taken up:

Approving agreement between the Recreation and Park Commission and John Fry for golf professional privileges at Harding Park Golf Course.

File No. 58-66-21, Ordinance No.

There being no objection, the privilege of the floor was granted to the following who opposed use of the usual invitation for and award of bids in the execution of agreements for golf professional privileges at the City's municipal golf links:

John Creasey, National Executive Secretary, Professional Golfers Association;

John Zontek, President, Northern California Section, Professional Golfers Association of America;

Ken Venturi, Hillsborough.

Deputy City Attorney Bernard Ward stated that in 1949 the City Attorney had advised the Board of Supervisors that there was no requirement that such awards be subject to competitive bidding procedure but that the Board could set down a policy that all such matters coming to the Board for ratification be subject to bid. He continued by saying that as far as he knew the Board since that time has followed the policy of requiring that the usual bidding procedure be used.

In response to a question by Supervisor Francois, Deputy City Attorney Ward indicated that his office, with additional preparation, would

be in a position to inform the Board whether or not there would be any violation of anti-trust laws if the City did not solicit bids from individuals but negotiated only through the Professional Golfers Association. Supervisor Francois stated that he would like to have such information when it was available. Deputy City Attorney Ward indicated his assent.

Request Granted.

Supervisor O'Shea requested that the Recreation and Park Commission be asked to conduct a survey to determine whether revenues from Municipal Golf courses could be increased without damaging services to players, with the suggestion that some preference be given to San Franciscans in the use of the facilities.

No objection and request granted.
